*This is a story about Leo J Vaillancourt tour of duty during the Korean War 1950 - 1951. He enlisted into the U.S. Army September 1948, completing 20 years of service, retiring from the U.S. Army June 1969. As a tank gunner on a M46 Tank, much of the story is what was observed thru a gunner's periscope and the 6 power telescopic sight used for sighting the 90mm gun. (The right eye of a tiger,) is explained in the story. All of the events in this story took place before I was 21 years of age, and had an influence on me the remainder of my life. This is by no means the only event that took place while I was in Korea, but only what I can recall, after more than 60 years have passed, I own my life to the Offices and NCO's of my unit. We completed all assigned missions and they kept unit casualty down, do to their knowledge and leadership.*

Most of them had WW2 experience.

It takes one to recognise one. This was a man trained to live with, and by, violence. He was muscle, a soldier, in the jargon. I had hoped never to see this kind of barracuda cruising St Mary's placid waters. It gave me a sick little slide in the guts to know that it had found me out again. He left that life behind. But that life hasn't left him . . .

Harry Fletcher lives a quiet life these days, running a tourist fishing boat from the peaceful island of St Mary's, off the South African coast. Then his next group arrives, with very specific instructions for Harry - instructions that suggest they know exactly who he is. Before he knows it, Harry has been swept back into a world of greed and violence, of men who will do anything to get their hands on the treasure under the sea, and of women who are too beautiful to trust. But when the Great Mogul diamond is the prize, all Harry knows is that he'll do anything to get there first . . . *"Hey, yo, Jim . . . This is Sylvester Stallone. Give me a call . . ." It was these words that would set Jim Peterik on the road to rock 'n' roll immortality. After he and his Survivor bandmates recorded "Eye of the Tiger" for the Rocky III soundtrack, the song would go on to earn a Grammy, an Oscar nomination, reach triple platinum status—and become one of the most recognizable tunes in music history. But there's much more to the story of Survivor and its founding member, Jim Peterik, than meets the eye. As one of the most prolific songwriters of his generation, Peterik has cowritten songs with some of the most famous bands and artists of our time, including 38 Special ("Caught Up in You," "Hold on Loosely"), Sammy Hagar ("Heavy Metal"), The Beach Boys, The Doobie Brothers, REO Speedwagon, Cheap Trick, and many more. Now, for the first time, Peterik is sharing his stories. Filled with tales from Peterik's life in rock 'n' roll, Through the Eye of the Tiger documents his early days of success with The Ides of March ("Vehicle"), through the often torturous power struggles within Survivor, and the giddy highs that accompany a trail of worldwide hits. From going to a party in Led Zeppelin's hotel room (and turning right back out the door) to escorting a disoriented Janis Joplin back to her hotel room after opening her show in Calgary, Peterik's accounts will surprise and delight. Through the Eye of the Tiger is more than just a memoir of a songwriting legend; it's a classic rock 'n' roll story told through the eyes of someone who has lived through it all—and through the Eye of the Tiger.*

**Four years after the events that took place in Delaney's first book, 'The Shaft', the Global Calling organization is now making a dynamic impact across India. As they host the largest ministry event in their history, with over one hundred thousand worshipers in a crowded Mumbai cricket stadium, a radical anti-Christian militia (Indian Liberation Resistance Organization) orchestrates a brutal terrorist attack. This profoundly evil organization spares nothing in its attempt to stop the ministry; killing, maiming, and abducting many of its leaders. When angels visit one of the terrorists responsible for the carnage in Mumbai, his guilty conscience and newfound faith force him to turn against his former terrorist cell. This change of allegiance leads to his recruitment as a double agent for Indian law enforcement, ultimately bringing justice to those responsible for these deadly attacks. **In August of 1962, civilian medical doctor Jay Hoyland became an active-duty captain and medical officer in the U.S. Army Medical Corps during the Vietnam War. For the next twelve months, Hoyland provided medical support as a flight surgeon to the Ninety-Third Helicopter Company-the Soc Trang Tigers. It was a year that would prove to be pivotal for Vietnam, the United States, and Hoyland himself. "Through the Eyes of a Tiger" is the story of one man's tour of duty in the Mekong Delta from November of 1962 through November of 1963. With the help of Hoyland's wartime journals and letters sent home to his family, he recreates an unvarnished account of his life during this tumultuous time. Whether it is a heartbreaking visit to a Catholic orphanage, the adrenaline of combat, the unique relationship between brothers-in-arms, or the horrors of the hospital ward, Hoyland's vivid imagery and thoughtful prose paint a realistic portrait of war. Set against the broader historical context of the Vietnam War, "Through the Eyes of a Tiger" is a worthy addition to the scholarship available on the Vietnam War. But more importantly, it reveals the dramatic impact of war, both present and future, on the soldier himself.**

A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it... Amy Chua's daughters, Sophia and Louisa (Lulu) were polite, interesting and helpful, they had perfect school marks and exceptional musical abilities. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? Battle Hymn of the Tiger Mother is a story about a mother, two daughters, and two dogs. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.

This book is about people coming together to help others, especially when they are being bullied or harassed. This book is also about how they worked so hard to get their dignity and self-respect back

by learning self-defense.

From Private Eye: The tiny bell over the door jingled and Jack walked in, carrying a bakery bag that normally would have had me drooling in anticipation of hot, sugary goodness. But right then I wasn't in the mood. "Jack, this isn't a good time. I have a problem I need to deal with." His eyes narrowed, and he gave Leona an unfriendly look, which made her take a quick step back. Nobody can give unfriendly looks like a tiger. "Do I need to kill somebody for you?" I smiled in spite of the situation, because he was totally serious. It's nice to know that somebody's got your back. Especially when that somebody is an unbelievably hot, six-foot, four-inch, bronze-haired, green-eyed hunk of deadly shapeshifter. Lucy and her little brother Ricardo follow their puppy and the mysterious golden-eyed Tiger-cat into a secret tunnel leading to a foreign country where children are held prisoner in the jungle. Original. "We live together under the thick canopy, each searching for the other; the same leeches and mosquitoes that feed on our blood feed on his blood." John Edmund Delezen felt a kinship with the people he was instructed to kill in Vietnam; they were all at the mercy of the land. His memoir begins when he enlisted in the Marine Corps and was sent to Vietnam in March of 1967. He volunteered for the Third Force Recon Company, whose job it was to locate and infiltrate enemy lines undetected and map their locations and learn details of their status. The duty was often painful both physically and mentally. He was stricken with malaria in November of 1967, wounded by a grenade in February of 1968 and hit by a bullet later that summer. He remained in Vietnam until December, 1968. Delezen writes of Vietnam as a man humbled by a mysterious country and horrified by acts of brutality. The land was his enemy as much as the Vietnamese soldiers. He vividly describes the three-canopy jungle with birds and monkeys overhead that could be heard but not seen, venomous snakes hiding in trees and relentless bugs that fed on men. He recalls stumbling onto a pit of rotting Vietnamese bodies left behind by American forces, and days when fierce hunger made a bag of plasma seem like an enticing meal. He writes of his fallen comrades and the images of war that still pervade his dreams. This book contains many photographs of American Marines and Vietnam as well as three maps.

He's about to play the most important role of his life. Zak Lewis has been undercover for more than half a year for the Shifter Coalition. The Coalition agent who steps into her life is something she's not prepared for. But maybe that's a good thing. Zak is used to playing a role. He's been the bad boy, the helpless, the brute, the geek and so much more. One look at Abilene and Zak can feel in his gut that he is about to play the most important role of his life. Weve all grown up with myriad beliefs and clichs that have paved the roads we traverse - follow your dreams, do what makes you happy, we deserve to have what we want, and so on. While everything weve been taught has some degree of importance, the formula that defines who we are and what a successful, happy life consists of is tragically fl awed. Everything we strive to attain has the potential to disappoint us and we become disenchant ed with life. Our formula for life is erroneou s. An Army Flight Surgeon's Vietnam Journal

Babi Nobis was barely 11 years old when he had his first chance encounter with a tiger in the jungles of Hazaribagh. The experience not only left an indelible impression on his mind but also instilled in him a deep reverence for this majestic animal. Thereafter, his love for nature's creatures would only grow with each visit to the wilds, as would his passion for wildlife photography. Over the last twenty-five years, Babi and Tina Nobis have explored the incredible wilderness of both the Indian and African game reserves, from Kanha and Bandhavgarh to the Serengeti, the Masai Mara and more, with Babi photographing either spectacular events charged with power and drama in the animal kingdom in behavior or animals in their most human emotions and circumstances. Be it is the sheer dominance of the tiger in its habitat, a leopard carrying its prey, a cub frolicking in front of giraffes sparring to mark their territories, a million wildebeest on their annual migration trail, a pride of hungry lion cubs feasting on a dead elephant, a stunning landscape, or a majestic Baobab tree that has silently witnessed the co-existence and tussle of man and beast over millennia, Babi Nobis captures the transcendent beauty of the wild and the uniqueness of the two continents. With a foreword by well-known wildlife photographer and conservationist, Belinda Wright, On Safari: The Tiger And the Baobab Tree is a rich visual and textual account of two continents and the majesty of those that stock and rule its forests and jungles.
