The wake. Volume 10

From her bayou, Erzulie scries upon the mortal realm and sees four human girls open a mysterious and magical journal filled with whispers and rumors that, if they spread, could cause a pandemic unlike any the Earth has seen, with the power to release Sopona, the loa lord of infectious disease and cousin to Erzulie, who is currently banned from the human plane. Meanwhile, a mysterious infection doctors are calling "Cotard's Delusion" spreads, trapping countless souls in the Dreaming and leaving their physical bodies yearning for death. Issues #1-6 of the new series from DC Vertigo are collected here, along with THE SANDMAN UNIVERSE SPECIAL #1. Neil Gaiman's award-winning novella The Truth is a Cave in the Black Mountains is a haunting story of family, the otherworld, and a search for hidden treasure, and was serialised on BBC Radio 4's Book at Bedtime in November 2015. 'Gaiman's achievement is to make the fantasy world seem true' (The Times). Neil Gaiman is the bestselling author of The Ocean at the End of the Lane and the epic American Gods, whose storytelling genius will appeal to fans of J.K. Rowling and George R.R. Martin. The text of The Truth Is a Cave in the Black Mountains was first published in the collection Stories: All New Tales (Headline, 2010). This gorgeous full-colour illustrated book version was born of a unique collaboration between writer Neil Gaiman and artist Eddie Campbell, who brought to vivid life the characters and landscape of Gaiman's story. In August 2010, The Truth is a Cave in the Black Mountains was performed in the concert hall of the Sydney Opera House to a sell-out crowd - Gaiman read his tale live as Campbell's magnificent artwork was presented, scene by scene, on large screens. Narrative and art were accompanied by live music composed and performed especially for the story by the FourPlay String Quartet.

Novelist, comics writer, scriptwriter, poet, occasional artist - a master of several genres and inadvertent leader of many cults - there are few creative avenues Neil Gaiman hasn't ventured down. From unforgettable books like The Ocean at the End of the Lane and American Gods to ground-breaking comics and graphic novels like The Sandman and Violent Cases; from big screen fantasies like Coraline to small screen epics like Doctor Who; and from short stories to songwriting, stage plays to radio plays, journalism to filmmaking, and all points in-between, The Art of Neil Gaiman is the first comprehensive, full-colour examination of Gaiman's work to date. Author Hayley Campbell, a close friend of Neil's since she was a small child, spent many months rummaging through Neil's attic to source the never-before-seen manuscripts, notes, cartoons, drawings and personal photographs for this book; these are complemented by artwork and sketches from all of his major works and his own intimate

recollections. Each project is examined in turn, from genesis to fruition, and positioned in the wider narrative of Gaiman's creative life, affording unparalleled access to the inner workings of the writer's mind. Utterly comprehensive, lavishly illustrated, The Art of Neil Gaiman is the fully authorised account of the life and work of one of the greatest storytellers of all time.
