Tej purchased 15 Properties in 9 months, 150+ miles from home, using Investor finance of which he's raised £598,000 in 5 months. His portfolio grew from £0 to £1.5m, growing a Podcast to 550,000 listens in 100 countries. On paper, Tej was 'Financially Free' very quickly, but the reality was very different from that. This will guide you through the exciting and challenging world of Property Investment in 2020 and beyond. Tej uses his real-world experience, mistakes, and a huge network to bring you value that you've never seen in any other book before. He covers: \* How to set up your business \* Setting goals, breaking these down into weekly targets \* How to analyse a deal: Data, Numbers, Research and Analysis \* Branding, Networking and Finances \* Buying property using very little of your own money \* How to source Below Market Value (BMV) deals \* How to manage the whole process from start to finish \* The steps you need \* The mechanics of the Buy Refurbish Refinance model \* How to recycle your cash to grow your portfolio quickly \* The effective way to work with Builders \* Finding the best Agents and Tenants \* Maximising your cash flow and passivity \* Of course, lots more! Tej is a Property Investor, Podcaster, and Public speaker. Through his education, he realized that a 'guide' for Property Beginners doesn't exist, and most of this knowledge is only found on costly training courses or by trial and error. The knowledge he shared and Property is very challenging. Tej shares this experience in his characteristic blunt but humorous way. This book contains everything from the initial setup, to buying, refurbishing, refinancing, and rental of your properties. It's great for both beginners and experienced people. Plus, BONUS sections from Tej's Solicitor, Brokers, and more. Real estate investing can be very satisfying. It gives you the opportunity to work for yourself and independently make money on a consistent basis. It also gives you financial freedom and peace of mind whenever you feel like it. You will never have to clock in or deal with office politics. You are not held responsible by your boss, because you are the boss. However, real estate does require work and commitment. Nowadays, with information so freely available on the internet and in books, many people do not want to climb the corporate ladder. And who blames them. No one feels like working 30-40 years of paid time off, barely making enough money to live off, invest for your future and put a roof over you or your family's head. The new trend is to retire early and enjoy a somewhat stress free life. Don't let the promise and just keep in mind...if you don't do it, then your next door neighbor will!

Overview Like any other form of investment, property investment is largely a numbers game. But there's a big gap between the techniques used by individual investors in the residential buy-to-let market and the numbers-led approach used by professional real estate investors. Moreover, there is no single source of knowledge or wisdom that brings all these calculation techniques and metrics together in one place to bridge this gap. It will teach you the techniques and formalised metrics used by professional investors to assess property deals and manage their portfolios. Essential Property Investment Calculations covers all the calculations, numerical techniques and metrics you need to know to take your property investing to the next level. Part One Part One is all about assessing property deals. It will teach you how to find, finance and close any property deal. You'll learn techniques used by property valuation experts and negotiation strategies you can use to close your next property deal. Part Two Part Two is all about building your property portfolio. It will teach you how to measure property returns, both on a property-by-property basis and at the total portfolio level. You'll learn all the property management KPIs you need to track performance, how to quantify and manage key property risks and the five golden rules of portfolio building. Whether you're new to property investing or a seasoned professional, this book is a guide to the investment calculations you need to know. List of Chapters Part One : Assessing a property deal Chapter 1 - Rental yield calculations Chapter 2 - Stress testing deal cash flow Chapter 3 - How to finance a property deal Chapter 4 - Calculations for deal financing Chapter 5 - Ten negotiation tips and tricks Part Two : Managing your property portfolio Chapter 6 - Accounting for property investors Chapter 7 - How to manage a property portfolio Chapter 8 - Property management KPIs Chapter 9 - Portfolio risk management Chapter 10 - Golden rules of portfolio building About the Author Robert Heaton is a property investor, writer and speaker on property and investing at his website.

Updated for 2015! The recession is over, house prices are heading steadily upwards again, and you're convinced that property could be your key to financial freedom. And it could. But where do you invest near where you live, or wherever yields are best? Do you rent to families, or professionals, or students? Should you be trawling through Rightmove or lurking at property auctions? This book covers the big questions you should be asking yourself before you so much as glance at an estate agent's window. It contains a jargon-free explanation of basic investment principles, summaries of current post-crunch investment strategies, and advice on developing a mindset that will support your long-term success. The book also includes a curated "further reading" list of recommended books, magazines, forums, blogs and podcasts to help you confidently take your next steps in your property investment journey. You'll learn... How to pick an investment strategy that matches your skills and goals How to do the calculations you need to know to size up any deal An overview of every major investment approach, from the most safe and boring to the probably-not-a-good-idea-but-here-you-go-anyway How to (stretch and sustainably) stretch a limited pot of cash to build whatever size portfolio you want ...although you will need to endure some pretty shocking jokes along the way. Sorry about that. Praise for "Property Investment For Beginners"... "The book is very easy to read and the explanations are very clear, with some good humour to boot! With a good set of references and online links, this book is a must-read for anyone interested in property investment." - P Cowley "A property investment book that keeps it simple. I really enjoyed it, and will use it as my main point of reference. Unlike most of the other books, it doesn't have to endure the rags to riches rubbish and the inevitable sales pitch for further training." - Nesser "I stumbled across this book randomly on Amazon and I'm so pleased I did - it has given me an excellent overview of what it is to invest in property and has really helped me to focus on my specific goals. It has also opened my eyes to a world of useful tools and contacts which I may never have found without it. Other books may have been able to do this but I'm not sure they would've been so enjoyable to read. If you are thinking of investing in property, or perhaps already are but want to take the next step, this is a must read book." - whatkatythinks "When you buy this book, you are not only getting a property wizard, you are also getting a warm-hearted guy. In his book, Rob mentions several times that you can contact him via email and he'll try to help you out. And HE DID! I tentatively emailed him with some questions and he replied right away! Of course, I know he's probably not able to do this for everyone, but even if he just replied to one question, he has proven that he's genuine and kind. And what he replied me with is thoughtful, honest and probably saved me a fortune in the end. Totally worth even the price of the book!" - kaitlinjj Scroll up and hit "Buy Now" to start turning your property dreams into reality!

For a guide to buying the right property in the first place, you should buy '*The Complete Guide To Property Investment*'. Take a property, throw in a tenant and watch the money roll in. This seemingly simple formula has attracted nearly two million people in the UK to become landlords, but the reality is a whole lot more complicated. Did you know, for example, that if you forget to provide a certain piece of paper you might be unable to evict a tenant - even if they don't pay the rent? Or that you could be fined for not checking your tenant's immigration status? And don't forget the inevitable broken boilers, mysterious leaks and various tenant complaints that always seem to happen at the most inconvenient time. *How To Be A Landlord* is a straightforward guide to everything involved in letting and managing a property - whether you're an accidental landlord or an enthusiastic investor. In simple and entertaining language, it covers important steps like preparing the property to let, advertising for tenants, conducting viewings, doing all the paperwork, managing the tenancy, and dealing with any tricky situations that crop up (including the dreaded emergency repairs and evictions...). You'll learn: How to set yourself up for success when preparing a property to let Where to find the perfect tenants for your property The essential checks you must make to avoid a nightmare tenant Everything you need to do when setting up a tenancy to avoid problems later How to deal with the most common maintenance issues and repairs The proper legal processes to follow when you have troublesome tenants Top tips from experienced landlords for how to look after your tenants - keeping them happy, your property safe, and the rent rolling in Frequently updated and with contributions from over 50 experienced landlords, this is the most current and comprehensive book on the subject - and essential reading for anyone who wants a simple, profitable life as a landlord.
