Reveals how to actually speed up and maximize the return on investments to achieve total financial independence.

Winner of a 2015 Catholic Press Award: Gender Issues Category (First Place). In this first book from an openly lesbian and celibate Catholic, widely published writer and blogger Eve Tushnet recounts her spiritual and intellectual journey from liberal atheism to faithful Catholicism and shows how gay Catholics can love and be loved while adhering to Church teaching. Eve Tushnet was among the unlikeliest of converts. The only child of two atheist academics, Tushnet was a typical Yale undergraduate until the day she went out to poke fun at a gathering of philosophical debaters, who happened also to be Catholic. Instead of enjoying mocking what she termed the "zoo animals," she found herself engaged in intellectual conversation with them and, in a move that surprised even her, she soon converted to Catholicism. Already self-identifying as a lesbian, Tushnet searched for a third way in the seeming two-option system available to gay Catholics: reject Church teaching on homosexuality or reject the truth of your sexuality. Gay and Catholic: Accepting My Sexuality, Finding Community, Living My Faith is the fruit of Tushnet's searching: what she learned in studying Christian history and theology and her articulation of how gay Catholics can pour their love and need for connection into friendships, community, service, and artistic creation.

Wisdom from Rich Dad, Poor Dad for Teens

NEW YORK TIMES BESTSELLER "Reilly pokes more holes in Trump's claims than there are sand traps on all of his courses combined. It is by turns amusing and alarming."-- The New Yorker "Golf is the spine of this shocking, wildly humorous book, but humanity is its flesh and spirit." -- Chicago Sun-Times "Every one of Trump's most disgusting qualities surfaces in golf." -- The Ringer An outrageous indictment of Donald Trump's appalling behavior when it comes to golf -- on and off the green -- and what it reveals about his character. Donald Trump loves golf. He loves to play it, buy it, build it, and operate it. He owns 14 courses around the world and runs another five, all of which he insists are the best on the planet. He also claims he's a 3 handicap, almost never loses, and has won an astonishing 18 club championships. How much of all that is true? Almost none of it, acclaimed sportswriter Rick Reilly reveals in this unsparing look at Trump in the world of golf. Based on Reilly's own experiences with Trump as well as interviews with over 100 golf pros, amateurs, developers, and caddies, Commander in Cheat is a startling and at

times hilarious indictment of Trump and his golf game. You'll learn how Trump cheats (sometimes with the help of his caddies and Secret Service agents), lies about his scores (the "Trump Bump"), tells whoppers about the rank of his courses and their worth (declaring that every one of them is worth \$50 million), and tramples the etiquette of the game (driving on greens doesn't help). Trump doesn't brag so much, though, about the golf contractors he stiffes, the course neighbors he intimidates, or the way his golf decisions wind up infecting his political ones. For Trump, it's always about winning. To do it, he uses the tricks he picked up from the hustlers at the public course where he learned the game as a college kid, and then polished as one of the most bombastic businessmen of our time. As Reilly writes, "Golf is like bicycle shorts. It reveals a lot about a man." Commander in Cheat "paints a side-splitting portrait of a congenital cheater" (Esquire), revealing all kinds of unsightly truths Trump has been hiding.

Defense establishments and the armed forces they organize, train, equip, and deploy depend upon the security of capital and capital flows, mechanisms that have become increasingly globalized. Military capabilities are thus closely tied not only to the size of the economic base from which they are drawn, but also to the viability of global convertibility and exchange arrangements. Although the general public has a stake in these economic matters, the interests and interpretive understandings held by policy elites matter most—in particular those among the owners or managers of capital who focus on international finance and the international monetary regimes that sustain global commerce and their capital positions. In *The Dollar and National Security*, Paul Viotti explores the links between global capital flows, these policy elites, and national security. After establishing the historical link between currency, gold, and security, he continues the monetary-security story by examining the instrumental role the dollar has played in American economic and national security over the past seven decades. He reveals how perceived individual and collective interests are the key drivers toward building the kind of durable consensus necessary to sustain the external financing of American foreign and national security policy, and addresses the future implications for national security as decision-makers in the BRICs and other countries position themselves to assume an even larger policy presence in global commercial, monetary, and security matters.

This work will reveal why some people work less, earn more, pay less in taxes, and feel more financially secure than others.

Ensuring Lifetime Security for Yourself and Your Children

Millions of people have done everything recommended by professional financial advisors only to see their retirement funds dwindle or even disappear entirely in the global financial crisis. Does anyone really still believe that methods such as 'buy and hold' investing will protect them from risk? In *Payback Time*, Phil Town - author of New York Times bestseller *Rule #1* - demonstrates the investment tactics that will enable you to ensure a safe and profitable financial future for yourself. Calling on time-proven strategies used by the world's best investors, he shows how you can reverse your nest egg's downward direction by purchasing the stock of solid companies at windfall prices - prices that can only head in one direction: up! This simple method will help you to achieve 15% or better annual returns, with the least amount of risk. The time has never been better for making money in the stock market - if you know how.

In *Rich Dad Poor Dad*, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his poor dad, ' and the father of his best friend, the man who became his mentor and his rich dad. ' One man was well educated and an employee all his life, the other ' s education was street smarts " over traditional classroom education and he took the path of entrepreneurship a road that led him to become one of the wealthiest men in Hawaii. Robert ' s poor dad struggled financially all his life, and these two dads these very different points of view of money, investing, and employment shaped Robert ' s thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education and the path to financial freedom. *Rich Dad Poor Dad* (and the *Rich Dad* series it spawned) has sold over 36 million copies in English and translated editions around the world. *Rich Dad Poor Dad* will explode the myth that you need to earn a high income to become rich challenge the belief that your house is an asset show parents why they can ' t rely on the school system to teach their kids about money define, once and for all, an asset and a liability explain the difference between good debt and bad debt teach you to see the world of money from different perspectives discuss the shift in mindset that can put you on the road to financial freedom

It's Robert Kiyosaki's position that "It is our educational system that causes the gap between the rich and everyone else." He laid the foundation for many of his messages in the international best-seller *Rich Dad Poor Dad* -- the #1 Personal Finance book of all time -- and in *Why the Rich Are Getting Richer*, he makes his case... In this book, the reader will learn why the gap between the rich and everyone else grows wider. In this book, the reader will get an explanation of why savers are losers. In this book, the reader will find out why debt and taxes make the rich richer. In this book, the reader will learn why traditional education actually causes many highly educated people, such as Robert's poor dad, to live poorly. In this book, the reader will find out why going to school, working hard, saving money, buying a house, getting out of debt, and investing for the long term in the stock market is the worst financial advice for most people. In this book, the reader will learn the answers Robert found on his life-long search, after repeatedly asking the question, "When will we learn about money?" In this book, the reader will find out why real financial education may never be taught in schools. In this book, the reader will find out "What financially education is... really."

Many people have million-dollar ideas. They ' re confident that their new product or service or innovation will make them rich and that all their dreams will come true. The problem is: Most people don ' t know how to turn their million-dollar idea into millions of dollars. According to many social scientists, the most important thing in life is a person ' s social and professional network. In other words, the people around us--our associates, our team, our friends. The people we surround ourselves with--and the people we go to for advice and guidance--can mean the difference between success and failure. And as he taught in *Rich Dad Poor Dad*, if the people around you have a poor person ' s mindset, it ' s likely that you ' ll be, or stay, poor. Your team,

in life and in business, will determine if your million-dollar idea will give you a million-dollar payday. In *More Important Than Money*, Robert teams up with his most trusted Advisors who contribute not only chapters on the strengths and talents they bring to the team, but offer candid and insightful individual Profiles and excerpts from each of the 14 Rich Dad Advisor Series books. Readers will meet all of Robert's Rich Dad Advisors and learn why they are among his most valuable assets.

What the Rich Teach Their Kids about Money - That the Poor and Middle Class Do Not! by Robert T. Kiyosaki: Key Takeaways and Analysis Included

Rich Dad's Cashflow Quadrant

In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dads: his real father, whom he calls his 'poor dad,' and the father of his best friend, the man who became his mentor and his 'rich dad.' One man was well educated and an employee all his life, the other's education was 'street smarts' over traditional classroom education and he took the path of entrepreneurship—a road that led him to become one of the wealthiest men in Hawaii. Robert's poor dad struggled financially all his life, and these two dads—these very different points of view of money, investing, and employment—shaped Robert's thinking about money. Robert has challenged and changed the way tens of millions of people, around the world, think about money and investing and he has become a global advocate for financial education and the path to financial freedom. Rich Dad Poor Dad (and the Rich Dad series it spawned) has sold over 36 million copies in English and translated editions around the world. Rich Dad Poor Dad will? ? explode the myth that you need to earn a high income to become rich ? challenge the belief that your house is an asset ? show parents why they can't rely on the school system to teach their kids about money ? define, once and for all, an asset and a liability ? explain the difference between good debt and bad debt ? teach you to see the world of money from different perspectives ? discuss the shift in mindset that can put you on the road to financial freedom

The must-read summary of Robert Kiyosaki and Sharon Lechter's book: "Rich Dad, Poor Dad: What the Rich Teach Their Kids About Money - That the Poor and Middle Class Do Not!" This complete summary of the ideas from Robert Kiyosaki and Sharon Lechter's book "Rich Dad, Poor Dad" shows that what is in your head ultimately determines what is in your hands: if you want to improve your circumstances, you need to change the way you think. This summary highlights the importance of educating yourself and developing financial intelligence by spending time with successful people, reading books, and attending seminars. All in all, this summary shows that your life will be more rewarding and more fulfilling if you just take the time to learn and think about where you're heading. Added-Value of this summary: • Save time • Understand the key concepts • Expand your business knowledge To learn more, read "Rich Dad, Poor Dad" and discover that the path to financial wealth does not lie in playing it safe. It's far more important to play it smart.

Rich Dad's Guide to Investing is a guide to understanding the real earning power of money by learning some of the investing secrets of the wealthy.

Buy now to get the insights from Robert T. Kiyosaki's Rich Dad Poor Dad. Sample Insights: 1) Robert Kiyosaki considers that he had two dads: a poor dad, who was his real father, and a rich dad, his friend's father. They had very different mindsets when it came to dealing with money, and Kiyosaki compared them to figure out which strategy was best for getting rich. 2) Poor and middle-class people work hard to make money. Rich people, however, make money work for them. Working hard rarely makes someone rich; working smart does.

The Secrets about Money--That You Don't Learn in School!

This handbook for parents explains how to teach children the fundamental principles of finance, introducing problem-solving skills that help youngsters understand the importance of a good education and financial planning in their lives.

This book can change your life. It's all about how we are taught to think; how we are programmed by schools, family, and friends to look at the rich as greedy no good bloodsuckers and opportunities as risks. It is an attempt to reprogram minds to look at why we do what we do.. why do we buy all these shoes, clothes, cars, jewelry.. have we earned it or are we just trying to maintain an image? The life changing book that has been a personal finance best seller for over a decade written by author Robert T. Kiyosaki. This little book has changed the lives of many people and their perspective on money, who are in misery, not knowing how to make ends meet due to lack of financial education. Note - This is a deep analysis of original book not a original book.

From the author of Amazon best-sellers "Property Investment For Beginners" and "Beyond The Bricks" Over the last 20 years, more than a million Brits have made life-changing profits from buy-to-let. But as prices keep rising and the tax landscape changes, investors need to get smarter in order to succeed. It's far from "game over," but the game is changing... for the better. The unwary and under-prepared will be squeezed from the market - leaving educated, strategic investors to have their best decade yet. The Complete Guide To Property Investment gives you the insight, information and action plan you need to navigate this new property landscape and come out on top. It starts by demonstrating - with real-life examples - a range of strategies suited to achieving different investment goals. Only then does it take you step by step through every aspect of researching, financing, buying and managing investment properties. You'll learn: How to formulate a strategy suited to achieving your investment goals Everything you need to know about financing your investments An exact step-by-step research process you can use to decide what to invest in How to manage your investments What the property cycle is, and how you can use it to your advantage How to build a profitable portfolio for the long-term - including scaling up, surviving recessions, and exit strategies. Whether you're turning to property to secure your retirement, start a new career or generate a stream of passive income, this book will be the most valuable investment you make.

***PLEASE NOTE: This concise summary is unofficial and is not authorized, approved, licensed, or endorsed by the original book's publisher or author. Rich Dad Poor Dad Became the #1 Personal Finance Book simply because... Robert Kiyosaki seeks to describe the lessons about money that rich fathers teach their children versus the teachings of poor and middle-class families. Moreover, Kiyosaki uses personal anecdotes from his poor dad--his real father, a hardworking man who couldn't seem to make ends meet--and his rich dad--his mentor, a middle school dropout turned millionaire--to show how people must challenge their view of money to find richness even if they don't earn a high income. Who Benefits From This Summary? Telling the compelling stories of two fathers, Kiyosaki frames the path to financial success. Having been translated into multiple languages and having sold over thirty-six million copies across the world, Rich Dad Poor Dad is a powerful book that has changed the way many people view financial freedom and financial education. This book shows a new point of view to finances that many people have not been taught. Using this information, Kiyosaki was able to retire before he turned fifty. Ultimately, this book debunks several myths and suggests that everyone can have financial security if they use the knowledge outlined in this book. Why read NinjaReads Summaries: *High-Quality Written Summaries with 30-Day Money Back Guarantee *Professional Publishing Team with Native English Speakers & Writers *Each summary is written to ensure your personal growth and enhance your learning experience. *Key Takeaways & Analysis of each chapter with zero fluff. *Actionable item steps summarized to ensure you are able to implement the knowledge. Eight Steps to Outsmarting the System That Failed You and Getting Your Investments Back on Track

A Proven Plan for Financial Fitness

Argues that a good education and a secure job are not guarantees for financial success, and describes six guidelines for making money work for oneself. A mini abridgement of the #1 Personal Finance book of all time, Wisdom from Rich Dad Poor Dad tells the story of Robert Kiyosaki and his two dads--his

real father and the father of his best friend, his rich dad—and the ways in which both men shaped his thoughts about investing. You don't need to earn a high income to be rich—find out the difference between working for money and having your money work for you.

* The million-copy bestseller* * National Book Award finalist * * One of the New York Times's 10 Best Books of 2017 * * Selected for Emma Watson's Our Shared Shelf book club * 'This is a captivating book ... Min Jin Lee's novel takes us through four generations and each character's search for identity and success. It's a powerful story about resilience and compassion' BARACK OBAMA. Yeongdo, Korea 1911. In a small fishing village on the banks of the East Sea, a club-footed, cleft-lipped man marries a fifteen-year-old girl. The couple have one child, their beloved daughter Sunja. When Sunja falls pregnant by a married yakuza, the family face ruin. But then Isak, a Christian minister, offers her a chance of salvation: a new life in Japan as his wife. Following a man she barely knows to a hostile country in which she has no friends, no home, and whose language she cannot speak, Sunja's salvation is just the beginning of her story. Through eight decades and four generations, Pachinko is an epic tale of family, identity, love, death and survival. This special just-for-teens edition builds a foundation of self-confidence from which readers can realize their dreams of financial security in an increasingly challenging and unreliable job market. Teen-friendly advice, examples, sidebars and straight talk will supplement all of Rich Dad's core advice: Work to learn, not to earn. Don't say "I can't afford it"--Instead, say "How can I afford it' " And don't work for money - make money work for you! No matter how confident or "good in school" readers consider themselves to be, this makes financial intelligence available to all young people with its streamlined structure, clean design, and accessible voice.

Rich Dad's Conspiracy of the Rich

What the Rich Teach Their Kids About Money That the Poor and Middle Class Do Not! by Robert T. Kiyosaki

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *By reading this summary, you will learn that to become rich, you must give up your salary. *You will also learn : that being rich doesn't mean having a full bank account; what are the basics of a good financial education; how to make money by working less; what rich parents teach their children from a young age. *Earning money cannot be learned in school. It is usually a mindset passed on by parents who instill, voluntarily or involuntarily, their own view of money in their children, often as it has been passed on to them. Wealth is usually thought of in terms of inheritance, whereas a family's real wealth is the financial education it passes on. It is this legacy that allows one to free oneself, from an early age, from any feeling of dependence on money. As a child, Robert T. Kiyosaki grew up with two fathers whose financial realities were opposite: a poor father, his biological father, and a rich father, a family friend and mentor. While both men are hard-working, intelligent and well-paid, one will die in debt while the other bequeaths immense capital. What distinguishes these two destinies is simply the mastery of a financial education accessible to all, as the author who learned it at the age of 9 proves. Are you ready to change your vision of money and thus make the choice of wealth? *Buy now the summary of this book for the modest price of a cup of coffee!

April 2017 marks 20 years since Robert Kiyosaki's Rich Dad Poor Dad first made waves in the Personal Finance arena. It has since become the #1 Personal Finance book of all time...

translated into dozens of languages and sold around the world. Rich Dad Poor Dad is Robert's story of growing up with two dads -- his real father and the father of his best friend, his rich dad -- and the ways in which both men shaped his thoughts about money and investing. The book explodes the myth that you need to earn a high income to be rich and explains the difference between working for money and having your money work for you. 20 Years... 20/20 Hindsight In the 20th Anniversary Edition of this classic, Robert offers an update on what we've seen over the past 20 years related to money, investing, and the global economy. Sidebars throughout the book will take readers "fast forward" -- from 1997 to today -- as Robert assesses how the principles taught by his rich dad have stood the test of time. In many ways, the messages of Rich Dad Poor Dad, messages that were criticized and challenged two decades ago, are more meaningful, relevant and important today than they were 20 years ago. As always, readers can expect that Robert will be candid, insightful... and continue to rock more than a few boats in his retrospective. Will there be a few surprises? Count on it. Rich Dad Poor Dad... • Explodes the myth that you need to earn a high income to become rich • Challenges the belief that your house is an asset • Shows parents why they can't rely on the school system to teach their kids about money • Defines once and for all an asset and a liability • Teaches you what to teach your kids about money for their future financial success Bron: Flaptekst, uitgeversinformatie.

CASHFLOW® Quadrant, der zweite Teil des Bestsellers "Rich Dad Poor Dad" von Robert T. Kiyosaki, deckt auf, warum manche Menschen weniger arbeiten, mehr Geld verdienen, weniger Steuern zahlen und sich finanziell sicherer fühlen als andere. Bill Gates, Steve Jobs und Richard Branson haben die Schule ohne Abschluss verlassen und haben dennoch extrem erfolgreiche Unternehmen aufgebaut, für die viele der intelligentesten Absolventen der Universitäten arbeiten wollen. Statt, wie die meisten Angestellten, nur von einem Job zum nächsten zu wechseln, rät Robert T. Kiyosaki, die finanzielle Unabhängigkeit zu suchen und Geld für sich arbeiten zu lassen – als Investor. Dieses Buch beantwortet die wichtigsten Fragen zur finanziellen Freiheit und hilft dabei, in einer Welt des immer stärkeren Wandels tiefgreifende berufliche und finanzielle Veränderungen vorzunehmen.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I

responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

How do you get a child interested in learning about finance? Give them a comic book! Robert Kiyosaki, author of the Rich Dad series, recognised the increasing need for people to begin their their journey to financial literacy - and life-long wealth - as early as possible, even before they become teenagers! In Escape from the Rat Race basic lessons about 'working to learn, not to earn', buying assets and understanding the financial statement are revealed through the kid-friendly tale of Timid E Turtle. When Tim runs out of cash at an amusement park his savvy friend, Red E Rat, shows him how to make money work for him - and tells Robert T. Kiyosaki's own riveting account of learning the basic principles of financial success. Illustrated with full-colour sequential art that ties in to Rich Dad's popular cashflow games and Website, here's a book that allows children - and reluctant readers of all ages - the chance to take their first steps towards financial success.

In late January, 2009, Robert Kiyosaki launched CONSPIRACY OF THE RICH - a free online book which was written in serial basis to help people understand how the current recession came about, and what they need to learn on how to survive through the coming rough years. An unprecedented publishing event for Kiyosaki and The Rich Dad Company, CONSPIRACY OF THE RICH is an interactive, "Wiki-style" project in which Kiyosaki has invited feedback, commentary, and questions from readers across the globe. The response so far has been totally fantastic. Millions and millions of readers have flocked to the website (www.conspiracyoftherich.com) to read what Robert has to say about the recession, and the readers have posted thousands of comments. Some of those reader comments will even be included in the final tradepaper version.

Rich Dad Poor Dad: What the Rich Teach Their Kids About Money - That the Poor and Middle Class Do Not! By Robert T. Kiyosaki - Book Summary - Readtrepreneur (Disclaimer: This is NOT the original book, but an unofficial summary.) The school system does a lousy job teaching students about money. So take in charge of your financial education so you can impart your wisdom to your kids. Rich Dad Poor Dad reveals the cruel truth; many people don't know enough about money for their financial future because the school system doesn't teach it to them. In order to debunk a handful of myths and provide the necessary knowledge to become successful, you need to challenge your beliefs and learn all about money; Rich Dad Poor Dad helps you to do just that. (Note: This summary is wholly written and published by readtrepreneur. It is not affiliated with the original author in any way) "I'd rather welcome change than cling to the past." - Robert T. Kiyosaki You don't need a high income to become rich but before that, you must have an enriched mind. In Rich Dad Poor Dad, you will train your mind first so you have the necessary tools to get anything you want. Robert Kiyosaki stresses that you must educate your kids about money so they have a better life. You will be the most important source of knowledge for them because the school system won't provide what's expected. P.S. Rich Dad Poor Dad is an extremely useful book that will help you educate yourself so you can teach your kids the things that they might not learn anywhere else. The Time for Thinking is Over!
