

Dali: The Wines Of Gala

This lushly illustrated graphic novel re-creates a lost Marx Brothers script written by modern art icon Salvador Dali. Grab some popcorn and take a seat...The curtain is about to rise on a film like no other! But first, the real-life backstory: Giraffes on Horseback Salad was a Marx Brothers film written by modern art icon Salvador Dali, who ’d befriended Harpo. Rejected by MGM, the script was thought lost forever. Author and lost-film buff Josh Frank unearthed the original script, and Dali ’s notes and sketches for the project, tucked away in museum archives. With comedian Tim Heidecker and Spanish comics creator Manuela Pertega, he ’s re-created the film as a graphic novel in all its gorgeous full-color, cinematic, surreal glory. In the story, a businessman named Jimmy (played by Harpo) is drawn to the mysterious Surrealist Woman, whose very presence changes humdrum reality into Dali-esque fantasy. With the help of Groucho and Chico, Jimmy seeks to join her fantastical world—but forces of normalcy threaten to end their romance. Includes new Marx Brothers songs and antics, plus the real-world story behind the historic collaboration.

Internationally acclaimed star chef Rodolfo Guzman of Boragó introduces the exciting world of high-end Chilean gastronomy. “It isn’t every day that a restaurant knocks your socks off, but Boragó managed it with ease.” —Financial Times Chef Rodolfo Guzman serves a dynamic, wildly imaginative tasting menu at his acclaimed Santiago restaurant Boragó, using only native Chilean ingredients – often reinventing his courses mid-service. The book combines his fascinating narratives about Chilean geography and ingredients, his never-before-published notebook sketches of dishes and creative processes, and gorgeous landscape and food photographs that introduce readers to the distinctive pleasures of Chilean culture and cuisine. This is rounded off by Guzman’s selection of 100 savoury and sweet recipes exclusively chosen from the menu at Boragó.

“Black women’s heads of hair are galaxies unto themselves, solar systems, moonscapes, volcanic interiors.” —Elizabeth Alexander, from the Introduction Using advertising photographs of black women (and men) drawn from vintage issues of Ebony and Jet magazines, the exquisite and thought-provoking collages of world-renowned artist Lorna Simpson explore the richly nuanced language of hair. Surreal coiffures made from colorful ink washes, striking geological formations from old textbooks, and other unexpected forms and objects adorn the models to mesmerizingly beautiful effect. Featuring 160 artworks, an artist’s statement, and an introduction by poet, author, and scholar Elizabeth Alexander, this volume celebrates the irresistible power of Simpson’s visual vernacular.

Henri de-Toulouse-Lautrec brought to his art a zest for life as well as an impeccable style. It is an exciting discovery to find that Lautrec applies this same exuberance and meticulous technique to the art of cuisine—that he invented recipes and cooked new dishes as an artistic creation worthy of his serious attention. This volume is a collection of the recipes that Lautrec invented, or were garnered in his company from acquaintances of all classes of society. It has been illustrated with the menus that Lautrec himself designed and decorated, as well as with a rich abundance of other appropriate Lautrec paintings and drawings. The frontispiece is a portrait by Edouard Vuillard of lautrec preparing one of his masterful dishes. The recipes are given in their original form, retaining their color of thought and language. The only modifications are culinary notes that have been added to facilitate the work of modern cooks. Lautrec took great pride in his culinary ability, and if he felt it would not be appreciated, he would say that some people “are not worth of ring dove with olives, they will never have any and they will never know what it is.” Lautrec planned meals carefully, made beautifully decorated menus, and was inspired by the dinners to draw more sketches of the dinners, and of the food. He also brought to cuisine, as to the rest of his life, a marvelous wit. Who could forget the invitation to eat kangaroo, in honor of an animal that he had seen boxing at a circus (it was replaced at the last moment by an enormous sheep with an artificial pouch); or the housewarming of the apartment of his friend Natanson, where in a crazy atmosphere, he managed to intoxicate the artistic elite of Paris and launch the fashion of cocktail food. We owe the record of this cuisine (and also of a great body of the art collection itself) to Maurice Joyant. Joyant and Lautrec had been childhood friends, and their intimacy was renewed and deepened during the Montmartre years, when Lautrec’s fame was growing and Joyant was director of the same art gallery in Paris that Theo Van Gogh had run before him. Lautrec was, throughout their relationship, the artist and innovator; Joyant, the steadying influence, the protector, and, after the painter’s death, the executor. This book is a tribute to their friendship and to their daily intercourse in art and in cuisine. Thus, art, friendship, and food have come together in The Art of Cuisine as a joyful legacy of Henry de Toulouse-Lautrec and Maurice Joyant.

Dali’s themes and philosophical reflections are illustrated in a chronological collection of his cosmic paintings

ldquo;While featuring brand new photography of recently restored paintings, TASCHEN covers Boschrsquo;s complete and compelling works from grotesque scenes of fantastical creatures and beyondhellip;rdquo; Renaissance radical An earthly delight not to be missed In the midst of the realist-leaning artistic climate of the Late Gothic and Early Renaissance, Netherlandish painter Hieronymus Bosch (c. 1450ndash;1516) was more than an anomaly. Boschrsquo;s paintings are populated with grotesque scenes of fantastical creatures succumbing to all manner of human desire, fantasy, and angst. One of his greatest inventions was to take the figural and scenic representations known as drooleries, which use the monstrous and the grotesque to illustrate sin and evil, and to transfer them from the marginalia of illuminated manuscripts into large-format panel paintings. Alongside traditional hybrids of man and beast, such as centaurs, and mythological creatures such as unicorns, devils, dragons, and griffins, we also encounter countless mixed creatures freely invented by the artist. Many subsidiary scenes illustrate proverbs and figures of speech in common use in Boschrsquo;s day. In his Temptation of St Anthony triptych, for example, the artist shows a messenger devil wearing ice skates, evoking the popular expression that the world was ldquo;skating on icerdquo;mdash;meaning it had gone astray. In his pictorial translation of proverbs, in particular, Bosch was very much an innovator. Boschmdash;whose real name was Jheronimus van Akenmdash;was widely copied and imitated: the number of surviving works by Boschrsquo;s followers exceeds the mastersquo;s own production by more than tenfold. Today only 20 paintings and eight drawings are confidently assigned to Boschrsquo;s oeuvre. He continues to be seen as a visionary, a portrayer of dreams and nightmares, and the painter par excellence of hell and its demons. Featuring brand new photography of recently restored paintings, this book covers the artistsquo;s complete works.

Discover Boschrsquo;s pictorial inventions in splendid reproductions with copious details. Art historian and acknowledged Bosch expert Stefan Fischer examines just what it was about Bosch and his painting that proved so immensely influential.

Surrealism was launched as a literary and artistic movement by French poet André Breton in 1924, and by the time of his death in 1966 had become one of the most popular art movements of the 20th century. Its very name has entered everyday usage as a synonym for bizarre. Taking the reader on a narrative journey through the history of Surrealism, this book is a digestible introduction to the movement’s key figures, their works and where to find them. Complete with a glossary of key terms and chronology, this new addition to the Art Essentials series provides an indispensable resource for anyone interested in learning about this most influential of art phenomena.

Augmented by 310 illustrations, most in color, including many close-up details of Bosch’s intricately imagined nightmare scenes, Larry Silver’s Hieronymus Bosch is the definitive book on a perennially fascinating artist.

London: Portrait of a City (Policeman)

A photographic journey through the history of this epic city Samuel Johnson famously said that: “When a man is tired of London, he is tired of life.” London’s remarkable history, architecture, landmarks, streets, style, cool, swagger, and stalwart residents are pictured in hundreds of compelling photographs sourced from a wide array of archives around the world. London is a vast sprawling metro shifting present, the humor, unique character, and bulldog spirit of the people have stayed constant. This book salutes all those Londoners, their city, and its history. In addition to the wealth of images included in this book, many previously unpublished, London’s history is told through hundreds of quotations, lively essays, and references from key movies, books, and records. From Victorian London of Britain to the 2012 Olympics, from the foggy cobbled streets to the architectural masterpieces of the millennium; from rough pubs to private drinking clubs; from Royal Weddings to raves, from the charm of the East End to the wonders of the Westminster; from Chelsea girls to Hoxton hipsters: from the power to glory, in page after page of stunning photographs, reproduced big and bold like the photographs by Slim Aarons, Eve Arnold, David Bailey, Cecil Beaton, Bill Brandt, Alvin Langdon Coburn, Anton Corbijn, Terence Donovan, Roger Fenton, Bert Hardy, Evelyn Hofer, Frank Horvat, Tony Ray-Jones, Nadav Kander, Roger Mayne, Linda McCartney, Don McCullin, Norman Parkinson, Martin Parr, Rankin, Lord Snowdon, William Henry Fox Talbot, Jürgen Teller, Mario Testino, Wolfgang Tillmans, and Anselm Kiefer. London, Los Angeles, and New York. TASCHEN introduces the Portrait of a City Art Edition series. For each edition, limited to only 500 copies, a legendary local fashion designer is invited to design a bespoke fabric to line the cover, and a large signed and numbered print of one of the images from the book is included. Paul Smith has designed the fabric cover for The Art Editions of London.

From the mighty halls of ancient Alexandria to a camel bookmobile on the Kenyan-Somali border, human beings have had a long, enraptured relationship with libraries. Like no other concept and like no other space, the collection of knowledge, learning, and imagination offers a sense of infinite possibility. It’s the unrivaled realm of discovery, where every faded manuscript or mighty clothbound tome holds the promise of a new world. A religious conviction, or a whole new way of being in the world. In this new photographic journey, Massimo Listri travels to some of the oldest and finest libraries to reveal their architectural, historical, and imaginative wonder. Through great wooden doors, up spiraling staircases, and along exquisite, shelf-lined corridors, he leads us through outstanding private, public, educational, and more classical, baroque, rococo, and 19th-century institutions hold some of the most precious records of human thought and deed, inscribed and printed in manuscripts, volumes, papyrus scrolls, and incubabula. In each Listri’s poised images capture the library’s unique atmosphere, as much as their most prized holdings and design details. Featured libraries include the papal collections of the Vatican A Book Club, Durrone, and the priceless holdings of the Laurentian Library in Florence, the private library of the powerful House of Medici, designed by Michelangelo. With meticulous descriptions accompanying each featured library, we learn not only of the libraries’ astonishing holdings - from which highlights are illustrated - but also of their often lively, turbulent, or controversial pasts. DallThe Wines of Gala

A compact illustrated guide to the emerging and enormously popular category of natural wine, a style that focuses on minimal intervention, lack of additives, and organic and biodynamic growing methods. Today, wine is more favored and consumed that it’s ever been in the United States--and millennials are leading the charge, drinking more wine than any other generation in history. Many have been biodynamic wine made with nothing added, and nothing taken away—a movement that has completely rocked the wine industry in recent years. While all of the hippet restaurants and wine bars are touting their natural wine lists, and while more and more consumers are calling for natural wine by name, there is still a lot of confusion about what exactly natural wine is, where to find it, and how to drink it. Feiring sets the record straight, offering a pithy, accessible guide filled with easy definitions, tips and tricks for sourcing the best wines, whimsical illustrations, a definitive list to the must-know producers and bottlings, and an appendix with the best shops and restaurants specializing in natural wine across the country, making this the must-buy and must-gift wine book of the year.

Art Du Moyen Age Et Les Trésors de la Renaissance

In the popular imagination, possibly no other artist’s work is more recognizable than that of Salvador Dali’. Indeed, for many he is the ultimate mad artist, whose singular vision remorselessly probed his own psychological depths. His nightmarish visions and bizarre landscapes express the angst and turbulence of the twentieth century. Dali’’s creativity embraced many different modes of expression and was never constrained by any one style. Over eight decades, the prodigious range of Dali’’s activity spanned every conceivable medium, from painting and drawing to sculpture, film, furniture, books, stage design and jewelry, not to mention his highly eccentric public persona, which could be considered an art form in itself.

The Dutch Golden Age spanned some of history’s greatest artists and artisans, but few can boast of the genius of Rembrandt. One of Christopher Kimball’s Six Favorite Books About Food A beautiful and deeply researched investigation into French cuisine, from the founding editor of The Art of Eating and author of 50 Foods. In THE FOOD AND WINE OF FRANCE, the influential food writer Edward Behr investigates French cuisine and what it means, in encounters from Champagne to Provence. He tells the stories of French artisans and chefs who continue to work at the highest level. Many people in and out of France have noted for a long time the slow retreat of French cuisine, concerned that it is losing its important place in the country’s culture and in the world culture of food. And yet, as Behr writes, good French food remains very, very delicious. No cuisine is better. The sensuousness is overt. French cooking is generous, both obvious and subtle, simple and complex, rustic and utterly refined. A lot of recent inventive food by comparison is wildly abstract and austere. In the tradition of great food writers, Edward Behr seeks out the best of French food and wine. He shows not only that it is as relevant as ever, but he also challenges us to see that it might become the world’s next cutting edge cuisine. France remains the greatest country for bread, cheese, and wine, and its culinary techniques are the foundation of the training of nearly every serious Western cook and some beyond. Behr talks with chefs and goes to see top artisanal producers in order to understand what “the best” means: for them the nature of traditional methods, how to enjoy the foods, and what the optimal pairings are. As he searches for the very best in French food and wine, he introduces a host of important, memorable people. THE FOOD AND WINE OF FRANCE is a remarkable journey of discovery. It is also an investigation into why classical French food is so extraordinarily delicious--and why it will endure.

Salvador Dali, the Marx Brothers, and the Strangest Movie Never Made

Dali conceived his Theatre-Museum as a building full of surprises and special effects. This guide shows us the secrets of the artist ’s last grand creation, providing us with the clues and keys to gain access to his personal world, imaginative and full of touches of humour.

This account of the life of Gala Dali describes an extraordinary love story. When she died at the age of 87 in 1992, Salvador Dali locked himself in her room, drew the curtains, and refused to eat. The couple were married for 50 years, Gala being instrumental in pulling Dali back from the verge of madness and nursing him through depressions and illnesses, real as well as imaginary.

From the creator of the popular book Advanced Style, photographer Ari Sath Cohen ’s Advanced Love collects affectionate portraits of subjects who prove that love is bound by neither the constraints of age or time. The book includes 40 profiles of inspiring couples from around the world, and more than 200 photos. The profiles explore themes of love and companionship through firsthand insight from the subjects; they share their stories of falling in love, what they have learned after decades of partnership, and valuable relationship advice. Advanced Love is a touching look at the often-ignored partnerships of the senior set. Filled with couples who have built their lives together, it ’s an indispensable trove of wisdom on love and the lessons they have learned along the way.

Winner of the prestigious André Simon Drink Book Award The first definitive reference book to describe, region-by-region, how the great wines of Europe should taste. This will be the go-to guide for aspiring sommeliers, wine aficionados who want to improve their blind tasting skills, and amateur enthusiasts looking for a straightforward and visceral way to understand and describe wine. In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they’ve learned in their decades of tasting wine. The result is the most in-depth study of the world’s greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis, or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting-edge of trends, this book explains how to understand the wines of the world not in the classical way, but in the modern way--appellation by appellation, soil by soil, technique by technique--making it an essential reference and instant classic.
