'The Flower Yard is simply gorgeous. Inspirational, sumptuous and packed with refreshingly down-to-earth advice. I love this book.' Nigel Slater 'The Kew-trained king of the small-space garden.' Guardian  
Arthur Parkinson's town garden is like a path of pots, a tiny, exposed stage on bricks. Despite its small size, a flower-filled jungle in Venetian tones is grown here each year, in defiance of urbanisation. The plants act like drapes, closing gently as their growth engulfs the front door, from either side of the path, to the buzz of precious bees. This is gardening done entirely in pots, yet on a grand scale that will inspire anyone who wants their doorstep or patio to be a glamorous and lively canvas that nurtures them visually and mentally. From jewel scatterings of crocus, flocks of parrot tulips and scented sweet peas to galaxies of single dahlias, towering giraffes of amaryllises grown inside for winter and endless vases of cut blooms through the seasons. With his bantam hens at his feet, Arthur shares his life, knowledge, flair and influences for planting creatively, all of which combine to create a space that's rich in ever-changing colour and life.

There is advice on what to grow – from favourite hardy annuals, half hardies and biennials to spring and summer bulbs to adding foliage and fillers to balance arrangements – and advice on how and when to sow, how to support your plants and tips on weeding, deadheading, pests and feeding. Growing your own means greater choice, working with the seasons and super fresh flowers. Bought flowers can be expensive and the international flower trade often means dangerous chemicals, poor working conditions for growers, demands on water resources and the ‘flower miles’ of worldwide airfreight. This book will help you get the most from your patch with guidance on how to cut the flowers so that they keep producing more blooms and how to look after them once they have been picked. The Cut Flower Patch is completed by a selection of flower arranging tips and sample arrangements as well as tips on finding great containers, planting plans and a helpful year planner. The Cut Flower Patch won the ‘Best Practical Book’ at the Garden Media Guild Awards, 2014. Jason Ingram won Photographer of the Year at the Garden Media Guild Awards, 2014.

This practical guide shows how to grow decorative flowers and foliage and use them to create floral arrangements, plans, plant and maintain a well-stocked cutting garden, and demonstrates how to create arrangements ranging from simple bunches to romantic hanging globes, swags and medallions.

health, introduce you to their favourite blooms and inspire you to create your own cutting garden with expert knowledge on how to grow and what to gather by season. This is the story of The Land Gardeners, creators of productive gardens and stunning bundles of cut flowers. Based in the original walled garden at Wardington Manor, The Land Gardeners have revived the tradition of working with the land to produce abundant, seasonal flowers for clients' use in decoration, design and events. But for all the frivolous, bucolic beauty of the flowers, it is the productivity and health of the soil that truly underpins The Land Gardeners' philosophy. The book explores lively soil, the joy (and, arguably, necessity) of gathering from our gardens, and the imperative that we care for our soils and live among healthy, vital gardens. Chapters include: The Land Gardeners – how Bridget Elworthy (New Zealand) and Henrietta Courtauld (England) created The Land Gardeners in 2012, their background in growing and designing, their philosophy. A Floral History – how it all began in the walled garden at Wardington Manor, Oxfordshire, England. Creation of a Cutting Garden – the fundamental importance of soil health. The life in the soil: how we improve it, how we feed it, how we make compost. The importance of organic and biodynamic growing. The Flower Room – gathering, preparing, arranging and selling. A Year of Flowers – growing throughout the year: spring (narcissi, tulips, hesperis); summer (roses, peonies, delphiniums, scabious, ammi); autumn (cosmos, dahlias, gladiolus); winter (bulbs,
