

Sant'Isaia 90 Cent'anni Di Follia A Bologna

The 'fatal charm of Italy' has held Lord Byron – and millions of tourists ever since – in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book

immortalità della memoria

To the Bishops, Clergy, and Lay Faithful on prepara-tion for the Jubilee of the Year 2000.

Souvent premiers employeurs des villes où ils sont installés, objets de débats politiques et de mobilisations citoyennes, en particulier au moment des regroupements, fusions et désaffections d'établissements ou encore en période de crise sanitaire, les hôpitaux sont au centre de la vie économique, sociale et politique mais aussi culturelle des cités. Cet ouvrage cherche précisément à mettre en évidence l'ancienneté de l'emprise urbaine des hôpitaux ainsi que celle des liens entretenus entre ces espaces d'assistance et, de plus en plus, de soins, avec les sociétés urbaines du Moyen Âge à nos jours et souligne le rôle important joué, à travers les siècles, par l'hôpital dans la vie de la cité.

The Romance languages offer a particularly fertile ground for the exploration of the relationship between language and society in different social contexts and communities. Focusing on a wide range of Romance languages – from national languages to minoritised varieties – this volume explores questions concerning linguistic diversity and multilingualism, language contact, medium and genre, variation and change. It will interest researchers and policy-makers alike.

History of Ancient Greek Scholarship

"Set in Reformation Europe, Q begins with Luther's nailing of his 95 theses on the door of the cathedral church in Wittenberg. Q traces the adventures and conflicts of two central characters: an Anabaptist, a member of the most radical of the Protestant sects and the anarchists of the

Reformation, and a Catholic spy and informer, on their thrilling journey across Germany, Italy and the Netherlands."--

Bologna is well known for its powerful university and notariate of the thirteenth century, but the fourteenth-century city is less studied. This work redresses the imbalance in scholarship by examining social and economic life at mid-fourteenth century, particularly during the epidemic of plague, the Black Death of 1348. Arguing against medieval chroniclers' accounts of massive social, political, and religious breakdown, this examination of the immediate experience of the epidemic, based on notarial records--including over a thousand testaments--demonstrates resilience during the crisis. The notarial record reveals the activities and decisions of large numbers of individuals and families in the city and provides a reconstruction of the behavior of clergy, medical practitioners, government and neighborhood officials, and notaries during the epidemic.

Communities and Crisis

I luoghi dello spettacolo a Bologna

Monasticism, in all of its variations, was a feature of almost every landscape in the medieval West. So ubiquitous were religious women and men throughout the Middle Ages that all medievalists encounter monasticism in their intellectual worlds. While there is enormous interest in medieval monasticism among Anglophone scholars, language is often a barrier to accessing some of the most important and groundbreaking research emerging from Europe. The Cambridge History of Medieval Monasticism in the Latin West offers a comprehensive treatment of medieval monasticism, from Late Antiquity to the end of the Middle Ages. The essays, specially commissioned for this volume and written by an international team of scholars, with contributors from Australia, Belgium, Canada, England, France, Germany, Italy, the Netherlands, Spain, Switzerland, and the United States, cover a range of topics and themes and represent the most up-to-date discoveries on this topic.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Betrothed

Over the last twenty years the camorra of Naples and the surrounding region has risen to a level of strength rivalling that of the Sicilian mafia. This is not a new organization: the Camorra first emerged in the last century, several decades before the mafia. Tom Behan traces the history of the organization from its inception to the present. Until the 1970s the extent of its influence fluctuated, although it always maintained close relationships with the politicians of the region. However, since the 1970s new and more powerful forms of camorra have developed: Raffaele Cutola's 'mass camorra' of unemployed youth specialise in protection rackets, Lorenzo Nuvoletta's 'business camorra' has reinvested drug money into construction following the 1980 earthquake, and Carmine Alfieri's 'political camorra' has become extremely profitable through its ability to obtain public sector contracts. The Camorra is a fascinating account of the transformation of the small-time cigarette smugglers of the 1960s to the international entrepreneurs of the 1990s.

This collection – to be issued in three volumes – offers an unprecedented repertoire of vertical readings for the whole poem. As the first volume exemplifies, vertical reading not only articulates unexamined connections between the three canticles but also unlocks engaging new ways to enter into core concerns of the poem. The three volumes thereby provide an indispensable resource for scholars, students and enthusiasts of Dante. The volume has its origin in a series of thirty-three public lectures held in Trinity College, the University of Cambridge (2012-2016) which can be accessed at the Cambridge Vertical Readings in Dante's Comedy website.

A Dictionary of Proper Names and Notable Matters in the Works of Dante

i manoscritti illustrati dell'Accademia nazionale dei Lincei : Palazzo Fontana di Trevi, 27 novembre 2002-26 gennaio 2003

This is the first book, after J. E. Sandys, to cover the multiform fied of “ancient scholarship” from the beginnings to the fall of Byzantium. It is worth underlining the benefits of a work with multiple expert voices in a field so complex. The book is based on the four

historiographical chapters of Brill's Companion to Ancient Greek Scholarship (2015), which have been updated and rethought.
