Chris Hart's Humongous Book of Cartooning is a great value book covering everything the beginner needs to master cartooning. It teaches how to draw cartoon people, fantasy characters, layouts, background design and much more. This latest cartoon title from Chris Hart, the world's bestselling author of drawing and cartooning books, packs a wallop. It's the cartooning book that has it all: cartoon people, animals, retro-style "toons", funny robots (no one has ever done cartoon robots in a how-to book before, and movies like "Wall-E" and "Robots" were smash hits and prove their appeal), fantasy characters and even sections on cartoon costumes, character design, and cartoon backgrounds and composition. The Humongous Book of Cartooning is humongous, not only because it's so big, but also because it includes a huge amount of original eye-catching characters and copious visual "side hints" that Chris is famous for. There is more actual instruction in this book than in any other of Chris' cartooning titles. In short, if you want to know how to draw cartoons, Chris Hart's Humongous Book of Cartooning is for you.

Give life to the beings that roam your imagination! Dragons may terrorize fantasy worlds, but they need peasants to munch on... heroes to confront... elegant elves, shrewd sorcerers and dreaded demons to battle. Following on the wings of the ferociously popular DragonArt, this book shows you how to conjure up your own fantasy realms by drawing inspiration from fairy tales, legends and (if you dare) things that go bump in the night. • Breathe the life into your beings by basing them upon fundamental human anatomy—proportions, facial expressions and gender-specific characteristics. • Color-coded, step-by-step demonstrations (simple enough that even the dullest of dwarves could follow along!) show you how to create a sordid cast of creatures, including goblins, orcs, sprites, angels, mermaids, centaurs, vampires, werewolves, banshees and more. • Accessorize each being by tailoring them with tusks, wings, hooves, daggers, armor and various apparel, from the fine garb of nobles to peasant rags. Copy each being as-is. Or, better yet, follow your own twisted imaginings to conjure up creatures from fantastic lands.

purpose? Review: "What I loved most about Sound Hunter was the magical world it immerses you in right from the beginning. The world of the story is filled with great details that make it real and touching. It really captures the many truths hidden in nature. And a sense of personal discovery that comes with getting to explore those. It's both very magical and other-worldly and very human as it deals with the things we all experience - loss, grief, surprises, curiosity, discovery and growing. Do read it!!!" Rayna Haralambieva "Enchanting tale that is pleasant to read. I loved the fantasy world, the characters, the characters' names. The narrative is very imaginative, still easy to follow, and hard to put down, once you've started reading. Promising beginning of an enjoyable story that I'll try not to miss." Nina Rueva, translator "Reading it for the second time. Which sums up my opinion to be honest. It's an easy to read book, captivating and full with amazing little details that gives you the chance to relocate briefly to the world of this adventurous Sound Hunter. The only thing I can add is: when can we read the sequels ?! PLEASE!" Mondher Khebiri, @mkebiri_ "First I have to be honest when I say that I was directly excited when I started to read this story. I really enjoy nature, fantasy and fiction and this story gathers the three of it. Niko introduces us into a new world through his fictional character, Bogo. He invites us in a world of pristine, colourful and awe-inspiring nature. Nature with a N becomes a magical place; it gets as welcoming as it gets threatening. We are directly in the story, in a world that the author created. Also, I found Bogo a very interesting character that gathers everybody; his family, his masters, animals, nature... I

really found interesting to follow this character growing, learning more about himself, about the world. The reader is growing with the character, learning more about Boggo, about the world that surrounds him. Also, this story unfolds its philosophical character; the experience that Boggo has with his masters is a kind of experience also for the reader (trying to learn more about yourself, the function of your body, opening your curiosity to nature, to what is happening...). Moreover, as a non-native English speaker, I would say that it is easy to read and this story is for everybody. I've read it easily while learning vocabulary. Anyway, I really appreciated the story and recommend it!" Camille Garoud "Great read.

Adventurous and inspirational. Love the chapter with the doors and the ending. Hope this is only the first part, can't wait for more." Peter Burnev
