*three impossible crimes committed in one apartment under cover of darkness, but how and why it came into being is even stranger, as described in the extensive Afterword. Antheil, an expatriate avant-garde composer whose works were performed throughout Europe in the 1920s had a disastrous Carnegie Hall concert in 1927 and wrote 'Death in the Dark' out of revenge in 1929. In it he murdered all the people he held responsible. He was helped by Ezra Pound and W.B. Yeats and T.S.Eliot himself wrote "This is a very good detective story." Locked Room International*

This book is the final word on Kraftwerk, their continued influence and what it felt like to be a Man-Machine. ”This is a first-hand account of human life inside the robot factory. A world that I could barely have imagined as a 16-year-old Kraftwerk fan stranded in a suburb on the wrong side of the river from Liverpool. A window into a world that I could never have imagined.” Andy McCluskey, OMD ”Kraftwerk is a myth. Wolfgang is for real.
