

Becoming: Sex, Second Chances, And Figuring Out Who The Hell I Am

Jake Byrne is a musical prodigy, excelling on multiple instruments. This is his story, the tale of his background, his rise to fame, his fall from grace, and his eventual redemption, achieved with a bit of divine intervention. The story traces his path from his introduction to music at age six until he discovers the Truth and his true calling nearly fifty years later.

PRINCIPLES AND LABS FOR FITNESS AND WELLNESS, 13th Edition challenges students to meet their personal fitness and wellness goals, and perhaps teach others to do the same. Fully updated by fitness experts Hoeger and Hoeger, this text emphasizes behavior modification through sensible approaches and provides a strong focus on the practical ways students can incorporate changes into in their daily lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

If you could share one lesson from your life with every woman, what would it be? Stylist magazine has asked that question of remarkable women from the worlds of entertainment, politics, sport and fashion. With honesty, wit and a serious no-BS attitude, their lessons address the challenges every woman faces today, from climbing the career ladder and finding inner fulfilment, to forging authentic relationships and overcoming life's setbacks. Each of these impressive women, including actress Romola Garai and comedian Francesca Martinez, has a tale to tell and an experience to share. Empowering, engaging and unapologetically impassioned, their incisive observations will make you think, reflect - and kick serious ass. These are life lessons for women, by women.

*** Winner of the British Sports Book Awards 2014 New Writer of the Year ** Where there is hope there can be redemption. Meet Adrien Niyonshuti, a member of the Rwandan cycling team. Adrien was seven years old when he lost his family in the 1994 genocide that tore Rwanda apart. Almost twenty years later he has a shot at representing his country at the Olympics. Meet Jock Boyer, the coach of Team Rwanda. One of the top American cyclists of all time, Jock recognises the innate talent for endurance that the Rwandans possess. A man with a dark past, Jock is in need of a second chance. Meet Tom Ritchey, the visionary inventor of the mountain bike and the U.S. money man looking to recover from a profound personal crisis. In *The Land of Second Chances*, Tim Lewis charts the incredible true story of the Rwandan cycling team as they overcome impossible odds to inspire a nation.*

Becoming the Virgin God Intended for My Wife/Husband

Second Chances (Lessons in Love, Book 2)

Handbook of Adolescent Behavioral Problems

A Novel

SECOND THOUGHTS: SECOND CHANCES

Mark Jennings is at a crossroads. His finance job in the Atlanta nonprofit scene stresses him out, his mother is dying, and his relationship with Brian Jacobs has crashed and burned. He needs a distraction, some way to relax, and a massage seems like just the thing. He never expected his massage therapist, Antonio Roberto, to become his best friend.

Taylor Edwards family might not be that close - everyone is a little too busy and overscheduled, but for the most part, they get along just fine. Then Taylor's dad gets some devastating news, and her parents decide that the family will spend on last summer together at their old lake house in the Pcocono Mountains. Crammed into a place much smaller than they are used to, they begin to get to know each other again, but as the summer progresses they're more aware than ever that they're battling a ticking clock. And as Taylor tries to deal with the drama at home, she is faced with the fact that the friends she thought she'd left behind haven't actually gone anywhere. Her former summer best friend is still living across the lake and still as mad with Taylor as she was five years ago, and her first boyfriend has moved in next door... but he's much cuter at seventeen than he was at twelve. Can one summer be enough time to get a second chance - with family, friends, and love?

Before We Were Strangers description forthcoming from Atria Books.

"When the man Laura Jane Williams thought she would wed dumped her and married her friend, she was devastated. Empty. Drinking too much, sleeping around, refusing to put down roots. She wanted control. To grab life by the balls. To live boldly. But, she rapidly learned it wasn't that simple. Resolving that life couldn't go on as it was Laura declared a year-long vow of celibacy as she slowly put pieces of herself back together"--Back cover.

The God of Second Chances

No Second Chances

Land of Second Chances

That Second Chance

Drama High: Second Chance

Second Chances at Love

*Hailed by Heidi McLaughlin as a bestselling author who "knows how to create the men who make us swoon," L. P. Dover returns with an edgy, emotionally gripping *Second Chances* novel about a beautiful widow who can't resist a chiseled NFL player. Former nurse Summer Jacobs has seen her fair share of suffering, but she never expected tragedy*

to hit so close to home. After watching her husband die in the MMA ring, Summer spends the next two years fighting her way through the darkness. The last thing she needs is another hardheaded athlete turning her life upside down. But that's exactly what happens when she meets a gridiron star who's as skilled at stealing hearts as he is at snagging passes. Carolina Cougars wide receiver Evan Townsend usually has no problem winning fans, so he's intrigued when Summer shoots down his go-to plays for winning a woman's attention. Never one to back down from a challenge, Evan turns up the heat, setting off sparks that neither can deny. But as his slow seduction begins to chase away Summer's pain, he gets the feeling that someone is desperate to keep them apart. Now Evan will do anything to protect her—because he never misses a chance to make a perfect catch. Having met at Ithaca University as graduate students, the millennial year of 2000 soon approaching, Sydney Steinberg and Corinna Kipnis consider each other their exclusive significant other. While after graduation, Corinna takes up a position as reference librarian in her hometown library of Thompsonville, Syd hastens to finish his graduate degree in engineering. But after some irrepressible soul-searching, he decides on a radical change of course—he will, instead, attempt that more challenging career in the New York financial world he has always aspired to, which, in his estimate, will not only demand his highest level of intellectual mastery but, simultaneously, will also position him at the very cutting edge of significant decision making. This choice and the lifestyle it engenders set Corinna and Syd on deeply discordant life tracks and toward life goals that prove incompatible. In the meantime, Viktor, Corinna's father and now professor emeritus, has been summoned to California for a hospital visit with his cousin and boyhood hero, Mitchell Kipnis. Despite Mitchell's palatial Malibu home, Viktor perceives Mitchell's loneliness as a widower and retiree and convinces him that a prolonged vacation in his old hometown—Thompsonville—is just what the doctor would have ordered. Additionally, Viktor reminds Mitchell, that his son Paul, has just taken a position at Ely College in Thompsonville and would be an added companion. Mitchell consents to this transition and eventually becomes a thoroughly vibrant part of the whole Thompsonville scene. Inevitably, Corinna and Syd separate; and through this painful process, Corinna actually begins to fall in love with another person—having herself attained a depth and confidence she had never before realized. In this generational and career mix of interesting, well-realized characters, there are more than enough opportunities for dynamic clashes of values and priorities—small-town community or big-city glitz? Wealth and power or a dedication to personal development? Parents and their children retaining familial ties between generations or opting to go it alone? Plenty of opportunity for second thoughts. And hopefully discovering second chances along the way, the reader might be drawn into some thoughtful reevaluation of his own basic assumptions. And that is, of course, the best of all outcomes.

USA Today bestselling author Meghan Quinn delivers a smart and cheeky romance about love's power to lift hearts . . . and curses. It was supposed to be an innocent night, celebrating my brother's birthday. Nothing was supposed to go wrong. We'd vowed to be on our best behavior after all . . . But it only took one rowdy night with my brothers to flip my world upside down. One unlucky encounter saddled us with a family curse and the promise of doomed relationships. I laughed it off immediately. "Yeah, right," I thought. "A love curse. Ha!" Boy, was I wrong. Word spreads quickly in a town like mine; rumors about that night soon made us the most eligible yet untouchable bachelors in Port Snow, Maine. As a subject of endless gossip and speculation, I could kiss my dating life goodbye. It would have stayed that way if Ren Winters, the new girl in town, hadn't crashed into my life. Brave, beautiful, and smart—her vivacious thirst for a fresh start has given me hope that maybe, just maybe, I can have one too. Everyone wishes for that second chance . . . but could this really be mine?

At the final hour . . . This amazing narrative is based on the story of Ajamila from the Sixth Canto of Srimad-Bhagavatam. The law of karma states that we're all responsible for our actions, and death is the crucial moment when mysterious forces acting according to this law work behind the scenes to determine our destiny. As the sinful Ajamila lay on his deathbed, he was terrified to see three fierce, humanlike creatures coming to drag him out of his dying body and take him to the lord of death for punishment. Surprisingly, Ajamila escaped this terrible fate. How? A Second Chance: The Story of a Near-Death Experience teaches vital truths about the fundamental nature of the self and reality. At a time when reincarnation is quickly gaining acceptance, not only with the growing ranks of people reporting out-of-body and near-death experiences but with the public at large, A Second Chance can show one how to use meditation and yoga techniques to overcome the obstacles of materialism, meet the challenge of death, and ultimately attain spiritual perfection.

Give God a Second Chance

The Story of a Near-Death Experience

Back for another dose of high drama, Compton's sassiest, Jayd Jackson, is about to discover it really is a different world when she starts dating South Bay High's finest white boy. . . All Jayd Jackson wants is a drama-free year at South Bay High, a.k.a. Drama High. But it doesn't seem she's going to get it. It's only the second week of Junior year and already, Misty, her nemesis, has almost gotten her killed after instigating a fight between Jayd and KJ's girlfriend, Trecee. But it goes with the territory. She's a fire child, and granddaughter to Lynne Mae Williams—Mama—and Mama says that means the drama will follow Jayd wherever she goes. Even so, Jayd just wants to chill, still hoping Junior year can carry on, drama-free. And with Misty and KJ reportedly "hanging," Jayd is ready to move on. But the brother won't stop blowing up Jayd's cellie, and the text-messages keep coming; and the message is clear: KJ wants Jayd back bad. But Jayd couldn't care less. She's got a new man to kick-it with now—a half-Jewish white boy from Palos Verdes whose parents are loaded with a capital "L." And Jeremy Weiner's no ordinary white boy—he listens to East Coast rap, he's got a sweet ride, and he's got it bad for Jayd Jackson. But no one at South Bay

High will just let a sistah be happy. Misty's back to her usual foolishness, KJ's all over her jock, and the notoriously anti-black teacher Mrs. Bennett is tripping. Jeremy's got her totally sprung, but she's going to have to rely on her brains—and some of Mama's magic, of course—if she's going to survive another week at Drama High. L. Divine is at the top of her game in this superb follow-up to the power-packed Drama High: The Fight. Look for the next juicy installment, Jayd's Legacy, coming soon.

He's lost his mind...again. And she might lose her son...again. Years after Gray had a complete mental breakdown that cost him everything, he's clawed his way back to mental balance, a steady job, and a solid relationship with his grown and married daughter. Gone are the years of thinking conspiracies abound and that he is being followed...until a stunning woman busts down his back door and announces that there's a secret world he doesn't know about—and it's hunting him. After losing her mate and one of her children, Armana abandoned the shifter world to spare the lives of her two surviving children. Two decades later, they're grown and healthy, but she's between packs and still fighting for a relationship with her angry son. So coming to the aid of his mate's human father seems like a good way to prove herself. Only she can't shake the feelings growing for Gray, and he finds a kindred spirit in her. But if they reach safety, the shifter world won't let Gray keep his memories of their kind. And Armana will become nothing more than a dream that drives him back into insanity. Can she risk it all for him? Will he risk his mind for her? Get your copy today.

Sometimes all it takes is a second chance to get things right. In this hot new angsty romance from USA Today bestselling author BJ Harvey, the once-burned-forever-commitment-shy best friend from One Shot faces her own moral dilemma of the heart When life gives me lemons, I always make lemonade. Living every day like it could be my last, I'm content with the choices I've made and do so unapologetically. With a relationship that makes me happy, and a job that I love, life is good. But when the man I've just agreed to marry, has his estranged wife and four-year-old daughter turn up on his doorstep, I'm not the only one reevaluating things. He didn't plan for that—and I didn't plan for my childhood sweetheart to return, wanting me back. Sometimes lemons can be sour, sometimes they can be sweet, and sometimes, all it takes is a second chance to make things right again. You just need to get that second chance in the first place.

Good on paper and even better between the sheets. These dangerously powerful bad boy boss hole billionaires do whatever it takes to fiercely protect the women they love. A Second Chance at Life

Shae misses Devon, a lord of the earth, more than she thought was possible. Their one night together haunts her waking hours. She tries to go back to her everyday humdrum life. But the entrance of a devastatingly handsome man, some strange goings on, and the young woman finds herself caught between fading hope of ever seeing her lover again and the attentions of a new man. When the time comes, will she know which to choose?

'Read this for life lessons you know but have neglected.' Stylist 'Rediscover and embrace your inner silliness and watch your busy, stress-filled actual life become, well, simpler.' Red Discover the surprising art of reconnecting with your inner child in order to make your adult life that little bit simpler. You can own your own home and want to build a blanket fort on a bad day. Hell! On a good day, too. Give yourself permission to seek praise, ask for help, and have something soft snuggled against your face because you're sad. You can pay your bills on time and still exclaim out loud when something is really f*cking cool, run a business and wear cat-covered thermals under your suit. You can take time to play, just because. Full of spirit and un-self-conscious enthusiasm, Ice Cream for Breakfast: Child-Like Solutions to Bullsh*t Adult Problems is the permission slip all too-grown-up-for-their-own-good-but-secretly-scared-of-adulthood adults need to locate their inner-child nestled deep within, so that we might all relax enough to laugh harder, wonder more, and marvel at magic on the daily.

This is Eric Morris's ninth book. However, unlike the others, this one is not about acting or just for actors. This book is for everyone. Eric's other books are based on a system that he expanded and modified, as he innovated techniques and approaches to free people from obstacles and emotional blocks that cripple their ability to experience and express their emotions freely. An actor himself and a teacher of acting for almost sixty years, Eric Morris has created hundreds of exercises and techniques that eliminate the years of damage that we in our society have become victims of. Because of his unique approach to the teaching of actors, his process has evolved into an incredible set of tools that miraculously work to free all people from the damaging experiences that have accumulated in their lives. The focus in this book is on finding those damaging experiences and, by using the specific approaches that Eric has created, repairing the damage so as to enjoy a life of happiness and success.

Evidence-Based Approaches to Prevention and Treatment

The Lucky Escape

Sex is cheap. Coupled sexual activity has become more widely available than ever. Cheap sex has been made possible by two technologies that have little to do with each other - the Pill and high-quality pornography - and its distribution made more efficient by a third technological innovation, online dating. Together, they drive down the cost of real sex, and in turn slow the development of love, make fidelity more challenging, sexual malleability more common, and have even taken a toll on men's marriageability. *Cheap Sex* takes readers on an extended tour inside the American mating market, and highlights key patterns that characterize young adults' experience today, including the timing of first sex in relationships, overlapping partners, frustrating returns on their relational investments, and a failure to link future goals like marriage with how they navigate their current relationships. Drawing upon several large nationally-representative surveys, in-person interviews with 100 men and women, and the assertions of scholars ranging from evolutionary psychologists to gender theorists, what emerges is a story about social change, technological breakthroughs, and unintended consequences. Men and women have not fundamentally changed, but their unions have. No longer playing a supporting role in relationships, sex has emerged as a central priority in relationship development and continuation. But unravel the layers, and it is obvious that the emergence of "industrial sex" is far more a reflection of men's interests than women's.

Charlie Bennett is a rising star in the world of sports journalism, but her personal life is a mess. Still hung up on her college sweetheart, a one-night-stand gone wrong convinces her that she needs to make a change. An offer for a one-year guest lecturer position from a small private university provides her the opportunity she needs to escape, and she jumps at it. All Charlie expected to find when she left Manhattan for rural New Hampshire was a little peace. Instead, she finds Mackayla Thomas. Eight years have passed since Charlie foolishly walked away from Mackayla, and Mackayla is determined to never let anyone hurt her that way again. For Charlie, their serendipitous meeting is a sign that happily ever after might finally be within her reach. First, however, she needs to find a way to convince Mackayla to let the past go, and to give her a second chance.

As we enter the new millennium, promoting sound mental health and positive behavior of adolescents has undeniably taken on greater significance than ever before. To that end, more and more research is confirming what many have suspected for years: environment and community surroundings have a major affect on an adolescent's well-being and overall mental health. And because no single causal agent triggers teenage pathology—and no one-size-fits-all treatment is available—the *Handbook of Adolescent Behavior Problems* offers a comprehensive and integrative biopsychosocial approach to effective practice. This volume examines not only the psychological and genetic factors underlying dysfunction, it also explores the critical roles that family members, peers, and the larger community play in an adolescent's life. It offers current interdisciplinary perspectives on adolescent development, both functional and pathological, and provides coverage that is clear, accessible, and practical on such topics as: Major disorders, including depression, anxiety, schizophrenia, ADHD, PTSD, developmental delays, and conduct disorders. Behavior problems, such as substance abuse, sexual offenses, teen pregnancy, school failure, gambling, and gang violence. Best practices, reviewing what works (i.e., interventions that have been rigorously validated), what might work (i.e., those in need of further study), and what doesn't work. Residential interventions as well as community treatment. Risk and resiliency factors. Ongoing and emerging pharmaceutical issues. Each chapter focuses on a specific behavior or disorder and is formatted to help readers quickly locate needed information. The *Handbook of Adolescent Behavior Problems* provides a solid foundation for understanding the adolescent experience and the influence of the family and community as well as much-needed information on the development of evidence-based practices. It is designed to be a one-stop reference for anyone working with adolescents—developmental psychologists, clinical and school psychologists, and education specialists as well as for graduate students in these areas.

The true story of a living kidney donor and recipient's unbreakable bond Imagine suffering with an unrelenting disease your whole life, only to be rescued by a childhood friend, a relative who wants to be a conduit for healing no matter what. Both individuals struggle with life but in vastly different ways—Ironically, Tina wants to die, even though she lives, and Brian wants to live, even though he dies. They come together to experience a miracle of God through the kidney that unites them. Brian lives nine extra years, dying of diabetic complications, not kidney failure. The doctors exclaim that the kidney is still completely viable at death. Meet small-town writer Tina Shyver-Plank, who penned this compelling memoir about her gift of a kidney to her dying cousin, Brian Shyver, who has juvenile-onset type 1 diabetes from the age six years old. She is depressed and finds life painful, while he fights ardently with every step to survive. After the donation, Brian gets a fire in his spirit for religion, and Tina finds the strength to live. You will cry with them, and you will laugh with them on their inspiring journey through life together, apart, and together again. It's a complex interplay of ups and downs, as the donation and their lives make an indelible mark on countless others. "Since the struggles in life build character," as Tina often puts it, you will come to understand that these two individuals grow up fast and offer a prayer of thanks to the God whom made them. *SECOND CHANCE* is an uplifting memoir that will move the spirit and immerse the soul in the nuances of life. This cathartic story ushers the reader into a kaleidoscope of experiences, both riveting and triumphant.

Life Lessons from Remarkable Women

The most uplifting story about fresh starts and new beginnings you'll read in 2020

Set in a charming little Scottish town, *The Bookshop of Second Chances* is an uplifting story of fresh starts and new beginnings by a hugely talented debut author. Thea's having a bad month. Not only has she been made redundant, she's also discovered her husband of nearly twenty years is sleeping with one of her friends. And he's not sorry — he's leaving. Bewildered and lost, Thea doesn't know what to do. But, when she learns the great-uncle she barely knew has died and left her his huge collection of second-hand books and a house in the Scottish Lowlands, she seems to have been offered a second chance. Running away to a little town where no one knows her seems like exactly what Thea needs. But when she meets the aristocratic Maltravers brothers — grumpy bookshop owner Edward and his estranged brother Charles, Lord Hollinshaw — her new life quickly becomes just as complicated as the life she was running from... An enchanting story of Scottish lords, second-hand books, new beginnings and second chances perfect for fans of Cressida McLaughlin, Veronica Henry, Rachel Lucas and Jenny Colgan. 'How much do I love this book? So, so much. Refreshing and romantic, it's an absolute cracker!' HEIDI SWAIN, Sunday Times bestselling author 'A gorgeous, tip-top, pitch-perfect romantic read - I loved it!' RACHEL HORE, Sunday Times bestselling author 'The Bookshop of Second Chances has lifted my heart more than anything I've read for a very long time. It's funny, clever, well written, warm, joyful and comforting. I could rave about it all day!' IONA GREY, bestselling author of *Letters to the Lost* 'An escapist romance that glows with warmth! I loved it.' CARMEL HARRINGTON, bestselling author of *A Thousand Roads Home* 'A real winner with so much heart and a wonderfully relatable heroine.' CHRISTINA PISHIRIS, author of *Love Songs for Sceptics*

For centuries the New Testament book of Hebrews has been interpreted as though it had been written for Jewish Christians in danger of lapsing back into legalism and religious ceremony. This view is now being challenged by current scholarship. Rather than attacking the Old Testament and Judaism, the author of Hebrews praises the person and work of Jesus through a series of comparisons on which he bases exhortations and warnings to the present people of God. Hebrews urges God's people to learn from past mistakes and failures, and to take up the challenge in difficult times to live faithfully in the new relationship to God through Jesus, God's Son. In *The Second Chance for God's People: Messages from Hebrews*, Quaker pastor and professor Timothy W. Seid encourages today's church to respond to the challenge of Hebrews: first individually by progressing in spiritual and moral maturity, and second collectively by being God's faithful people in the world. In the light of ancient Greek language and rhetoric after having extensively researched Hebrews, Seid interprets the text of Hebrews section by section in an accessible and nontechnical way while also illustrating and applying the meaning of the text for the contemporary church.

This book of short Science Fiction stories was written with my ideas of the direction mankind might take to avoid extinction as a species. Over the billions of years that life has existed on this planet millions of life forms have evolved and passed into the dust of history because of the constant major and minor extinction events through out Earth's history that wiped out each new creature that had evolved in the past. Each new form that survived possessed a more and more complex nervous system. The development of a central nervous system, a brain, that became more and more complex which gave each new species a better chance to survive and so it was with mankind. These stories suggest some path ways that men might follow on the ultimate goal of become a species capable of exploring and emigrating into this vast galaxy.

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. *THE SECOND SEX* stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

The main purpose of the book is to provide solid arguments for Catholics who have left their faith to think again about their current positions and better know the arguments behind Church's teaching, particularly those related to controversial contemporary issues. It also provides arguments for practicing Catholics to speak about God with their friends and colleagues. The book is mainly addressed to college and young professionals, but other readers with intellectual interests should also benefit from it. Following the First Letter of Saint Peter, we Christians should always be ready to provide answers: "... for people who ask you the reason for the hope that you have... with courtesy and respect" (1 Peter 3:14-16).

Forced to confront long-buried feelings and secrets by the death of his estranged father, Chuck Carver returns to his small New England hometown, where he discovers two half-siblings he never knew existed and finds the promise of new love with a beautiful neighbor who has her own painful secrets.

Original.

When the people of Judah were taken captive by the Babylonians, their world was drastically changed. While in exile they experienced shame, guilt, fear, and displacement. However, their God had been traumatized by their behavior and also grieved with them. Yet, Yahweh gave them a second chance by forgiving them and bringing them home. God offered them hope, mercy, and love. The prophets were God's chosen messengers, not only to provide a new vision of what could be, but to suffer with the people. These servants were caught in the middle between a passionate God and traumatized people. As the people returned to Jerusalem to rebuild their city and their lives, the prophets were with them to remind them that God had not abandoned them. The author suggests that the prophets live on today through the church as those who engage their community, fight for people's hearts, and remind others that God gives second chances. Clark shares stories from his personal ministry to the marginalized in Portland, Oregon, who seek relief from shame, suffering, and hopelessness. In this hope our community receives new vision through a loving God and persistent prophets.

Maddie Stewart woke to a world she didn't recognize, one that left her with questions no one could answer, except the handsome man sitting at her bed side when she came to. Real life felt like a dream, a world so perfect that her heart swelled with happiness. But, in the night, her dreams became nightmares, reminding her there was plenty she still didn't know. The SEAL Alliance motto, where the only easy day was yesterday, rang all too true for Navy Seal Isaac Lewis. The girl of his dreams was at his fingertips, but was just out of reach. He was faced with decisions, ones he knew were right, and ones he knew were wrong. Somewhere, somehow, the line began to blur, and he was certain he'd overstepped that line, but he wasn't sure he wanted to go back. Two worlds collide by accident, by chance, or by fate?

For Allegra Proctor, tutoring the Earl of Wrexham's son has its disadvantages—namely the widowed earl himself. Arrogant, cold, and moody, Wrexham is also distractingly dashing. But Allegra only needs pretend long enough to right the wrong against her father, instigated by the earl's dastardly neighbor. Then her charge discovers her intent, forcing her to face Wrexham. Having his quiet existence turned on its ear puts Wrexham on edge, but he has never turned his back on a lady in distress. Together, the pair plunges into a scheme to bring the villain to justice, and awakens a second chance at passion that neither dreamed possible. REVIEWS: "...appealing emotional intensity... a lilting romance for all to enjoy." ~RT magazine LESSONS IN LOVE, in series order The Defiant Governess Second Chances The Storybook Hero

Why are people loyal? How do groups form and how do they create incentives for their members to abide by group norms? Until now, economics has only been able to partially answer these questions. In this groundbreaking work, Paul Frijters presents a new unified theory of human behaviour. To do so, he incorporates comprehensive yet tractable definitions of love and power, and the dynamics of groups and networks, into the traditional mainstream economic view. The result is an enhanced view of human societies that nevertheless retains the pursuit of self-interest at its core. This book provides a digestible but comprehensive theory of our socioeconomic system, which condenses its immense complexity into simplified representations. The result both illuminates humanity's history and suggests ways forward for policies today, in areas as diverse as poverty reduction and tax compliance.
