Teaching children how to manage their thoughts and words without interrupting. Louis always interrupts! All of his thoughts are very important to him, and when he has something to say, his words rumble and grumble in his tummy, they wiggle and jiggle on his tongue and then they push on his teeth, right before he ERUPTS (or interrupts). His mouth is a volcano! But when others begin to interrupt Louis, he learns how to respectfully wait for his turn to talk. My Mouth Is A Volcano takes an empathetic approach to the habit of interrupting and teaches children a witty technique to help them manage their rambunctious thoughts and words. Told from Louis' perspective, this story provides parents, teachers, and counselors with an entertaining way to teach children the value of respecting others by listening and waiting for their turn to speak.

As a teacher of literacy, you transform the lives of the children in your classroom. The Reading Minilessons Book offers short, concise, purposeful lessons with a practical application in a specific area of literacy. Each minilesson engages children in inquiry that leads to the discovery and understanding of a general principle. Growing out of the interactive read-aloud experience and linked to independent reading, teachers use many of these texts as examples from which they generalise the understanding. Each of the four types of reading minilessons (management, literary analysis, strategies and skills, and writing about reading) in The Reading Minilessons Book is organised into broad categories, or "umbrellas." An umbrella helps children develop a deeper understanding of concepts and their application. As lessons build on each other, teachers will often make an anchor chart, or visual representation, that can be referenced again and again as children encounter new texts and/or minilessons. The Fountas & Pinnell Classroom(tm) Reading Minilessons Book, Grade 4 contains 225 reading minilessons.

A fast, fun, friendship read from the Newbery-award winning author of Maniac Magee. Fourth graders are tough. They aren't afraid of spiders. They say no to their moms. They push first graders off the

swings. And they never, ever cry. Suds knows that now that he's in fourth grade, he's supposed to be a rat. But whenever he tries to act like one, something goes wrong. Can Suds's friend Joey teach him to toughen up...or will Suds remain a fourth grade wimp?

Widely recognized as a leading text in its field, this popular guide explores literacy development beginning in infancy and through fourth grade. The latest edition continues to prepare teachers to create and implement literacy-rich curricula in early childhood classrooms, while providing updates to federal legislation and highlighting the impact of state standards on educational settings. Recent technology is integrated into activities used to enhance literacy competencies. Throughout the book, the author's approach to reflective teaching empowers teachers to become effective decision makers and thoughtful mediators in children's transactions with literacy. A conceptual and theoretical foundation for describing reading and writing processes is followed by research-based descriptions of the signs of emergent literacy and developmentally appropriate instructional strategies. The emphasis on linguistic and cultural diversity includes an array of approaches for supporting English language learners. Chapter extension activities challenge readers to apply concepts through observation, research, curriculum development, and discussion. Sample observation and assessment forms assist in determining children's progress in developing literacy.
