

Lora Leigh: The Breeds Novels 7 11

Lora Leigh does it--in the lair of a strange breed, part man, part wolf, on the hunt for the woman he craves--and needs--to fulfill a hunger clawing at him from within. Angela Knight does it--in the psychic realm of a woman attuned to the touch of strangers--and the powerful temptations of a seductive and mysterious protector. Emma Holly does it--in the fantastic Demon World where a powerful Queen rules--until she commits the sin of falling in love with the handsome son of her worst enemy. Diane Whiteside does it--in an alternate universe of Regency magic where two lovers are threatened by a vicious mage, and swept up in a turbulent war off the Cornish cliffs.

Harmony's Way

There's a fine line between animal instinct and human desire—and in her "highly erotic saga" (Fresh Fiction), #1 New York Times bestselling author Lora Leigh crosses it. Now, in her new novel of the Breeds, the mating heat continues... Lion Breed and enforcer Rule Breaker has just a few rules he doesn't break. Not for anything. Not for anyone—like never have sex with a woman outside his own breed, especially a human woman. Especially someone too helpless, too fun loving and too full of life to ever be able to protect herself, let alone help him to protect her. If the damned animal inside him insists on a mate, then why pick her? A woman who is an easy target and who can be used as a weapon against him at any time. But what he suspects is mating heat may not be that at all. Just his animal instincts rioting, pacing, irritated whenever he's away from her. Okay, he can handle that. What ensues is a fiery affair that breaks all the rules of mating heat and will eventually endanger his mate with the very rules designed to protect the Breeds—for she's possibly been working against them...

In order to save Storme Montague, Wolf Breed Styx pledges to take her innocence, but his captive has ideas of her own that could destroy the tentative balance the Breeds have created in society and among their allies.
