

Momma, Don't Hit Me!: A True Story Of Child Abuse (Shannon's NH Diaries Book 1)

The life experiences revealed in GIRL, DON'T YOU JUMP ROPE! make this memoir by Betty Anne Jackson, truly engrossing. There were no signs that read "colored" or "white", yet everyone knew where the boundaries were in 40's and 50's Chicago. And, being 'colored' meant there was no way to escape the limits that segregation imposed on one's life. The author describes attending a ghetto school, as well as encountering a hostile experience at university level, and then a cross-burning on the lawn of the vacation home she and her husband shared with friends. With humor, she paints a heartfelt portrait of the contrasts between the tree-lined neighborhood of her very early years and the harsh realities of how ghetto living can engulf the human spirit. Betty Anne had no choice other than to grow up in one of the earliest housing projects on the south side of Chicago, but she always struggled to be FROM the project...not OF the project! This is the story of that struggle.

A kind and sensitive school nurse sees that a young victim of child abuse and her abusing mother get help.

What would you do if you heard someone abusing a child in the bedroom next to yours? What would you do if it took over a year for that child to find safety, and you heard the child's anguished cries, night after night? Read one woman's diary of suspected child abuse in the state of New Hampshire during 2011 and 2012. This is a true story describing real events, though the characters have been fictionalized. This isn't a novel. It's a real-life diary. The story starts as the concerned neighbor gradually discovers that it doesn't help to call the police or state officials. Their hands are tied, whether by inadequate laws or an overwhelmed and under-funded system. The only people who seemed concerned were those who -- by law -- couldn't do anything except offer help to the family, and express frustration to the police, Child Protective Services, and members of the extended family. This diary covers the months that followed, to the day one parent decided to shake things up. This book isn't just about one child. It gives you an inside view of a system that is overburdened and ineffective. In this case, nothing protected the child from abuse. "Momma, Don't Hit Me!" also includes the author's thoughts on what needs to change to heal children, their families, and -- ultimately -- their communities. Amazon.com bestseller Read this poignant true story to understand what's going on behind some closed doors, and what needs to change to protect children in our community. Fourth edition.

Don't Hit Me!! is the story of one woman's struggle to define herself, her life, her identity, her lack of childhood memories and why she feels so different from those around her until she discovers her own physical and emotional child abuse suffered at the hands of her birth family. As vividly portrayed by the dramatic cover, this book describes the effects of seeing her own mother hit repeatedly until one night the author picks up a piece of 2X4 board and attacks her dad with it. Attention is diverted from her mom to her which led to six years of physical and emotional abuse until almost all childhood memories are repressed, only to re-surface at the age of 50. This incredible journey shows us the compelling importance of raising and protecting our children and the effects of not doing so.

Author Robert Wood Darby was born and raised in Georgia. This memoir is about the anti-racism advocate growing up in the fifties and sixties and coming of age in the segregated South during the Civil Rights Movement. Darby became an antiwar activist during the Vietnam War. He studied at Emory University, then at Tufts and Harvard in the late sixties - a time of upheaval for the entire country. He also chronicles his affliction with mental illness and manic depression, which has gone into remission.

"...one woman's diary of suspected child abuse in the state of New Hampshire during 2011 and 2012." -- from back cover.

The courageous story of Van Meers, born in a home for unwed mothers in Ghent, Belgium, 1930. It is told in her own words in a frank, humorous and down-to-earth manner. She grew up as a "bastard" during the Great Depression, and sees her family and country torn apart by prejudice and politics in World War II, and recounts how she struggles to redefine herself in turbulent postwar Europe. Based on hundreds of hours of taped interviews, Rachel's view of a family "not-quite-normal," her amazing strength in the face of abusive and degrading treatment, and her strong faith and upbeat attitude make her story a joy and inspiration to read.

A work of enduring love and self-reflection, this autobiography follows a troubled Irishman and his lifelong battle with inner demons. After all, he's in Kiawah to leave all feelings behind. But when it comes to Trinity, who feels everything, it's hard not to feel something. Neither expected to fall in love. And no one could have predicted how inseverable they'd become. ETERNAL After months of bad luck and even worse men, Luciana Diaz just wants to crawl under the covers and forget the year ever happened. A Novel

This is a true story of child abuse and neglect. It's not a novel. It's an actual diary, kept day-by-day, documenting what neighbors witnessed, and a mother who was out of control. What would you do if you heard child abuse in the apartment next door, night after night? What if the police and state agencies couldn't protect a three-year-old from his sick and twisted mother, and the father who claimed he slept through it all? In this book, you'll read what happened, day by day, as the legal system failed this little boy. Don't expect a "happily ever after" novel.
