The deeply personal story of how award-winning personal finance blogger Elizabeth Willard Thames abandoned a successful career in the city and embraced frugality to create a more meaningful, purpose-driven life, and retire to a homestead in the Vermont woods at age thirty-two with her husband and daughter. In 2014, Elizabeth and Nate Thames were conventional 9-5 young urban professionals. But the couple had a dream to become modern-day homesteaders in rural Vermont. Determined to retire as early as possible in order to start living each day—as opposed to wishing time away working for the weekends—they enacted a plan to save an enormous amount of money: well over seventy percent of their joint take home pay. Dubbing themselves the Frugalwoods, Elizabeth began documenting their unconventional frugality and the resulting wholesale lifestyle transformation on their eponymous blog. In less than three years, Elizabeth and Nate reached their goal. Today, they are financially independent and living out their dream on a sixty-six-acre homestead in the woods of rural Vermont with their young daughter. While frugality makes their lifestyle possible, it's also what brings them peace and genuine happiness. They don't stress out about impressing people with their material possessions, buying the latest gadgets, or keeping up with any Joneses. In the process, Elizabeth discovered the self-confidence and liberation that stems from disavowing our culture's promise that we can buy our way to "the good life." Elizabeth unlocked the freedom of a life no longer beholden to the clarion call to consume ever-more products at ever-higher sums. Meet the Frugalwoods is the intriguing story of how Elizabeth and Nate realized that the mainstream path wasn't for them, crafted a lifestyle of sustainable frugality, and reached financial independence at age thirty-two. While not everyone wants to live in the woods, or quit their jobs, many of us want to have more control over our time and money and lead more meaningful, simplified lives. Following their advice, you too can live your best life.

The 'Love Planet' is a beautiful prequel to the Sean Trilogy which takes everyone on the heart-throbbing journey of two eternal souls whose path is fully embedded with mystery, thrill, and constant struggle. The souls who meant for each other but separated to accomplish their duty to save this universe. Their deeply enrooted love illuminated their path constant but do they able to save themselves from the evil force and its power greed? The 'Sean Trilogy' symbolizes the everlasting search for wisdom lies as a divine spark in all of us and guides us to worship the virtues than the vices.

In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In Love Your Life, Not Theirs, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In Love Your Life, Not Theirs, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of The View "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for Woman's Day "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of Where the Light Gets In "In today's world of social media, the temptation to play the comparison game is stronger than ever. Love Your Life, Not Theirs is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." An introduction to Christian ethics explores ethics as a path to happiness as opposed to a set of strict rules, addressing the topics of

friendship, community, conscience, prudence, virtue, and love.

Helen and Scott Nearing, authors of *Living the Good Life* and many other bestselling books, lived together for 53 years until Scott's death at age 100. *Loving and Leaving the Good Life* is Helen's testimonial to their life together and to what they stood for: self-sufficiency, generosity, social justice, and peace. In 1932, after deciding it would be better to be poor in the country than in the city, Helen and Scott moved from New York City to Vermont. Here they created their legendary homestead which they described in *Living the Good Life: How to Live Simply and Sanelly in a Troubled World*, a book that has sold 250,000 copies and inspired thousands of young people to move back to the land. The Nearings moved to Maine in 1953, where they continued their hard physical work as homesteaders and their intense intellectual work promoting social justice. Thirty years later, as Scott approached his 100th birthday, he decided it was time to prepare for his death. He stopped eating, and six weeks later Helen held him and said goodbye. *Loving and Leaving the Good Life* is a vivid self-portrait of an independent, committed and gifted woman. It is also an eloquent statement of what it means to grow old and to face death quietly, peacefully, and in control. At 88, Helen seems content to be nearing the end of her good life. As she puts it, "To have partaken of and to have given love is the greatest of life's rewards. There seems never an end to the loving that goes on forever and ever.
