in the footsteps of a group of beginners who shared one goal--to learn to use their sewing machines. This book is an engaging, detailed lesson plan designed to guide you along that same journey, whether you are learning alone or as a group. It begins with easy-to-follow instructions for how to use a sewing machine and advice on buying fabric and tools and then progresses through 12 projects--one three-hour lesson a month, perfect for friends to learn together.

In the climate of "make do and mend," sales of sewing machines have soared, but many are only accompanied by a difficult-to-understand technical manual. Here, Jane Bolsover provides a comprehensive guide for beginners. Starting with an essential overview of

the sewing machine, learn how to thread it and wind bobbins, why tension is important, and which needles to choose. There's information on the basic sewing kit you will need, plus advice on which fabrics to choose and how to cut out. The chapters then build into a complete sewing course, and at the end of each chapter is a simple project to consolidate the skills you have just mastered. The projects include items for the home, including a cushion cover and a lampshade, stylish accessories, such as bags and scarves, plus great clothing basics, such as an A-line skirt and a simple shift dress. Also included at the back of the book are two full-size pull-out paper pattern sections.

they'll look great and fit better than ready-to-wear? Knits for Real People helps readers sort out the differences in fabric types and explains the fitting and sewing techniques for each.

Photographs of knit fashions from McCall's, Vogue, and Butterick pattern companies provide inspiration throughout the book and illustrate the many types of knits. The many techniques explained include: layout, cutting, and marking; seaming techniques using sewing machines and sergers, including the use of the differential feed feature; creative embellishments, including piping, flounces, "peepers," and decorative serging; neckline and edge finishes, including bands, collars, and bindings; sleeves, hems and closures; and fitting

More than just a pair of days, a weekend is also a state of mind—a feeling of relaxation and freedom to immerse ourselves fully in a favorite activity. In *Weekend Sewing*, designer Heather Ross presents creative projects for clothing, accessories, and home items that can be made in a weekend or less. Some, like the Quick Garden Gloves and Ruby's Bloomers, take a few hours; others, like the Weekend-Away Travel Bag and Trapeze Sundress, require a day or two—but

all of them capture that weekend feeling. And because weekends are often the most fun when they're social, Ross features ideas that encourage us to share our stitching and our time, such as a recipe for soup to simmer while sewing, then serve to guests later in the day, and tips for transporting a sewing machine to a friend's house for an afternoon of social stitching. The sewing instructions are beautifully illustrated.
