The Easter Story, the heart of Christianity, illustrated in LEGOs, tells of Jesus’ arrival in Jerusalem on a donkey, greeted by crowds with palm branches; followed by the Last Supper, with Jesus and his disciples sharing bread and wine; then Good Friday, when Jesus was crucified on the cross and then his body buried in a cave tomb and covered with a rock; and concluding with Easter Sunday, when Jesus’ disciples visited the tomb to discover Jesus had been risen from the dead and resurrected. This edition of the important Easter Story is sure to be the perfect holiday gift, and a book for families to cherish for years to come.

About this Book and this Book Series A Bible Story Called Easter and the Birth of Christianity: KJV pilot version - English is an illustrated chronological Bible-excerpt story covering the events surrounding Jesus Christ’s final Passover week through the following Pentecost observance. This first illustrated book in the series covers the most significant eight weeks of Christianity’s beginnings. The events covered here comprise core components of Christian theology. The book-template source for each book in the series is the published and copyrighted Appendix A, which specifies how to integrate the 63 public domain watercolor images created in the 1890’s by French artist James Tissot with 655 selected Bible verses recorded in the first century in the Greek language by the authors of the New Testament Gospels. The book template’s matrix format, “Gospels’ Comparative Text Alignment” [G’CTA], creates a single chronological story through the parallel alignment of the four Gospel authors’ narratives. This matrix format is often referred to as a Harmony of the Gospels. This first illustrated book in the series, KJV pilot version, is a derivative work compilation that presents the 655 Bible verses in English, using the KJV Bible translation commissioned by King James I of England in 1604 and completed in 1611; a significant upgrade to the translation occurred in 1769. The KJV translation is now considered public domain, except in the United Kingdom. The planned next book in the series will also be in English using the NLT Bible translation (New Living Translation.) A “fair use” permission for publication using this Bible translation has been granted by Tyndale House Publishers. Negotiations are also in process to produce other series books in English using the NABRE (Catholic), NIV (New International Version) and the NKJV (New King James Version) Bible translations.

An exciting new version of the popular My First Story of Easter, helping children to understand the true meaning of the Easter season with clear and simple text. The carefully written sentences are brought to life with endearing illustrations from artist Steve Whitlow, sensitively depicting the story of Easter, from Palm Sunday through to the good news of Jesus' resurrection and his time with friends before returning to Heaven

A beautiful retelling of the first Easter taken from 99 Stories from the Bible (nominated for Best Children's Book of the Year 2014 at CRT). Ideal for sharing with young readers, at home, school, or Sunday school as you remember the events of the Jesus' death and resurrection each year.

Anyone who reads the Gospels carefully will notice that there are differences in the manner in which they report the same events. These differences have led many conservative Christians to resort to harmonization efforts that are often quite strained, sometimes to the point of absurdity. Many people have concluded the Gospels are hopelessly contradictory and therefore historically unreliable as accounts of Jesus. The majority of New Testament scholars now hold that most if not all of the Gospels belong to the genre of Greco-Roman biography and that this genre permitted some flexibility in the way in which historical events were narrated. However, few scholars have undertaken a robust discussion of how this plays out in Gospel pericopes (self-contained passages). Why Are There Differences in the Gospels? provides a fresh approach to the question by examining the works of Plutarch, a Greek essayist who lived in the first and second centuries CE. Michael R. Licona discovers three-dozen pericopes narrated two or more times in Plutarch's Lives, identifies differences between the accounts, and analyzes these differences in light

of compositional devices identified by classical scholars as commonly employed by ancient authors. The book then applies the same approach to nineteen pericopes that are narrated in two or more Gospels, demonstrating that the major differences found there likely result from the same compositional devices employed by Plutarch. Showing both the strained harmonizations and the hasty dismissals of the Gospels as reliable accounts to be misguided, Licona invites readers to approach them in light of their biographical genre and in that way to gain a clearer understanding of why they differ.
