Excerpt: The music of Dance Dance Revolution Extreme is a greatest hits of sorts across the Dance Dance Revolution series as well as the entire Bemani franchise. The 240 song soundtrack is composed largely of Konami Originals, in-house music written and performed by Konami staff. It also contains many licensed tracks from Toshiba EMI's Dancemania catalog giving DDR Extreme one of the largest soundtracks of any DDR game to date. The arcade release of Dance Dance Revolution Extreme contains 240 tracks, most of them revivals from previous Dance Dance Revolution games. Songs that are not initially available for play are represented with a padlock icon and are only accessible through the use of codes entered into the game's operator menu. The song "Legend of Max" appears on the end credits when the songs are locked. The PlayStation 2 release of Dance Dance Revolution Extreme contains 111 tracks. In the same vein as the arcade release, the PlayStation 2 release contains a number of popular songs from past games which is uncommon in Japanese console releases. New to the series songs are in green, songs from other Bemani series are in yellow, songs originally from Dance Dance Revolution Solo are in purple, songs from previous DDR games are in blue, and Boss songs are in red. New Konami Originals that are not on the arcade soundtrack receive special coloring: DDR Originals are in pink, while BEMANI crossover songs are in...
