First love never dies, but can depression bury it alive?

Like most young adults, Jimmy Wharton is trying to carve out a happy, successful life for himself. It's hard enough to do under any circumstances, but when he starts suffering from depression, becoming the person he wants to be feels overwhelmingly unachievable, as his illness seems destined to shatter his world. Olivia, Jimmy's high school sweetheart and long-term girlfriend, initially tries to support him in every way she can. But as Jimmy spirals downwards, their

relationship begins to break at the seams, and they are forced to face the devastating reality that as strong as they know their love is, the force of Jimmy's depression could be even stronger. Set against the backdrop of Sydney's iconic Manly Beach, "I Will Not Kill Myself, Olivia" is a tale about the intoxicating, heartbreaking, unforgettable experience of first love; about all the mistakes we make on the road to adulthood; and about an illness that afflicts 350 million people worldwide. Our post pandemic world, with its numerous disruptions, has also forced more people to seek help for mental health issues. While much has been said about the toll on mental health, there is little understanding of why people choose to kill themselves, especially when many, like

Depression is living in a body that fights to survive . . . with a mind that tries to die. Depression is fear, despair, emptiness, numbness, shame, embarrassment and the inability to recognise the fun, happy person you used to be. Depression is the incapacity to construct or envision a future. Depression is losing the desire to partake in life. Depression can cause you to feel completely alone - even when you're surrounded by people. Worst of all, depression can convince you that there's no way out. It can convince you that your pain is eternal, and destined to oppress you for the rest of your days. And it's when you're in that horrifically black place, staring down the barrel of what you truly believe can

only be a lifetime of wretched agony, that your thoughts turn to suicide - because depression has convinced you that it's the only way out. But depression is a liar. Recovery IS possible - and I can prove it to you. My name's Danny Baker, and for four years, I suffered from life-threatening bouts of depression that led to alcoholism, drug abuse, medicine-induced psychosis, near suicide attempts and multiple hospitalisations. But over time, I managed to recover, and these days, I'm happy, healthy, and absolutely love my life. "Depression is a Liar" is a memoir that recounts my struggle and eventual triumph over depression. I wanted to tell my story to show people with depression that they're not

Online Library I Will Not Kill Myself, Olivia

alone. Of course, I also wanted to share the lessons I learned on the long, rocky, winding road that eventually led to recovery - particularly with regards to relationships; substance abuse; choosing a fulfilling career path; perfectionism; seeking professional help; and perhaps most importantly, having a positive, healthy attitude towards depression that enables recovery. Above all else, however, I wrote this memoir to give sufferers hope, and to show them that no matter how much they're struggling, that recovery is always, always possible. Free Bonus Content To further help people recover from depression and help their loved ones better understand the illness, all readers will also receive

While doing so, I'll also cover how to deal with some very common causes of depression including spending too much time with toxic people, anger, being prisoners of what others think of us, perfectionism, negative thinking, worrying about things beyond our control, and many, many more. Online Course 2: How To Tell Someone That You Have Depression. In this course, we'll talk

about how and when to tell those around you that you have depression. Bonus Videos: 15 Things I Wish People Knew About Depression; The 15 Best And Worst Things You Can Say To Someone With Depression; Why Your Teenager (In Particular) Needs To Learn About Depression - Before It's Too Late; and How To Support A Loved One Who Suffers From Depression. Sociological and psychiatric studies on suicide based on Western ideas about human nature see suicide as social or individual disorder. Suicide in China, however, should be understood differently. By analyzing 30 cases, Wu Fei studies the dynamics of suicide in terms of family politics and local psychology and finds that suicide is committed when a power balance is broken in the games of power in the family. Unlike public injustice, domestic injustice is not only closely related to, but also often strengthened by emotional interdependence. Suicide and depression are different responses to the same situation of domestic injustice. The book also covers suicide as perceived by rural people outside the family; how suicide is

viewed in politics; suicide prevention and studies of suicide in Chinese modern intellectual history. Showing that suicide in China is not mainly caused by too traditional values, but reflects a dilemma in Chinese modernity, this book should be of interest to students and scholars in Chinese studies; sociology; anthropology and suicide studies.

for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church

What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your

world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is

present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect. Celebrated transsexual trailblazer Kate Bornstein has, with more humor and spunk than any other, ushered us into a world of limitless possibility through a daring re-envisionment of the gender system as we know it. Here, Bornstein bravely and wittily shares personal and unorthodox

methods of survival in an often cruel world. A one-of-a-kind guide to staying alive outside the box, Hello, Cruel World is a much-needed unconventional approach to life for those who want to stay on the edge, but alive. Hello, Cruel World features a catalog of 101 alternatives to suicide that range from the playful (moisturize!), to the irreverent (shatter some family values), to the highly controversial. Designed to encourage readers to give themselves permission to unleash their hearts' harmless desires, the book has only one directive: "Don't be mean." It is this

guiding principle that brings its reader on a self-validating journey, which forges wholly new paths toward a resounding decision to choose life. Tenderly intimate and unapologetically edgy, Kate Bornstein is the radical role model, the affectionate best friend, and the guiding mentor all in one.

It Is Possible to Recover and Be Happy Again - Even If You Don't Believe It Right Now

For much of his thirties, Jesse Bering thought he was probably going to kill himself. He was a successful psychologist and writer, with books to his name and bylines in major magazines. But none of that mattered. The impulse to take his own life remained. At times it felt all but inescapable. Bering survived. And in addition to

relief, the fading of his suicidal thoughts brought curiosity. Where had they come from? Would they return? Is the suicidal impulse found in other animals? Or is our vulnerability to suicide a uniquely human evolutionary development? In Suicidal, Bering answers all these questions and more, taking us through the science and psychology of suicide, revealing its cognitive secrets and the subtle tricks our minds play on us when we're easy emotional prey. Scientific studies, personal stories, and remarkable cross-species comparisons come together to help readers critically analyze their own doomsday thoughts while gaining broad

insight into a problem that, tragically, will most likely touch all of us at some point in our lives. But while the subject is certainly a heavy one, Bering's touch is light. Having been through this himself, he knows that sometimes the most effective response to our darkest moments is a gentle humor, one that, while not denying the seriousness of suffering, at the same time acknowledges our complicated, flawed, and yet precious existence. Authoritative, accessible, personal, profound—there's never been a book on suicide like this. It will help you understand yourself and your loved ones, and it will change the way you think about this most vexing of

human problems.

“We do not kill children; we do not commit rape; we do not take pleasure in torment.”

Dorac Kingsbrother was one of the King’s Thirty in the kingdom of Marod. That was before he was found guilty of the murder of Lord Gahran’s three children. Though Gahran was a traitor, his children were innocent. The code of the King’s Thirty leaves no room for such a barbaric act, and for this heinous crime Dorac faces a life in exile. The shame of such a sentence is something that Dorac can’t brook, and so he sets off on a journey to the Old Stones, the place where those that seek death meet their end.

Online Library I Will Not Kill Myself, Olivia

Followed by Gormad, a child in search of adventure, Dorac is not alone on his final journey. But not everyone believes that Dorac is guilty. Gemara Kingsister, head of the Six, investigates the murder of Gahran's children; though there is more at stake than the life of a lone warrior in this, the first of the Tales from Ragaris.

Editor Carolyn Lennox characterizes the redecision therapist as a director in an improvisational theater. Guided by the client's personal contract for change, the therapist helps the client select and rewrite old scripts in which he or she was cast as victim. By keeping

the dialogue moving and assisting the client in confronting negative messages, the therapist supports revision of the last act so that the self can be experienced as triumphant protagonist and the victory can be carried over into everyday life. This compendium of contributions from twenty-two experienced redecision therapists first addresses issues of theory—how to negotiate a clear contract for change, how to identify client impasses, how to access the client's potential for creativity (what transactional analysis calls the "natural child")—and then illustrates applications of the theory in the treatment of depression, anxiety,

bulimia, PTSD, and so forth in individuals and groups and in private, HMO, and hospital settings. Closing chapters discuss redecision therapy training and supervision. The book's thoroughly accessible approach to brief, action-oriented therapy will be welcomed by students and practitioners alike as what Dr. Lennox gracefully terms "teachable and learnable magic."

A Call to the Unconverted ... New edition

In offering this volume to the public, there is no desire to promulgate any ism or cult, but to present the records and deductions of thirty years experimental research in the science of normal and abnormal psychology, as the same pertains to the obscure problems of a life hereafter and its relation to human affairs, which all thinking minds must recognize as being of utmost importance. □ From the Introduction

There are two outstanding classics on the subject of

Online Library I Will Not Kill Myself, Olivia

conversion: A Call to the Unconverted, Richard Baxter; and, An Alarm to the Unconverted, Joseph Alleine. Richard Baxter was a bright and shining light in the golden age of theology, the seventeenth century. Not only was he the most voluminous author of his day (72 volumes), but also his shepherding of his flock at Kidderminster was so phenomenal that it stands as a marker for all other pastors and evangelists. He practiced what he teaches in this book. The host of conversions under his preaching testifies to the power of the message in A Call. Baxter was always plain spoken to sinners:

Online Library I Will Not Kill Myself, Olivia

"Whoever loves earth above Heaven, and fleshly prosperity more than God, is a wicked, unconverted man " "We are commanded to beseech and entreat you to accept the offer and turn; to tell you what preparation is made by Christ; what mercy stays for you; what patience waits on you . . .how certainly and unspeakable happy you may be if you will. We have indeed a message of wrath and death; yea, of a twofold wrath and death; but neither of them is our principal message. We must tell you of the wrath that is on you already, and the death that you are born under for the breach of the law of works. But this is

Online Library I Will Not Kill Myself, Olivia

only to show you the need of mercy, and to provoke you to esteem the grace of the Redeemer. . . . Our telling you of your misery is not to make you miserable, but to drive you out to seek for mercy. It is you who have brought this death on yourselves. We tell you also of another death, one even remediless, and much greater torment that will fall on those who will not be converted. . . This is the last and saddest part of our message. We are first to offer you mercy, if you will turn." (Pp. 21, 22).

This is a frank, compassionate book written to those who contemplate suicide as a way out of their

situations. The author issues an invitation to life, helping people accept the imperfections of their lives, and opening eyes to the possibilities of love.

the Holy Ghost

The Story of Helena Valero, a Girl Kidnapped by Amazonian Indians

Introduces young readers to Catholic beliefs as expressed in the Catechism of the Catholic Church.

"Suicides are preventable. Even so, every 40 seconds a person dies by suicide somewhere in the world and many more attempt suicide. Suicides occur in all regions of the world and throughout the lifespan. Notably, among young people 15-29 years of age, suicide is the second leading cause of death globally. Suicide impacts

on the most vulnerable of the world's populations and is highly prevalent in already marginalized and discriminated groups of society. It is not just a serious public health problem in developed countries; in fact, most suicides occur in low- and middle-income countries where resources and services, if they do exist, are often scarce and limited for early identification, treatment and support of people in need. These striking facts and the lack of implemented timely interventions make suicide a global public health problem that needs to be tackled imperatively. This report is the first WHO publication of its kind and brings together

what is known in a convenient form so that immediate actions can be taken. The report aims to increase the awareness of the public health significance of suicide and suicide attempts and to make suicide prevention a higher priority on the global public health agenda. It aims to encourage and support countries to develop or strengthen comprehensive suicide prevention strategies in a multisectoral public health approach. For a national suicide prevention strategy, it is essential that governments assume their role of leadership, as they can bring together a multitude of stakeholders who may not

otherwise collaborate. Governments are also in a unique position to develop and strengthen surveillance and to provide and disseminate data that are necessary to inform action. This report proposes practical guidance on strategic actions that governments can take on the basis of their resources and existing suicide prevention activities. In particular, there are evidence-based and low-cost interventions that are effective, even in resource-poor settings. This publication would not have been possible without the significant contributions of experts and partners from all over the world. We would like to thank them for their important work and

support. The report is intended to be a resource that will allow policy-makers and other stakeholders to make suicide prevention an imperative. Only then can countries develop a timely and effective national response and, thus, lift the burden of suffering caused by suicide and suicide attempts from individuals, families, communities and society as a whole."--Preface, page 03.
