This anthology, hailed as a significant contribution to American ethnic studies, features
the short stories, poems, and plays of more than thirty Italian American artists. Drawing
on their individual and collective backgrounds and experience, these writers convey
another vision of American life. A section of critical essays by established scholars in
the field, with topics ranging from specific works and authors to broad literary
movements and film studies, analyzes the Italian American phenomenon and the role of
ethnicity in literature. The extensive bibliography treats creative works, critical
essays, and films dealing with the Italian American experience and promises to be an
invaluable research tool.
