She was a naive country girl. He was a billionaire’s spoiled son. He was her first crush, her first heartbreak...and now her sworn enemy. As Avalon Harwood’s fortunes soared, Maximilian “Mac” Coltrane’s plummeted, and he had to fight his way back to where they both belong: Hellcat Canyon. Now Mac and Avalon will play dirty—in more ways than one—to get what they each want: the glorious old abandoned Coltrane mansion. But when Avalon pushes the house up an action, she discovers there’s something awfully familiar about the extremely hot caretaker... Mac might have a heart of stone, and the abs to match, but Avalon—the dazzling girl whose heart was always too big and too reckless for her own good—was always his Kryptonite. And just like that, the stakes change: suddenly they’re fighting not just for a house, but for a magic they tasted only once before and never since—long ago, with each other, at Devil’s Leap. “Julie Anne Long’s books are sexy and adorable!”—New York Times bestselling author Jill Shalvis

With a history of disappointments and false promises, all she wants is to have fun, play music and finish college. Being associated with the club, she can do that without having to risk her heart. That was until he showed up. When Kit’s father stepped down as president, he took the title with pride. The Brothers by Blood MC is his family, his home. Deciding to celebrate his new title with his brothers from a neighboring chapter, the last thing he expected was to find Harmony - a club girl with all the makings of a perfect old lady. The stunning blonde is beautiful, strong and fiercely independent. Harmony refuses to lower the walls she’s created around her heart, but the fire inside her and her love for the club fuel his need to have her by his side, and on the back of his bike. When Harmony’s safety is threatened, Kit is determined to do whatever it takes to protect her and prove that she can trust him. But after a lifetime of broken promises, will it be enough?

Welcome to Shadow Valley where the Dirty Angels MC rule. Get ready to get Down & Dirty because this is Zak’s story... After spending the last ten years in prison, Zak, former DAMC president, has a few priorities: to reconnect with his “brothers,” to get drunk, and to get laid. Not necessarily in that order. When he spots a stunning woman in the clubhouse and mistakes her for one of the club’s strippers, those priorities get a bit skewed. Sophie has no idea what happened to her life. One minute she’s totally focused on building her bakery business, and the next? She’s delivering a cake to the Dirty Angels motorcycle club’s “homecoming” celebration for a member who just got out of prison. Little does she know baking that cake will change the rest of her life, not to mention, make her a target for a rival MC. Normally, Sophie wouldn’t be caught dead with a man like Zak, a tattooed, ex-con, badass biker. When a decades old territory war threatens to rip them apart, Zak will do anything to keep Sophie, his club, and the town safe. But being from two different worlds, the threat they’re under may not be worth the risk.

NOW A USA TODAY AND LOS ANGELES TIMES BESTSELLER
From the award-winning author of *The Memory Painter* comes a sweeping and suspenseful tale of romance, fate, and fortune. Semele Cavnou appraises antiques for an exclusive Manhattan auction house, deciphering ancient texts—and when she discovers a manuscript written in the time of Cleopatra, she knows it will be the find of her career. Its author tells the story of a priceless tarot deck, now lost to history, but as Semele delves further, she realizes the manuscript is more than it seems. Both a memoir and a prophecy, it appears to be the work of a powerful seer, describing devastating wars and natural disasters in detail thousands of years before they occurred. The more she reads, the more the manuscript begins to affect Semele’s life. But what happened to the tarot deck? As the mystery of her connection to its story deepens, Semele can’t shake the feeling that she’s being followed. Only one person can help her make sense of it all: her client, Theo Bossard. Yet Theo is arrogant and elusive, concealing secrets of his own, and there’s more to Semele’s desire to speak with him than she would like to admit. Can Semele trust her? The auction date is swiftly approaching, and someone wants to interfere—someone who knows the cards exist, and that the Bossard manuscript is tied to her. Semele realizes it’s up to her to stop them: the manuscript holds the key to a two-thousand-year-old secret, a secret someone will do anything to possess.

Despite being a successful author of risqué romance novels, Charlie Faulkner had yet to star in her own love story. Drowning her sorrows in takeaway pizza, and at risk of getting wedged in her favourite writing chair, she despaired of ever finding the kind of all-consuming love that she wrote about in her books. When she did venture out of her writing cave, chaos and disaster followed, with many a trip to the emergency room of the local hospital. It was there she fell over heels for the handsome doctor who often treated her, Gus Fitton. The trouble was that with his medical track record, she wasn't sure if he'd see her as a sexy, desirable temptress or just a crazy, accident-prone woman, with a medical file so heavy it needed its own trolley. Would Charlie get her "happy ever after" with Dr. Fitton or end up with the other significant male in her life, the pizza delivery guy?

Fripples, the Buckley brothers were inseparable until everything went wrong one violent, bloody night. A.J. Buckley, the eldest of the trio, faced a human trial for a brutal murder. After six years in prison, A.J.’s conviction is overturned on a technicality and he returns to Willow Bend to face a new Alpha and fresh charges. Vivian Knox was the only witness to the murder. She refused to testify in the human courtroom and spent a year in prison on contempt charges. Once released, she worked tirelessly to free A.J., finally locating a loophole in the case against him. Satisfied with his freedom, the last thing she expected was to be kidnapped to the back of beyond where another judge demands she testify to what she saw that night. This time, contempt is the least of her problems. Only four people know exactly what happened that night and none are talking. When pack talk threatens Vivian, A.J. must state his claim, but his wolf might be too damaged to help him...

"Once a loser, always a loser." we say. "He's a mule that cannot be reasoned with. That's just the way he is." we complain.We file ourselves and others into categories seemingly cast in stone, and resign ourselves to navigating life at the mercy of the cards that have been dealt to us.But what if this need not be the case? What if we were to see ourselves and others not as immovable islands in the oceans of circumstances, but rather as ships with sails hoisted high, able to move and choose freely in the winds?The fact of the matter is that behaviors that have been learned can be unlearned. Ways of thinking that have become normal and practically automatic can be redefined. Our capacity for adapting to change in mind. As a result of acknowledging the ways in which our brains and bodies either help or hinder us in a variety of contexts, we are empowered to adopt strategies that move us ever closer to the very tangible realities of contentment and accomplishment.That is the purpose of this book: to understand the various rules (or Meta-Programs) which govern neurological and physiological interaction and the resultant impact on our thoughts, feelings and actions, and to better learn how to make intentional choices that facilitate the healthy and constructive aspects of these interactions and impacts.Imagine, if you would, two towns that are separated by an insurmountable mountain. Interaction and communication between them is totally cut-off. If one town represents the brain and nervous system, and the other town the thinking processes, perceptions and behavior, then Meta-Programs would act as a tunnel engineered to cut through the mountain, linking the two and facilitating the flow of information between them.The Meta-Programs determine our tendency to make a decision in a certain frame of thinking. That's quite a vague statement, isn't it? Let's see. ...For example, if you tend to look how things "match" each other, it will be easier to persuade you to buy a new car if the salesman shows you how the shape of the car helps to quiet the engine noise, - he'll show you the difference in price, the mileage in the city, the safety features, etc., but always in comparison to another car, one which you didn't even consider buying.Being mindful of the Meta-Programs helps us understand and appreciate the differences in the ways that people behave with and respond to the world around them.Rather than seeing these differences as obstacles or irritations, an understanding of Meta-Programs empowers us to adapt our own beliefs and responses in ways that match and complement their own Meta-Programs are therefore useful in overcoming division and misunderstanding, and in facilitating synergy and co-operation.Teachers could use Meta-Programs to more effectively keep their students engaged. Police officers could use them to better facilitate the diffusion of high-stress situations. Meta-Programs would benefit parents who need to discipline their kids and who are trying to motivate the behavior that they desire. The list is practically endless.

When raven shifter Riley Porter was given sanctuary by the Phoenix Pack, she let them believe she had left her flock. Reluctant to divulge the secrets of her past, she was still embraced as family. Only Tao Lukas, the protective and passionate Head Enforcer of the pack, was resistant to the enigmatic shifter. Until Riley started to arouse in him something other than suspicion. Tao doesn't trust lone shifters, especially ones so guarded—and tempting. But the sexual tension between them is making them both come undone, and vulnerable to more than desire. All Tao wants is for Riley to stay with him and to trust him with the truth of her past. As Riley's mysteries come to light, so does a danger that threatens not only her life but the safety of the entire pack. For Tao, keeping Riley safe means keeping her close—forever—as his mate.

Welcome to Shadow Valley where the Dirty Angels MC rules. Get ready to get Down & Dirty because this is Hawk's story... When strong statements must be made, Hawk, as the MC's VP, must be the one to make them. But that doesn't mean there aren't consequences, like him landing in jail. Though the club keeps an attorney on retainer, the one who shows up isn't quite who he's expecting. Not even close. Feisty, classy, and curvy, this attorney pushes his buttons in all the right ways. And Hawk can't ignore a challenge. However, she's so out of his league, he can't hope for anything more than a few chances to scratch all her itches. When Kiki's boss hands over the club's account, she doesn't know what to expect and her meeting with the overbearing, bad boy biker goes anything but smoothly. Like Hawk, Kiki loves a challenge, too. But getting involved in a club and its VP may not be what she bargained for. Especially when it comes to several run-ins with a rival MC, including one which may very well affect the rest of her life. Kiki needs to decide if becoming involved with Hawk is worth not only the judgment from her peers but, even worse, the violent mayhem the club becomes entangled in. Trigger warning: This story includes a violent situation that includes kidnapping. This book can be read as a standalone. It includes lots of steamy scenes, biker slang, cursing, some violence and, of course, an HEA. If you like alpha males who like to take charge, this book is for you!
