

Sherlock Holmes (Classic)

The fascination with Conan Doyle's enigmatic anti-hero Sherlock Holmes, and his pompous narrator Dr Watson, has barely subsided over the years. Inspiring a long line of detective stories and Whodunnits, Holmes is a constant feature on TV, and movie screens, with new audio and radio shows joining the frenzy. The Holmes tales have earned their place amongst the most influential of popular fantasy, crime and gothic stories.

All four legendary Sherlock Holmes novels, collected in a unique Graphic Deluxe Edition with an introduction by Michael Dirda Though endlessly reinterpreted, reinvented, and imitated, the Sherlock Holmes stories have never been surpassed. Sporting his signature billowing coat and pipe in hand, the genius investigator Holmes captivates readers with his alluring melancholy and superhuman intuition, while his partner, Dr. Watson, remains ever the perfect foil, a classic Victorian gentleman with brilliant intellect. Collected here are all four Holmes novels–A Study in Scarlet, The Sign of Four, The Hound of the Baskervilles, and The Valley of Fear–tracing the origins of the pair up through showdowns with their greatest archenemies, including the infamous Professor Moriarty. Set in the seductive shadow world of Victorian London, the stories of Holmes and Watson live on, as immediate and original in our time as in their own. These selected paragraphs distill the contents and give you a quick look inside The Adventures of Sherlock Holmes: Look inside the book: My own complete happiness, and the home-centred interests which rise up around the man who first finds himself master of his own establishment, were sufficient to absorb all my attention, while Holmes, who loathed every form of society with his whole Bohemian soul, remained in our lodgings in Baker Street, buried among his old books, and alternating from week to week between cocaine and ambition, the drowsiness of the drug, and the fierce energy of his own keen nature. ... I do not know whether he was seized with compunction at that moment for the part he was playing, but I know that I never felt more heartily ashamed of myself in my life than when I saw the beautiful creature against whom I was conspiring, or the grace and kindness with which she waited upon the injured man. The book was first published on March 7, 1905 by Georges Newnes, Ltd and in a Colonial edition by Longmans. 30,000 copies were made of the initial print run. The US edition by McClure, Phillips & Co. added another 28,000 to the run. This was the first Holmes collection since 1893, when Holmes had "died" in "The Adventure of the Final Problem". Having published The Hound of the Baskervilles in 1901-1902 (although setting it before Holmes' death) Doyle came under intense pressure to revive his famous character. Sherlock Holmes is a fictional character created by Scottish author and physician Sir Arthur Conan Doyle, a graduate of the University of Edinburgh Medical School. A London-based "consulting detective" whose abilities border on the fantastic, Holmes is known for his astute logical reasoning, his ability to adopt almost any disguise and his use of forensic science to solve difficult cases. Holmes, who first appeared in print in 1887, was featured in four novels and 56 short stories. The first novel, A Study in Scarlet, appeared in Beeton's Christmas Annual in 1887 and the second, The Sign of the Four, in Lippincott's Monthly Magazine in 1890. The character's popularity grew with the first series of short stories in The Strand Magazine, beginning with "A Scandal in Bohemia" in 1891; additional short-story series and two novels (published in serial form) appeared from then to 1927. The events in the stories take place from about 1880 to 1914.

Granada's Greatest Detective

The Adventures of Sherlock Holmes contains four of Conan Doyle's own all-time favorite Holmes mysteries, "The Adventure of the Speckled Band," "The Red-Headed League," "A Scandal in Bohemia," and "The Five Orange Pips." The Memoirs of Sherlock Holmes has another three of Conan Doyle's favorites in "The Adventure of the Reigate Squire," "The Adventure of the Musgrave Ritual," and "The Adventure of the Final Problem." It is in "The Final Problem," of course, that Dr. Watson sadly reports the death of Holmes at the Reichenbach Falls near Meiringen in Switzerland. Holmes's titanic struggle with his arch enemy, Professor Moriarty, had seen them both apparently plunge over a sheer drop, although Watson never actually saw Holmes's body. This was Conan Doyle's attempt to bring an end to Holmes's adventures, but he was to be resurrected by popular demand eight years later. The Memoirs also includes "The Adventure of the Greek Interpreter," in which Holmes's brother, Mycroft, appears for the first time and "The Adventure of the Gloria Scott," in which Holmes describes to Watson his very first case.

The Adventures of Sherlock Holmes is a compilation of twelve short Sherlock Holmes stories that was published on October 31st, 1892, and written by Sir Arthur Conan Doyle. The character, Sherlock Holmes, was previously introduced to the world in a novel called A Study in Scarlet, in a Christmas 'annual.' Sherlock Holmes is probably the most well-known and -loved fictional detective in literature. It's interesting to note that Sir Arthur Conan Doyle actually modeled his famous detective after an associate, Dr. Joseph Bell. Dr. Bell had a long, thin nose - much as we picture Sherlock Holmes - and was very observant. He also used strong deductive skills. This leads us to the personality of the character, Sherlock Holmes. Sherlock Holmes is a private detective who has keen powers of observation. He lives at 221b Baker Street in London. He notices things that others simply don't and then he draws accurate conclusions about what he sees. In Doyle's first Holmes story, A Study in Scarlet, Holmes describes himself as someone who gets in the dumps at times and "doesn't" open (his) mouth for days on end. He experiences strong mood swings. He also plays the violin. But most of all, he is a master of deductive reasoning.

THE ADVENTURES OF SHERLOCK HOLMES

All of the stories within The Adventures of Sherlock Holmes are told in a first-person narrative from the point of view of Dr. Watson, as is the case for all but four of the Sherlock Holmes stories. The Oxford Dictionary of National Biography entry for Doyle suggests that the short stories contained in The Adventures of Sherlock Holmes tend to point out social injustices, such as "a king's betrayal of an opera singer, a stepfather's deception of his ward as a fictitious lover, an aristocratic crook's exploitation of a failing pawnbroker, a beggar's extensive estate in Kent." It suggests that, in contrast, Holmes is portrayed as offering a fresh and fair approach in an unjust world of "official incompetence and aristocratic privilege". The Adventures of Sherlock Holmes contains many of Doyle's favourite Sherlock Holmes stories. In 1927, he submitted a list of what he believed were his twelve best Sherlock Holmes stories to The Strand Magazine. Among those he listed were "The Adventure of the Speckled Band" (as his favourite), "The Red-Headed League" (second), "A Scandal in Bohemia" (fifth) and "The Five Orange Pips" (seventh). The book was banned in the Soviet Union in 1929 because of its alleged "occultism", but the book gained popularity in a black market of similarly banned books, and the restriction was lifted in 1940.

In glancing over my notes of the seventy odd cases in which I have during the last eight years studied at the methods of my friend Sherlock Holmes, I find many tragic, some comic, a large number merely strange, but none commonplace. So writes Dr. Watson, sidekick, and partner-in-crime-solving to the great detective, Sherlock Holmes, in one of the ten classic tales of mystery and detection collected in this volume. Included are several stories that Holmes's creator, Arthur Conan Doyle, himself selected as the intrepid pair's greatest adventures, among them A Scandal in Bohemia, The Speckled Band, The Red-Headed League, and The Final Problem, in which Doyle famously 'killed off' his creation. Amateur detective Sherlock Holmes, the master of deductive reasoning, solves several mysteries with the aid of his friend, Dr. John Watson.

Seminar paper from the year 2013 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Trier, language: English, abstract: " Well, Watson, what do you make of it? " (Doyle 1) – Or rather: What did, and does, the media make of Arthur Conan Doyle `s crime-solving character Sherlock Holmes? Without a doubt, Sherlock Holmes is one of the most famous literary figures, if not the most famous, at least in the genre of crime fiction. Holmes had his first appearance in 1887 in A Study in Scarlet, which was published in Beeton `s Christmas Annual. In this story, he is introduced as the world `s first and only " consulting detective ". In other words: Sherlock Holmes starts investigating when the police fail in solving the crime. (Wilson) Since his introduction he has had other appearances in numerous stories of Doyle, countless pastiches and he has literally taken over the media landscape. Among these appearances in the media, there are two TV shows contrasting from all the other Holmes adaptations. On the one hand, there is Elementary. It is set in New York and the American actress Lucy Liu plays Holmes `s assistant and friend, Dr. Watson. John Lee Miller plays Holmes. On the other Hand, there is the British series Sherlock. It is set in London and the role of Watson is portrayed by male actor Martin Freeman, which means that Sherlock is more oriented towards the original stories. However, both series have something in common: They transfer Doyle `s stories, which are set in Victorian and Edwardian times, into the present age. In this paper, I want to compare the classic character Sherlock Holmes, as he appears in Doyle `s stories and novels, with the main character Sherlock Holmes of BBC `s TV series Sherlock. The literary basis for my analysis will be the novel the Hound of the Baskervilles by Sir Arthur Conan Doyle and of course the TV series Sherlock. The first part of this paper will consist of a characterisation of the classic Sherlock Holmes. The second part will be an analysis of the main character of Sherlock. In the course of this paper, I want to provide the answer to the question: Who is the bigger freak, if any of them is one at all?
