*the importance of environmental scanning and the importance of LIS professionals using their awareness of new information to make a difference. Being alert and keeping track of the latest developments are not enough. Information should be used to generate new knowledge, to inspire, to make progress and to survive. LIS professionals need to be confident that they can prepare for new challenges, deal with information anxiety and information overload and claim new professional roles. Well-informed, confident and creative LIS professionals should be an inspiration to other professions: their use of alerting services should serve as a benchmark for others. The book draws on research on information behaviour, information usage, and information communication and also on alerting services, environmental scanning, and knowledge generation. Explores environmental changes affecting LIS professionals and the challenges they face Explores the need for LIS professionals to offer a benchmark for others in the use of alerting services Explores the variety of potentially useful alerting services (with special reference to WWW services) From the latest in backslashes to elegant faucet fixtures, Kitchen Ideas You Can Use, Updated Edition helps you create the kitchen of your dreams. On average, each American throws away a staggering one ton of trash every year. Most of that trash will reach a dead end in a landfill, taking up space and polluting the earth. We can all make an effort to live a life less trashy by recycling, reusing, and being smart about what we buy. But what can we do with the trash we do make? Cities all over the world are making their trash work for them by turning it into energy. In waste-to-energy power plants, trash is burned in a controlled way to generate electricity while keeping it out of the landfill. Even landfilled trash can be used to generate energy, if we harness the gas released when garbage breaks down. Turning trash into energy is a practical way to help our landfills

*Following the success of his first book, the 2009 sleeper, "Why I Hate Straws," online humor columnist Barry Parham delivers again. Satire at its best! Includes the award-winning stories "Actuarial Family Theater" and "Perfect!" on Fads & Fashion... In the interest of full disclosure, I admit there's an extant 1970's photo of me and a date, posing for the obligatory parental pre-prom photo. My date was gorgeous, and sane. I, on the other hand, showed up with the hair of a medieval barber. I looked like an electrocuted yak. on St. Valentine's Day... Somehow, February got this reputation as a month of romance, maybe because it's cold. Plus, football's gone and we're stuck with the wildly popular sport of bowling, where you almost never get to see any serious violence. St. Valentine's Day contains vestiges of both early Christian and ancient Roman traditions, alongside other time-honored traditions, like hot-dish picnics and mass public executions. Holiday Factoid: "vestiges" is the classical Greek plural of "vest." on Typos... A local TV station was updating the community on snowstorm-based church closings. According to the typists at the station, there was a church somewhere called St. Martyer. Imagine - an entire religious sect dedicated to turning people into Ernest Borgnine.*
