Done right, multi-level marketing, network marketing, or personal selling, by whatever term it is called, offers you an opportunity to become rich and successful by not only selling a product but by building a growing sales team. This complete and easy-to-use guide reveals how you can sell virtually any type of product or service this way. You can start from your home or set up a small office, and as your sales network multiplies, your income grows from your expanding sales team. So the profit potential is almost unlimited. This book shows you how to do it with techniques for:

- getting started the right way*
- setting goals*
- prospecting for leads*
- selling your product or service effectively*
- putting on presentations*
- building a sales organization*
- working with distributors*
- hosting meetings and sales parties*
- participating in a trade show*
- speaking to promote your product*
- doing your own publicity*

Why can't we convince others? And why won't people listen? We say great things to people. We offer great products to prospects. We share our vision and passion with others. And they don't believe us, they don't buy, and they don't share our vision and passion. We say great things, but people don't believe us or act on our message. Why? Well, we don't need more good things to say. Instead, we need to learn how to get people to believe and trust the good things we are saying already. It's not about the price. It's not about the salesman's breath. It is not about the leader's PowerPoint presentation. It is all about the magical first few seconds when we meet people. What happens? In the first few seconds, people make an instant decision to:

- 1. Trust us. Believe us. Or, in the first few seconds, people make an instant decision to:*
- 2. Turn on the salesman alarm. Put on the "too good to be true" filter. Be skeptical. Look for "the catch." This decision is immediate, and unfortunately, usually final. Tom "Big Al" Schreiter shows us exactly how to build a bond of trust and belief with prospects in seconds. How? By talking directly to the decision-making part of the brain, the subconscious mind. In this book, "How To Get Instant Trust, Belief, Influence And Rapport! 13 Ways To Create Open Minds By Talking To The Subconscious Mind," we will learn easy four- and five-word micro-phrases and simple, natural techniques that you can master within seconds. Yes, this is easy to do! Our message should be inside of other people's heads, not bouncing off their foreheads. Our obligation is to get our message inside of their heads so they will have options and choices in their lives. Now, if we can't get people to trust and believe our message, then we will effectively be withholding our message from them. Use these short, easy, tested, clear techniques to build that instant rapport with other people. Then, everything else is easy. If you are a leader, a salesman, a network marketer, an influencer, a teacher, or someone who needs to communicate quickly and efficiently, this book is for you. Order your copy now!*

Build Network Marketing Leaders Faster! Much Faster! Entire three-book leadership series by Tom "Big Al" Schreiter and Keith Schreiter Book #1: How To Build Network Marketing Leaders Volume One: Step-by-Step Creation of MLM Professionals shows us how to locate the best leader candidates and how to groom them for leadership. Learn exactly what to say and exactly what to do to change their attitudes, their thinking, and their results. Why? Because leaders are everything in network marketing. These are the long-term producers that leverage our income. We have limited time. We can only work with a limited number of distributors. So, we must duplicate ourselves through our leaders. Ask yourself, "Do you want to be a leader? Or, do you want more leaders on your network marketing team?" Everyone says they want to have more leaders, but how? How does one find leaders? How does one create leaders? What are the things we need to teach ordinary distributors to do in order to for them become leaders? This plan doesn't happen by accident. Instead of wishing and hoping for leaders, this book will give you the step-by-step activities to create leaders. Yes, there is a plan for building leaders and it is simple to follow. Discover how to give ordinary distributors a leadership test to determine if they are ready to enter the path of leadership. Then, learn how to start their learning process with the biggest leadership lesson of all: problems. Book #2: How To Build Network Marketing Leaders Volume Two: Activities and Lessons for MLM Leaders takes our potential leaders and expands on what they can do to grow their teams faster. No one is a "natural-born leader." Babies aren't given a manual on how to be an adult. Adulthood is learned from others. So how will we teach eager distributors to become leaders? By showing, participating, experiencing ... and of course, sharing stories. Yes, they could imitate us to become leaders, but not everyone is created the same, with the same set of skills or advantages. So, there must be common lessons everyone can learn for leadership. Inside this book, you will find many ways to change people's viewpoints, to change their beliefs, and to reprogram their actions. And when these three things change, the results will naturally change too. The earnings from developing one good leader could dwarf the monthly payout of almost any retirement plan. Book #3: Motivation. Action. Results. How Network Marketing Leaders Move Their Teams adds another 172 pages of step-by-step actions and campaigns to make our leaders the best they can be. Getting results from the team is the measurement of true leadership. Want to motivate your network marketing team into action? We don't have to be a screaming drill instructor to get the job done. Through contests, recognition, goal-setting, fill-out forms, personal development and other motivational techniques, we can do our part to create momentum in our teams. Our new distributors need motivation to overcome the negativity of their initial prospects. Our experienced distributors need motivation when they run out of prospects to talk to. Learn the motivational values and triggers our team members have, and learn to use them wisely. By balancing internal motivation and external motivation methods, we can be more effective motivators. We can teach our team exactly what to do. However, we must motivate them to do it. Enjoy this book of case studies and examples of exactly how to be a motivating team leader. Worried about presenting your business opportunity to prospects? Here is the solution. The two-minute story is the ultimate presentation to network marketing prospects. When our prospects see the big picture, they make decisions immediately. No more "I need to think it over" objections. In less than two minutes, our prospects will move forward, ready to join. This presentation requires no flipcharts, videos, research reports, testimonials, PowerPoint slides or graphics. All it takes is a simple two-minute story that we customize for our

prospects. Forget all those boring presentation information dumps of the past. Instead, let's talk to our prospects in the way they love. Prospects enjoy a short story. Telling stories reduces our stress since stories are easy to remember. Plus, this story is 100% about our prospects. That means we become instantly interesting to our prospects and they will listen to every word we say. Now our prospects can see and feel what our business means to them. Enjoy connecting with prospects with no rejection and no objections. Prospects will love how we simplify their decision to join and make it stress-free. This is so much fun that now, our entire team can't wait to talk to prospects. And for us? We will love helping prospects see what we see, so they will ask to join our business. The two-minute story is the best way to help your prospects to join. Scroll up and order your copy now!

Where do I start? What do I say? I don't want to sound like a salesman. How can I relax my prospects? When we are untrained, giving presentations can be difficult. We don't know the real questions in the minds of our prospects. We don't know what triggers a "yes" or "no" decision. Many times, we don't even know where to start. Our fascination with information holds us back. We can't see the big picture because we are drowning in facts. And, what actually is the big picture? It is simply this: Does the prospect want to join our business or not? But what would happen if we changed our entire business presentation model? First, we learn to get presentation appointments with almost 100% of the people we talk to. Next, we learn to give our entire business presentation in less than one minute. If we could do this, how do we think our prospects will feel? Thrilled! When we can give our entire business presentation in less than one minute, many good things happen. We save time, not only for ourselves, but for our prospect. That makes two people happy. Plus, this gives us the flexibility to give our presentation anywhere, at any time, in any circumstances. And finally, all the sales tension disappears from our prospects when they know our presentation will take only one minute. Learn to make your business grow with this efficient, focused business presentation technique.

Caution: Our prospects make up their minds before we are ready. We have awesome facts, benefits, features, testimonials, videos, brochures, PowerPoint presentations, proof, and inspirational stories. But what happens? Our prospects decide if they want to do business with us or not, before we get to our good stuff. Why can't they wait? We can complain, or we can help them make up their minds quickly in our favor. We only have a few seconds before our prospects make their decisions. Use these seconds wisely. When we understand how our prospects make their decisions, we can address those processes early in the conversation, before they create a "no" decision. Of course, short is better than long. But how do we trigger our prospects' decisions in just a few seconds? Questions, indirect statements, micro-stories, analogies, and emotional programs help us navigate quickly through our prospects' brains. Why not effortlessly take the direct path to getting positive decisions? When we give up the old paradigm of prospects accumulating information, weighing the pros and cons, and processing the facts and figures to make a decision, then moving prospects forward to a positive sales decision is easy. Leave the door-to-door sales tactics of the 1980s behind. Instead, let's work with our prospects' minds to help them make great decisions. 'Interpretation' is used as an umbrella for bringing together a wide range of concepts and developments in the philosophy of social science that provide the foundation for clear thinking about social phenomena. In his new book, John O'Shaughnessy familiarises the reader with the nature of interpretation and its importance in social life, decision making in social science enquiries and consumer marketing, thus offering a multidisciplinary approach to problems of bias and uncertainty. Thus, this book is novel in its outlook and comprehensive in its approach. Whereas past studies in interpretation have focused on hermeneutical methods, O'Shaughnessy goes further considering the role of interpretation in social interactions, in undertaking scientific work, in the use of statistics, in causal analysis, in consumer evaluations of products and artifacts and in interpreting problematic situations together with the corresponding biases arising from emotional happiness and the concepts employed.

Not every prospect joins right away. They have to think it over, review the material, or get another opinion. This is frustrating if we are afraid to follow up with prospects. Afraid of closing? That is an understatement. I used to talk with prospects on and on and on, afraid to close. I thought if I kept the conversation going long enough, they would eventually volunteer their "yes" decision. Of course, that never happened. So, in my lifelong quest to avoid rejection, I had to find new and effective closes that work. Here are 46 years' worth of our best closes. All of these closes are kind and comfortable for prospects, and rejection-free for us. Here are just a few of the closes you will learn and love: * The million-dollar close. * Managing the decision-making funnel. * Having prospects close themselves. * Removing risk and uncertainty. * Making objection-solving easy in seconds. * And of course, many strategies to quickly remove the "I need to think it over" objection. Old-school closing is old news. In today's world, prospects are over-exposed to marketing and are sales-resistant. Use these closes to help our prospects move forward and say "yes" to our offers. Not every close is perfect for every prospect. We want a variety of closes. Let's choose which close is best for our prospects, and most natural for us. Never be afraid of closing again. In fact, we will look forward to closing. Happy times ahead! Scroll up now and get your copy.

Two distributors meet the same prospect. One distributor gains a new team member. The other walks away empty-handed. What was the difference? The words they used. Certain phrases hold our prospects' attention long enough for us to deliver our sales message. Prospects have one focused thought at a time. We want that thought to be about us. The most important currency of this century? Attention. Everyone is fighting for our prospects' attention. Intrusive ads, notifications, shiny objects, constant messaging and more combine to pull our prospects' attention away from our offer. We want effective phrases for: Clearing distractions from our prospects' minds. Closing our prospects. Getting final decisions. Reading our prospect's minds. Engaging prospects during presentations. Removing rejection. Bonding with our future team members. In seconds, we can take control of our prospects' minds and deliver our concise message. Now they can fairly decide if our sales message will serve them or not. Getting attention is the easy part. Keeping that attention requires using these magic phrases to ward off distractions. The rewards are huge when we master the art of controlling attention. We deliver a great sales message and prospects hear it. Prospects are smart. They have common sense. They will gladly take action on what serves them best. Stop delivering presentations, sales messages, and benefits to prospects who are not mentally engaged. Instead, make full use of these magic phrases and become the most interesting person of the moment. Order your copy now!

This is the one thing we can control. - We can change our mindsets in one second. - There is no cost. It's free to do. - The world responds, giving us better results. Instead of letting our mindsets control us, here is our chance to determine our future. Our first surprise is that nature gives us a negative mindset. We have programs that fear everything. Nature wants us to survive. Surviving is good, but achieving is great. And what about others? Can they affect our mindsets? Certainly, if we let them. This book gives us the tools to take control of our minds. Why be victims when we can be victors? Not only can we use these mindset skills for our personal success, but we can also change the mindsets of others. We can put our groups on the path to more positive outcomes and growth. What is magical about changing our mindsets? Other people can detect our mindsets and will react to them. This is how we can affect the outcomes in our lives. So even before we help others change their mindsets, our personal mindsets give us a big head start toward our goals. Why wouldn't we change our mindsets? Because we don't know how. Let's learn the precise skills to make this happen.

Do we sell nutrition products? Diet products? Other health products? Let's make our business easy. How? By learning exactly what to do. This book contains step-by-step instructions on how to get quick "yes" decisions, with no rejection. When we remove the "feeling nervous" factor, we can approach anyone. Afraid to make a call for an appointment? No problem. We can make it easy for our prospects to say "yes" by customizing what we say to the three unique types of prospects. We don't want to say the same things to a close friend that we would say to a cold prospect. Once we have people to talk to, and they feel excited about our message, we must customize what we say for the decision steps in their brains. That is how we eliminate our prospects' anxiety - by completing the four core steps in seconds. With clear examples of a one-minute presentation, a two-minute story, where to get great prospects, and how to handle the most common objections, this is the complete starter manual for a successful health and nutrition network marketing business. Prospects have questions. This approach naturally answers their questions before they arise. They will elevate us to "mind-reader" status and instantly connect with our message. Prepare yourself for magic conversations that put your business into momentum.

Fear? Sweaty palms? Don't know what to say? Afraid of how others will react? Why do we avoid setting appointments? Our self-image says to us, "Don't take a chance." Motivation alone won't fix this. Our minds will come up with excuses not to set the appointment. Our sponsor yells at us, "Face the fear, and the fear will go away." Sounds easy to say, but to do? Not as easy. Appointments are part of our business. We must fix this problem. We will have to make setting appointments enjoyable. Then, our brains will work for us instead of against us. How can we make setting appointments enjoyable? First, we will learn to make appointments a passion, something we look forward to. And second? We will learn the exact words to say to avoid rejection and to reduce tension with our prospects. Let's face it. No one wants to be a pushy salesperson. We want to be a welcome addition to other people's lives. We can do this by following certain principles such as being brief, getting to the point, making it all about our prospects, and presenting our offer as a way of improving their lives. No more fear. No more feeling guilty. Instead, let's turn our negative feelings into positive momentum to get appointments fast. We want to enjoy every moment of our business. Get more appointments now. Does anyone listen when we talk? Do we simply blend into the background? Let's change that now. Influence gives us the power to affect others and our world. Yes, we want to be heard, but what is more important than being heard? Getting others to take our advice and solutions, and apply them immediately. Few are born with influence. We must create our influence with others. But where do we start? If no one respects our opinions and ideas now, what can we do to establish our authority? We know it is possible. Others have influence. We can create our influence starting now. With ten unique strategies to choose from, we can change how the world reacts to us. Our voices will be heard. Our influence will create action. So instead of blending into the background, now we will feel the surge of excitement as others eagerly look forward to our ideas. We will be respected. We will make a difference. And we will accomplish more. Be somebody now.

The perfect prospect. The perfect presentation. And our prospect says, "No." What happened? Our prospect did not connect with or understand our presentation. Our presentation is clear to us, but our prospect understands the world differently. Yes, our prospect understands a different language. There are four different color personalities, and each of those

personalities interprets our world differently. They have their own viewpoint and their own language. They make their decisions based upon their viewpoint, and the language we use to present to them has to match their personality. When we talk their language, magic happens. Our prospects understand and appreciate what we offer them. Once we have this connection, prospecting, selling, sponsoring, and presenting are easy. Learning the other color personalities' languages is easy. We simply modify our most common phrases to match their viewpoints. If our yellow personality prospect wants to serve and help the world, then why not present our opportunity from that viewpoint? It is just that easy. In this book we will quickly learn the different personalities and how to identify them. Then, we will learn proven phrases for connecting, prospecting, selling, and sponsoring for each color personality. The reactions of our prospects will be amazing. As network marketing leaders, we want to move people to take positive actions. Using their own color language is how we will do it. Fast! Efficient! Awesome!

Will pressing the elevator button three times put it into "faster mode?" Did we break the secret elevator code? No. We all look for ways to break the "hidden codes" in our lives. Why? To better understand our world. Or maybe to discover shortcuts. It is the same when we try to understand our brains and the brains of our prospects. We wonder: - Why does my brain work against me? - What is my brain doing while I am not paying attention? - How do I break through the irrational defenses of my prospects? - What can I say to get through to prejudiced prospects? - Can I do something to change other people's minds? - How can I understand my own irrational brain? It is hard to play the game if we don't know the rules. Our brains operate in strange ways, but many of these quirks are consistent. We can learn some of these special brain rules and work with them. If we don't, we'll simply walk away muttering, "I just don't get it. Nothing makes sense." So instead of cursing the darkness, enjoy learning new and better ways to understand how we and our prospects think and act. We will smile as we learn how to deal with the 3-pound challenges inside our skulls. And the bonus? We will recognize these irrational brain rules as they play out in real life. With knowledge comes power.

Where do I start? What do I say? I don't want to sound like a salesman. How can I relax my prospects? When we are untrained, giving presentations can be difficult. We don't know the real questions in the minds of our prospects. We don't know what triggers a "yes" or "no" decision. Many times, we don't even know where to start. Our fascination with information holds us back. We can't see the big picture because we are drowning in facts. And, what actually is the big picture? It is simply this: Does the prospect want to join our business or not? But what would happen if we changed our entire business presentation model? First, we learn to get presentation appointments with almost 100% of the people we talk to. Next, we learn to give our entire business presentation in less than one minute. If we could do this, how do we think our prospects will feel? Thrilled! When we can give our entire business presentation in less than one minute, many good things happen. We save time, not only for ourselves, but for our prospect. That makes two people happy. Plus, this gives us the flexibility to give our presentation anywhere, at any time, in any circumstances. And finally, all the sales tension disappears from our prospects when they know our presentation will take only one minute.
