

Lives Of The Musicians: Good Times, Bad Times (and What The Neighbors Thought)

Winner of the 2010 Non-Fiction National Book Award Patti Smith's evocative, honest and moving coming-of-age story of her extraordinary relationship with the artist Robert Mapplethorpe

Once-in-a-generation memoir of a rock legend - the No. 1 SUNDAY TIMES bestseller.

'Electrifying' New York Times 'A masterpiece' The Word 'Funny, poignant, brutally honest'

Sunday Telegraph With the Rolling Stones, Keith Richards created the riffs, the lyrics and the songs that roused the world, and over four decades he lived the original rock and roll life: taking the chances he wanted, speaking his mind, and making it all work in a way that no one before him had ever done. Now, at last, the man himself tells us the story of life in the crossfire hurricane. And what a life. Listening obsessively to Chuck Berry and Muddy Waters records as a child in post-war Kent. Learning guitar and forming a band with Mick Jagger and Brian Jones. The Rolling Stones' first fame and success as a bad-boy band. The notorious Redlands drug bust and subsequent series of confrontations with a nervous establishment that led to his enduring image as outlaw and folk hero. Creating immortal riffs such as the ones in 'Jumping Jack Flash' and 'Street Fighting Man' and 'Honky Tonk Women'. Falling in love with Anita Pallenberg and the death of Brian Jones. Tax exile in France, wildfire tours of the US, 'Exile on Main Street' and 'Some Girls'. Ever increasing fame, isolation and addiction. Falling in love with Patti Hansen. Estrangement from Mick Jagger and subsequent reconciliation. Solo albums and performances with his band the Xpensive Winos. Marriage, family and the road that goes on for ever. In a voice that is uniquely and intimately his own, with the disarming honesty that has always been his trademark, Keith Richards brings us the essential life story of our times.

'Hairspray', the hit musical, is based on John Waters' affectionately subversive homage to his Baltimore youth and the biggest hit musical on Broadway. This is a complete book

of lyrics from the Broadway musical.

In *Why Beethoven Threw the Stew*, renowned cellist Steven Isserlis sets out to pass on to children a wonderful gift given to him by his own cello teacher - the chance to people his own world with the great composers by getting to know them as friends. Witty and informative at the same time, Isserlis introduces us to six of his favourite composers: the sublime genius Bach, the quicksilver Mozart, Beethoven with his gruff humour, the shy Schumann, the prickly Brahms and that extraordinary split personality, Stravinsky. Isserlis brings the composers alive in an irresistible manner that can't fail to catch the attention of any child whose ear has been caught by any of the music described, or anyone entering the world of classical music for the first time. The lively black and white line illustrations provide a perfect accompaniment to the text, and make this book attractive and accessible for children to enjoy on their own or share with an adult.

The Impact of Music on Human Development and Well-Being

Lives Of The Musicians

90s nostalgia is entering full bloom. Indeed, one of 2021's biggest tours is poised to be Alanis Morissette with openers Garbage and Liz Phair. This is the music Generation X came of age listening to--the songs that millennials cut their teeth on. In *Lived Through This*, seasoned photographer and music enthusiast Mike Hipple shares personal and engaging photographic portraits of dozens of the 90s' greatest artists. Each portrait is paired with an interview that reveals the details of each musician's time in the limelight and where their lives have taken them. Their words and images are open, honest, inspiring, and revealing, offering profound and humorous memories and gems of wisdom that will resonate with fans and music lovers alike. From Nivana's Krist Novoselic to Magnapop's Ruthie Morris and Linda Hopper to Arrested Development's Speech, the portraits and stories featured in *Lived Through This* cover a wide range of rock, rap, and indie stars. Whether they were chart toppers or underground sensations, the artists in Hipple's epic collection tell the story and reawaken the songs of a pivotal generation of musicians.

It's no secret that Beethoven went deaf, that Mozart had constant money problems, and that Gilbert and Sullivan wrote musicals. But what were these people—and other famous musicians—really like? What did they eat? What did they wear? How did they spend their time? And—possibly most interesting of all—what did their neighbors think? Discover the fascinating and often humorous stories of twenty famous musicians—people of all shapes, sizes, temperaments, and lifestyles, from various countries and historical periods. Beginning with Vivaldi and ending with Woodie Guthrie, *Lives of the Musicians* brings musical history to life!

Daniel Nash struggles to reconcile his feelings of betrayal with his desire to understand his life. His hopes of uncovering the secrets revealed in his father's journals are quickly dashed, and he works with a private investigator to discover the truth. Worry about his wife, Sarah, combines with his efforts to cope with his childhood trauma, an unexpected death, and the recent revelations. His obsession with the past threatens to destroy his stable life. Meanwhile, Sarah and her father, Tristan, continue to combat the lingering discord that developed between them years before but refuse to take their main focus from Daniel. As he reviews his biological father's efforts to be a good man, Daniel searches for a way to comprehend shocking disclosures. He questions his own goodness as he fights not to emotionally withdraw from those around him, especially the two people he knows will always love him, Sarah and Tristan.

Three years after his arrival onboard, Tommy begins Specific Training to assume his place in his father's society. The transition to adulthood, laden with unexplored emotions and overwhelming responsibilities, have made this unstoppable change too much to handle. Tommy wants to go back home, to Earth, to a way of life he'd been forced to leave behind. An unforeseen attack on his father, a disaster on Earth, and the added weight of responsibility take their toll on the young man, who suddenly finds himself struggling to save the ones he loves.

Story-Lives of Great Musicians

Lives of the Musicians

I'm Your Man

On Music and Musicians

What Your Teachers Never Told You about the World's Musical Masters

An authoritative work offering a fresh look at Beethoven's life, career, and milieu. "Magisterial" —New York Review of Books. This brilliant portrayal weaves Beethoven's musical and biographical stories into their historical and artistic contexts. Lewis Lockwood sketches the turbulent personal, historical, political, and cultural frameworks in which Beethoven worked and examines their effects on his music. "The result is that rarest of achievements, a profoundly humane work of scholarship that will—or at least should—appeal to specialists and generalists in equal measure" (Terry Teachout, Commentary). Finalist for the Pulitzer Prize.

Read Book Lives Of The Musicians: Good Times, Bad Times (and What The Neighbors Thought)

"Lewis Lockwood has written a biography of Beethoven in which the hours that Beethoven spent writing music—that is, his methods of working, his interest in contemporary and past composers, the development of his musical intentions and ideals, his inner musical life, in short—have been properly integrated with the external events of his career. The book is invaluable."
—Charles Rosen "Lockwood writes with poetry and clarity—a rare combination. I especially enjoyed the connection that he makes between the works of Beethoven and the social and political context of their creation—we feel closer to Beethoven the man without losing our wonder at his genius." —Emanuel Ax "The magnum opus of an illustrious Beethoven scholar. From now on, we will all turn to Lockwood's Beethoven: The Music and the Life for insight and instruction." —Maynard Solomon "This is truly the Beethoven biography for the intelligent reader. Lewis Lockwood speaks in his preface of writing on Beethoven's works at 'a highly accessible descriptive level.' But he goes beyond that. His discussion of the music, based on a deep knowledge of its context and the composition processes behind it, explains, elucidates, and is not afraid to evaluate; while the biographical chapters, clearly and unfussily written, and taking full account of the newest thinking on Beethoven, align closely with the musical discussion. The result is a deeply perceptive book that comes as close as can be to presenting the man and the music as a unity."—Stanley Sadie, editor, The New Grove Dictionary of Music and Musicians "Impressive for both its scholarship and its fresh insights, this landmark work—fully accessible to the interested amateur—immediately takes its place among the essential references on this composer and his music."—Bob Goldfarb, KUSC-FM 91.5 "Lockwood writes like an angel: lucid, enthusiastic, stirring and enlightening. Beethoven has found his ablest interpreter."—Jonathan Keates, The Spectator "There is no better survey of Beethoven's compositions for a wide audience."—Michael Kimmelman, The New York Times Book Review

In the last few years, the podcast industry has really boomed. Every journalist and celebrity worth their salt now has their own. But what makes Life In The Stocks special? Well, for one thing it's the eclectic pool of speakers from a wide range of creative disciplines. It's also the rawness, honesty, and vulnerability of the conversations that Matt Stocks shares with his guests: the interviews are completely candid, unchecked, and authentic. For the purpose of this book, Life In The Stocks: Veracious Conversations with Musicians & Creatives Vol. 2, Matt collected highlights from the first eighteen months of the podcast, and presented the anecdotes, musings, and observations in a new format, to tell new stories and tie them together in a way that takes the reader on an emotional journey—from early childhood memories to the dizzying heights of fame, via creative enterprises, experimentation with mind-altering substances, battles with mental health, spiritual contemplations, the meaning of life, death, and a whole lot more. Full of inspirational, entertaining, shocking, tragic, heart-warming, and hilarious tales, Life In The Stocks Vol. 2 is much more than just a collection of interview transcripts: it is an insight into the minds of some of America's most enduring underground artists and an exploration of the history of alternative culture in the US, filtered via the perspective of someone from the UK. In short, it's a unique and special cultural commentary, and one you will not want to put down.

Lives Of The Musicians Good Times, Bad Times (and What the Neighbors Thought) HarperCollins

True tales of murder, riots, heartbreak, and great music. With outrageous anecdotes about everyone from Gioachino Rossini (draft-dodging womanizer) to Johann Sebastian Bach (jailbird) to Richard Wagner (alleged cross-dresser), Secret Lives of Great Composers recounts the seamy, steamy, and gritty history behind the great masters of international music. You'll learn that Edward Elgar dabbled with explosives; that John Cage was obsessed with fungus; that Berlioz plotted murder; and that Giacomo

Puccini stole his church's organ pipes and sold them as scrap metal so he could buy cigarettes. This is one music history lesson you'll never forget!

Their Lives and Works

Arrangers in Popular Music (1950-2000)

In her intense, brief life, Amy Winehouse's music spoke directly to millions. And since her death, her fans have only increased. Amy Winehouse is one of those pop stars that comes along so rarely we're not sure we knew what we had when we had her. Her story speaks to us not because the relentless tabloid coverage of her darker days unfolded in real time, but because she tapped into deeply personal yet universal feelings and displayed them to us in all their painful, raw glory. She turned our demons into something we could dance and sing to, and she skewered those who wronged her in ways we could only dream of.

This is a compelling and inspiring look at spiritual beliefs that influenced some of the world's greatest composers, now revised and expanded with eight additional composers.

The long-awaited memoir of Booker T. Jones, leader of the famed Stax Records house band, architect of the Memphis soul sound, and one of the most legendary figures in music. From Booker T. Jones's earliest years in segregated Memphis, music was the driving force in his life. While he worked paper routes and played gigs in local nightclubs to pay for lessons and support his family, Jones, on the side, was also recording sessions in what became the famous Stax Studios—all while still in high school. Not long after, he would form the genre-defining group Booker T. and the MGs, whose recordings went on to sell millions of copies, win a place in Rolling Stone's list of top 500 songs of all time, and help forge collaborations with some of the era's most influential artists, including Otis Redding, Wilson Pickett, and Sam & Dave. Nearly five decades later, Jones's influence continues to help define the music industry, but only now is he ready to tell his remarkable life story. Time is Tight is the deeply moving account of how Jones balanced the brutality of the segregationist South with the loving

support of his family and community, all while transforming a burgeoning studio into a musical mecca. Culminating with a definitive account into the inner workings of the Stax label, as well as a fascinating portrait of working with many of the era's most legendary performers- Bob Dylan, Willie Nelson, and Tom Jones, among them-this extraordinary memoir promises to become a landmark moment in the history of Southern Soul.

Music is spiritual - find out how. Learn about the power of the intuitive experience in music; the link between music, sex, drugs, and spirituality; the role of music in meditation and prayer; music as a universal language; and so much more.

How to Unleash the Hand of God in Your Ministry

"Story-Lives of Great Musicians" by Francis Jameson Rowbotham. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

This volume offers a collection of articles written by the renowned conductor and scholar Max Rudolf, together with a selection of his correspondence relating to material in the articles. Max Rudolf's conducting career spanned seventy years, from his first performances in 1920-21 to his last in 1990. His life was devoted to performing, scholarship, and teaching. He conducted at the Metropolitan Opera from 1943 to 1937 and was Musical Director of the Cincinnati Symphony from 1938 to 1970, after which he combined guest conducting with teaching opera and conducting at the Curtis Institute in Philadelphia. The articles reflect a lifetime of thought on the art of conducting, musical style, and performance practice. Rudolf, known as an interpreter of the classical repertoire, freely shared his vast knowledge of Mozart's and Beethoven's scores with colleagues and students. His conducting book, *The Grammar of Conducting*, has been the leading college text in the field for many years. As such it has extended his

Read Book Lives Of The Musicians: Good Times, Bad Times (and What The Neighbors Thought)

influence on many generations of conductors. Throughout his life, Rudolf corresponded voluminously with other musicians. The letters included in this volume were selected because they shed a warm, personal light on the formal published articles thus providing an opportunity to share the mind and thoughts of an outstanding human being.

Publisher description

From Beethoven and Kafka to George Sand, Picasso and Agatha Christie, this compilation of letters, diaries and interviews reveals the profound fusion of discipline and dissipation through which the artistic temperament is allowed to evolve, recharge and emerge. 20,000 first printing.

A Song of Life

And Lots More Stories About the Lives of Great Composers

The Good Life Crisis

His name was Prince, and he was funky. He was also inspiring, infuriating, visionary, secretive, seductive, contradictory. Especially contradictory. He channelled dualities as if doing so were the most natural thing in the world. When he changed his name to an unpronounceable glyph, he merged symbols of the male and female to represent himself. When he recorded music - a daily torrent of creativity - he slipped with ease between male and female points of view. Switching instruments and musical styles throughout concerts and across albums - sometimes during individual songs - he saw no boundaries; instead, he brought opposing forces together. Like sex and religion - especially sex and religion - embarking on a quest to reconcile a dirty mind with a love for God. This book will chart the 5' 2" 'Minneapolis genius' rise from 'the next Stevie Wonder' to a unique artist whose towering legacy continues to shape pop culture.

The music ministry is a very attractive ministry indeed. It is a ministry that inspires people, which blesses people, which causes people to encounter God. It is important therefore for Musicians to understand that the God who made music is a Master Musician Himself. He established the foundations of this great gift and made it available for us to discover. The Calling of a Musician is a book that unveils important principles to empower Musicians to excel in their calling and to function effectively the way God designed them to function. This book will teach you: 1. How to relate to God in your life as a Musician 2. The importance of walking with God. 3. How to respond to God through your songs as a Musician 4. The difference between Spirit-filled songs and non-Spirit-filled songs... and many more!

Ernst von Dohnányi (1877-1960) was one of the most highly respected musicians of his time. He was a virtuoso pianist, composer, and conductor who brought international prominence to Hungarian music. From a young age Dohnányi enjoyed an international

Read Book Lives Of The Musicians: Good Times, Bad Times (and What The Neighbors Thought)

prestige that brought him into contact with such 19th-century masters as Johannes Brahms and Eugene d'Albert. Dohnányi's technique and interpretive skills as a pianist and conductor are legendary. He is also remembered as the composer of masterpieces for piano, chamber ensembles, and orchestra. As a teacher and administrator, Dohnányi was responsible for the training of an entire generation of musicians in Hungary, and for helping to shape the country's musical culture. After World War II, Dohnányi's career suffered when he was falsely accused of being a Nazi sympathiser. Although he was eventually able to disprove the allegations, rumours would continue to follow him. In 1953, at the age of 76, Dohnányi returned to international prominence with a triumphant 're-debut' at Carnegie Hall. Ernst von Dohnányi: A Song of Life is the first English-language biography of the musician. Written by Ilona von Dohnányi, Dohnányi's widow, it presents a unique perspective. The first half of the book relates Dohnányi's public life through 1937 as a great musician who brought international prominence to Hungarian music through his own unparalleled success as a virtuoso pianist, composer, conductor, and pedagogue. The second half recounts the demise of Dohnányi's career after World War II, when he was falsely accused of being a Nazi sympathiser and his triumphant return to performing late in life. A book for musicians, music lovers, and anyone interested in Dohnányi and the musical life of his times.

This fascinating new installment in the popular "Lives of..." series of collective biographies is full of juicy tidbits about history's greatest scientists."

A Sweet Hot Summer Novel

90s Alternative Musicians Today

Robert Schumann

The fascinating stories behind 50 of the world's best-loved songs

Profiles the lives of twenty composers and musicians, ranging from Vivaldi, Mozart, and Bach to Gershwin, Gilbert and Sullivan, and Woody Guthrie.

Music is one of the most universal ways of expression and communication in human life and is present in the everyday lives of people of all ages and from all cultures around the world. Music represents an enjoyable activity in and of itself, but its influence goes beyond simple amusement. Listening to music, singing, playing, composing and improvising, individually and collectively, are common activities for many people: these activities not only allow the expression of personal inner states and feelings, but also can bring many positive effects to those who engage in them. There is an increasing wealth of literature concerning the wider benefits of musical activity, and research in the sciences associated with music suggests that there are many dimensions of human life (physical, social,

psychological—including cognitive and emotional) which can be affected positively by music. The impact that musical activity has on human life can be found in different processes, including a transfer of learning from the musical to another cognitive domain. Abilities that have been developed through music education and training may also be effectively applied in other cognitive tasks. Engagement in successful music activity may also have a positive impact on social skills and social inclusion, thus supporting the participation of the individual in collective and collaborative musical events. The promotion of social participation through music can foster many kinds of inclusion, including intercultural, intergenerational, and support for those who are differently abled. The aim of this Research Topic is to present a diverse range of original articles that investigate and discuss, in different ways, the crucial role that musical activity can play in human development and well-being. The Good Life Crisis is a project that seeks to find the best answers to the question “What is the Good Life?” After traveling around the world and interviewing hundreds of inspiring people, Nick Shelton has compiled a book based on the best advice he's received. Comprised of humorous stories and practical advice, it provides you a glimpse of how to lead an ideal life in the 21st century. Containing just over 40 chapters, the book provides stories, real-life examples, and practical advice on how each of us can improve our lives and we appreciate each day. For more visit, www.TheGoodLifeCrisis.com

In a panoramic biographical history of the giants of classical music—including Handel, Bach, Mozart, Beethoven, Verdi, Brahms, and others—each chapter distills the life of one or more composers, set against the social, political, musical, and cultural background of the time.

A Musical Life

Lives of the Scientists

The Life of Leonard Cohen

How Artists Work

Introduced with a stunning portrait of each featured composer, more than 90 biographical entries trace the friendships, loves, and rivalries that inspired each musical genius and their work. Profiles offer revealing insights into what drove each individual to create the musical masterpieces - symphonies, concertos and operatic scores - that changed the direction of classical music and are still celebrated as masterpieces today. Lavishly illustrated with paintings or photographs of each composer, alongside original musical scores and personal correspondence, images of their homes and where they worked, and personal effects and other important artefacts, the book introduces the

key influences, themes, and working methods of each individual, setting their works within a wider historical and cultural context. Charting the development of classical music and music movements across the centuries, Composers provides a compelling glimpse into the personal lives, loves, and influences of the giants of the classical music canon.

"This is an in-depth study of arrangers in pop, analyzing their techniques and revealing their significant contribution to popular music"--p. 4 of cover.

WITH A NEW AFTERWORD BY THE AUTHOR The definitive biography of the late Leonard Cohen - singer-songwriter, musician, poet, and novelist. The genius behind such classic songs as Suzanne, So Long, Marianne, Bird on the Wire and Hallelujah, Leonard Cohen has been one of the most important and influential songwriters of our time, a man of spirituality, emotion, and intelligence whose work has explored the definitive issues of human life - sex, religion, power, meaning, love. I'm Your Man explores the facets of Cohen's life. Renowned music journalist Sylvie Simmons draws on Cohen's private archives and a wealth of interviews with many of his closest associates, colleagues, and other artists whose work he has inspired. Containing exclusive material and interviews, this is the biography to buy on Leonard Cohen.

Camille Saint-Saens is a memorable figure not only for his successes as a composer of choral and orchestral works, and the eternally popular opera Samson et Dalila, but also because he was a keen observer of the musical culture in which he lived. A composer of vast intelligence and erudition, Saint-Saens was at the same time one of the foremost writers on music in his day. From Wagner, Liszt and Debussy to Milhaud and Stravinsky, Saint-Saens was at the center of the elite musical and cultural fin de siecle and early 20th Century world. He championed Schumann and Wagner in France at a period when these composers were regarded as dangerous subversives whose music should be kept well away from the impressionable student. Yet Saint-Saens himself had no aspirations to being a revolutionary, and his appreciation of Wagner the composer was tempered by his reservations over Wagner the philosopher and dramatist, suspicious as he was of what he called "the Germanic preoccupation with going beyond reality." Whether defending Meyerbeer against charges of facility or Berlioz against those who questioned his harmonic grasp, Saint-Saens was always his own man: in both cases, he claimed, it was "not the absence of faults but the presence of virtues" that distinguishes the good composer. Saint-Saens's writings provide a well-argued counter-discourse to the strong modernist music critics who rallied around Debussy and Ravel during the fin de siecle. And above all, they demonstrate a brilliantly sharp and active brain, expressing itself through prose of a

Classical purity and balance, enlivened throughout with flashes of wit and, at times, of sheer malice. In this generously annotated volume, renowned scholar, seasoned translator and radio broadcaster Roger Nichols brings some of the composer's most striking and evocative writings brilliantly to life in English translation, many for the first time. Nichols has carefully chosen these selections for their intrinsic interest as historical documents to create a well-balanced and engaging view of the man, the music, and the age.

The Calling of a Musician

The Life of a Song Volume 1

A Good Man's Life

Good Times Bad Times

Beethoven: The Music and the Life

Who knew that Paul McCartney originally referred to Yesterday as 'Scrambled Eggs' because he couldn't think of any lyrics for his heart-breaking tune? Or that Patti LaBelle didn't know what 'Voulez-vous couches avec moi ce soir?' actually meant? These and countless other fascinating back stories of some of our best-known and best-loved songs fill this book, a collection of the highly successful weekly The Life of a Song columns that appear in the FT Weekend every Saturday. Each 600-word piece gives a mini-biography of a single song, from its earliest form (often a spiritual, or a jazz number), through the various covers and changes, often morphing from one genre to another, always focusing on the 'biography' of the song itself while including the many famous artists who have performed or recorded it. The selection covers a wide spectrum of the songs we all know and love - rock, pop, folk, jazz and more. Each piece is pithy, sparkily written, knowledgeable, entertaining, full of anecdotes and surprises. They combine deep musical knowledge with the vivid background of the performers and musicians, and of course the often intriguing social and political background against which the songs were created.

It is important that young students learn about the lives of the great composers who have enriched our lives with beautiful music. The 12 units in Stories of the Great Composers give elementary students a glimpse into each composer's life, character and music. Includes a CD recording of the suggested listening, featuring one composition by each composer.

One summer can change everything. Jacinda Prescott spent one life-changing summer in Sweet Breeze Bay, New Zealand, and left disaster in her wake. Since then, she's thrown herself into her music career, and her life in LA. But when the price of fame threatens to become more than she's willing to pay, the distant bay calls her back. Liam Ward walked away from everything he knew after the death of his talented brother, the guy Jacinda loved and lost. When he finally returns to the bay, looking for closure, she's the last person he expects to find-and the last woman he should fall for. Stuck as neighbors for the summer, their off-limits attraction is hotter than the South Pacific sun. But the secret that ties them together is the one thing that could destroy her career, and break

their hearts all over again...if they let it.

Beyoncé is not simply a pop sensation. She is a cultural phenomenon empowering the oppressed and dispossessed, challenging white privilege and misogyny and exploding gender politics. But who is Beyoncé Knowles-Carter? And how did a small girl from Houston become the strong confident woman whose albums sell in their millions and whose songs have become anthems against racial and sexual discrimination and oppression? This biography sets out to reveal exactly that.

English for Children Picture

Composers

English for Children Picture Book Series English for Children (Musical Dialogues) consists of 24 lessons designed for children from ages 1-6 for English as native speakers, and 4 to 12 for ESL and EFL learners. Older students with no background in English may enjoy the songs and videos as well. Music involves the children and supports their ability to understand and remember the new vocabulary. Each lesson introduces approximately 6-20 words and is presented in musical dialogue form.

A relentless innovator, scoring chart hits while simultaneously incorporating radical and ground-breaking elements into his work. As with all great pop stars, Bowie's image changed with almost every new album release. This appetite for reinvention, both musically and visually, saw him dubbed the 'chameleon of pop'. But Bowie's influence extended well beyond his discography and make-up drawer. His androgynous qualities and public statements on his sexuality proved liberating for those who were uncertain about their own. Lives of the Musicians: David Bowie covers the years he spent struggling to find the right artistic outlet to the dramatic breakthrough in 1972 with Ziggy Stardust - and afterwards, the excessive lifestyle that nearly cost him his sanity. It continues with his artistic rebirth in Berlin during the late Seventies, the mainstream success he achieved with Let's Dance in 1983 and the artistic price that he paid for it.

Bach to Dvôrák
