Edisi terbaru ini, yang lebih disesuaikan bahasanya, penuh berisi ide, cara dan pembahasan yang sesuai aslinya, termasuk pidato-pidato Carnegie dan berbagai pelatihan diksi yang akan bersinambung pada setiap babnya sebagaimana penulisan asli buku ini. Edisi ini juga merestorasi apendiks milik Carnegie dari tiga karya klasik lainnya, Acres of Diamonds karya Russell H. Conwell, A Message to Garcia karya Elbert Hubbard, dan As a Man Thinketh karya James Allen. DALE CARNEGIE, (1888-1955) adalah penulis dan guru di Amerika. Dia adalah seorang pengembang keperibadian, salesmanship, dan pelatihan perusahaan yang terkenal. *People who make their living researching what frightens people the most have made a pretty amazing discovery. Consistently when people list the top five things they are afraid of in life, they have are some pretty intimidating terrors. But you would think that death would rank number one on that list. But death doesn't take number one, it has to settle for number two. Amazingly, the number one thing that terrifies most people is not death, it is public speaking. A popular comedian once said that this means that people would rather be the guy in the casket at a funeral than the guy giving the eulogy. If you have ever been in a meeting listening to a speaker, you can usually tell if they are terrified. They will get up there and you will see that "deer in the headlights" look. You know that look. It is one of extreme fear, panic, and terror so profound that the person is frozen in place unable to speak of move.*

It covers 50 public speaking laws of success in four sections: mechanics, digital environment, key principles and the applications. For those who follow the public speaking laws of success, they will have the deep satisfaction of being able to positively impact multiple people at one time and to contribute positively to an event or occasion.**

**The Art of Public Speaking is a fantastic introduction to public speaking by the master of the art—Dale Carnegie. Featured within this classic manual are hundreds of tips and tricks on how to become an efficient and effective public speaker. One of the core ideas in his books is that it is possible to change other people's behavior by changing one's reaction to them. This is a fascinating work and is thoroughly recommended for everyone.**

**We habitually live and move as part of a group and participate with others in common matters, and socially, politically or business-wise are required from time to time to make ourselves heard. The better a man makes himself heard, the more he is heeded. The man capable of expressing his ideas clearly commands the attention of Management and the Board of Directors. As one of these gregarians you also are apt at some time to be called upon to tell an audience your name or your line, or to introduce a fellow human at a meeting. With social progress you could eventually become Program Chairman, Toastmaster, preside as President, or even be the person referred to when someone else says, "I'm proud to present and you'll be happy to hear Mr. Narrator, our principal speaker today." Every day of every week from lobster luncheons in Maine to sand dab dinners in San Diego, luncheon groups, dinner forums, supper clubs and countless legions and lodges hold regular meetings. Most of them feature individuals who must know something about the cardinal fundamentals of public speaking. How to present an idea interestingly is the elusive goal of many but the coveted secret of few. Yet it's an ability within the reach of all of us to add wit and sparkle to our talk. Some people are blessed with perfect timing, in tune with every passing phase and sufficiently well adjusted to meet the fluctuations of fate. These fortunate few require no help, but most of us need a prop, a pitch-pipe, a ready reference, and for these this handbook hopes to be helpful. We hope you also will find that this book is factual and thorough without sacrificing readability; find it entertaining while informative, and find that it answers questions which plague anyone who must express himself publicly. The combination of fact and fancy in this work adds up to an inspirational source book for speakers and writers, ad men and gag men, comedians and campaigners. It aims as well to help Governors and governed; Mr. Big and Mr. Little, bosses and the bossed, politicians and the public (in fact, anyone who'll buy the book), and to add spark to any speeches. A final chapter is reserved for "rookie" raconteurs. It embodies a summary of years the author spent in swapping windies with Westerners and tall tales with Texans, and assembling stories from many walks of life and applying humor to human events**

**The end of Public Speaking as we know it!There are three things that make a great speech:1) Message 2) Structure and 3) Connection with the audience.This book shows you how to master all three, and dissolve your public speaking anxiety - effortlessly.What's the key measure of success for a business presentation?
