*Regarded as the first full-length locked room mystery, The Big Bow Mystery focuses on a murder that has occurred inside a locked room, with no clear indication as to the weapon used, the perpetrator of the horrendous crime, or a possible escape route. Scotland Yard is stumped. Yet the seemingly unsolvable case has, as Inspector Grodman says, "one sublimely simple solution" that is revealed in a final chapter full of revelations and a shocking denouement.*

*Darra is an omen of unluck: a thirteenth child. To appease the dark god, Dond, and bring good fortune to her small island community, Darra must be sacrificed at the age of thirteen - by drowning. On the eve of her final birthday, Darra begins to dream of the twin brother she has watched from afar but never met, and dares to hope that she might escape her fate . . . The scouring wind and remorseless waves which beat against Darra's island world are matched in Pam Smy's powerful, wild and emotive illustrations. The Ransom of Dond is our final story from Siobhan, and a book to be treasured.*

Flashpoint: Reverse-Flash (2011-) #1

*The rift between the Multiverse and Dark Multiverse is growing wider, and evil dark energy is threatening all the planets in its path! It's up to Wally West to journey to these worlds and purge them of this darkness, but the greater darkness is that from within. The destruction has now found its way to Earth-43, where Roy Harper is the world's premier vampire hunter, and Wally's only hope of surviving...*

*Because she never wakes up before the other owls leave for the night, Little Owl feels lonely and tries to make friends with a little boy.*

**In 1948, the poet Eugenio Montale published his *Quaderno di traduzioni* and created an entirely new Italian literary genre, the “translation notebook.” The quaderni were the work of some of Italy’s foremost poets, and their translation anthologies proved fundamental for their aesthetic and cultural development.**

**Modern Italian Poets shows how the new genre shaped the poetic practice of the poet-translators who worked within it, including Giorgio Caproni, Giovanni Giudici, Edoardo Sanguineti, Franco Buffoni, and Nobel Prize-winner Eugenio Montale, displaying how the poet-translators used the quaderni to hone their poetic techniques, experiment with new poetic metres, and develop new theories of poetics. In addition to detailed analyses of the work of these five authors, the book covers the development of the *quaderno di traduzioni* and its relationship to Western theories of translation, such as those of Walter Benjamin and Benedetto Croce. In an appendix, *Modern Italian Poets* also provides the first complete list of all translations and *quaderni di traduzioni* published by more than 150 Italian poet-translators.**
