

Skateboards (Made By Hand)

This book explores the ways in which religion is observed, performed, and organised in skateboard culture. Drawing on scholarship from the sociology of religion and the cultural politics of lifestyle sports, this work combines ethnographic research with media analysis to argue that the rituals of skateboarding provide participants with a rich cultural canvas for emotional and spiritual engagement. Paul O'Connor contends that religious identification in skateboarding is set to increase as participants pursue ways to both control and engage meaningfully with an activity that has become an increasingly mainstream and institutionalised sport. Religion is explored through the themes of myth, celebrity, iconography, pilgrimage, evangelism, cults, and self-help.

Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region, bringing together Orange County's most affluent coastal communities through smart, fun, and timely editorial content, as well as compelling photographs and design. Each issue features an award-winning blend of celebrity and newsmaker profiles, service journalism, and authoritative articles on dining, fashion, home design, and travel. As Orange County's only paid subscription lifestyle magazine with circulation figures guaranteed by the Audit Bureau of Circulation, Orange Coast is the definitive guidebook into the county's luxe lifestyle.

Go behind the scenes and learn how craftsman Jake Eshelman makes one-of-a-kind skateboards by hand with this nonfiction book that's full of photographs and illustrations about his process. Jake Eshelman of Side Project Skateboards in Houston, Texas, grew up with a love of skateboarding. After meeting his future wife in college, Jake decided to turn his passion into a career: making one-of-a-kind skateboards from beautiful pieces of found wood. This book gives readers an inside glimpse into Jake's creative process, from wheel to finished wheel! Charts, infographics, and bold photographs make this a picture book for anyone who is curious about how a skateboard is made. This book also features a history of skateboarding, a timeline, and resources to inspire kids to make their own objects by hand.

Skateboarding rhinos grind curbs, pop ollies, rip through tunnels, and biff on bumps. Includes a Glossary of skateboarding lingo. Full color.

Skateboard Design Sketchbook One

Celebrate the 10th anniversary of the greatest skateboard deck compilation with this special print edition of The Disposable Skateboard Bible. With the release of Disposable: A History of Skateboard Art in 2004, author Sean Cliver made a brilliant attempt at artfully cataloging every important skateboard deck ever released. In the process, he created a classic, but was left feeling less than satisfied. Ever the completist, the gaping omissions in the first book gnawed at him and drove him to envision compiling the ultimate encyclopedia of Skateboard decks. While Disposable was beautiful, capturing the essence of the aesthetic, The Disposable Skateboard Bible sets out to be the ultimate guide. The author's industry insider status (in 1989 he landed his first job as a designer at Powell-Peralta) allows him to guide readers through the culture and experience, the art and the mania of the skate world with authority and expertise. While the boards take center stage, fascinating vignettes and recollections by an A-list of skateboarding personalities from Tony Hawk to Mike Vallely, Mark Gonzales to Stacy Peralta and more.

A pictorial tour of skateboard graphics ranges from spreads of full-board designs to detailed crops of patterns and graphics and includes interviews with designers and creators of major skateboard brands.

Full of relevant, diverse, and current real-world applications students can relate to, Stefan Waner and Steven Costenoble's APPLIED CALCULUS, 7th Edition helps your students see the relevance of mathematics to their interests. A large number of the applications are based on real, referenced data from business, economics, the life sciences, and the social sciences. Thorough, clearly delineated spreadsheet and TI Graphing Calculator instruction appears throughout the text, and an acclaimed author website at www.wanermath.com provides interactive tutorials, powerful utilities, conceptualization tools, review, and practice. The end-of-chapter Technology Notes and Technology Guides are optional, allowing you to include any amount of technology instruction in your courses. Acclaimed for accuracy and readability, APPLIED CALCULUS appeals to, and is appropriate for, all types of teaching and learning styles and support. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Growing up in Chicago's South Side was not easy for author Aetius D. Harris, who went by Columbus George, or Colo, in the story, Poke Dog in his youth. Born in 1968, he chronicles his struggles to fit in among his peers and stay on a righteous path. In his memoir, Harris details tales of his childhood and his experience's with the criminal life. He also recalls the spiritual fight that ensued for his soul. He is focusing on a period in his life from the mid-1970s to the mid-1980s. In that time, his god-fearing mother did her best with raising him. That being; he still found himself drawn toward the Black Disciple's organization's love, structure & protection, in that order This autobiography explores his progression from child to young adult. A journey driven by a will to survive, succeed and achieve goals. His obstacles are his skin color and his intellect. He uses his wits to maneuver the South side of Chicago's wickedness

The Illustrated History of Skateboard Apparel

Design & Build a Custom Longboard, Cruiser, Or Street Deck from Scratch

This retrospective on Jim's skateboard art bobards the reader with colorful skateboard decks, logos, ad art, ad layouts, photos and stickers to illustrate the history of skateboarding from the urethane revolution up to the present. You are invited for a ride, an inside view of Phillips Studios, to observe the wacky world of his crazed studio artists, and examine their graphic assignments. The story traces the roots of skateboarding with more than a half-century of Phillips' involvement. It provides insight into the creative evolution of the sport and the worldwide interest and influence that has occurred from this California artist.

For more than twenty years, Tony Hawks has been mistaken for Tony Hawk, the American skateboarder. Even though it is abundantly clear on his website that he is an English comedian and author, people still write to him asking the best way to do a kickflip or land a melon. One mischievous day he started writing back in a pompous tone, goading his correspondents for their spelling mistakes and poor grammar, while offering bogus or downright silly advice on how to improve their skateboarding. Featuring entries on parents' pain, disappointment, underachievers, Quorn and the Vatican, this is his A to Z guide to the world of skateboarding, as seen through the eyes of someone who knows absolutely nothing about it.

The story of the simple skateboard is part thriller, part underground, underdog success tale. It's chock-full of innovations, far-out graphic artistry, and ever-more-incredible hot-dogging feats. And the story's told in this book with contributions from the stars themselves—Tony Hawk, Stacey Peralta, Jeff Ho, the Dogtown Z-Boys, and more. Beautifully illustrated with historical posters, ads, and memorabilia along with new action photography, studio skateboard shots, and unique portraits of the stars, this is a fitting tribute to an American classic.

When Skateboards Will Be Free

After Evan's older brother breaks his leg skateboarding, their parents ban skateboarding for the whole family. But Evan loves skateboarding too much to quit. When his grandmother catches him practicing for a competition, Evan knows his secret is out. He has to decide what's more important: doing what he loves or telling his parents the truth. Whether you skateboard for transportation or like to hit the ramps at the local skateboard park, skateboarding is fun and can help you keep fit. Read this book to find out more about skateboarding and how it can help you stay healthy for life.

This sketchbook is perfect for the creative, artistic skateboarder, any age, boy or girl. Total of 48 templates, including 12 for each of the four main board shapes: Cruiser, Popsicle, Old School, and Longboard. Each template has a facing page with space to name the designs, and make note of details and inspiration. Use pen, pencil, crayon, stickers, or any art medium. Book measures 8.5" wide by 11" high. 100 total interior pages are white paper with black print. Glossy cover.

The way apparel has been worn and created by skateboarders over the past 50 years has had a tremendous impact on popular culture at large. In *Skateboarding Is Not A Fashion*, the authors have taken great effort to document all aspects of this aesthetic movement from its roots in the 1950s as an offshoot of surfing culture, through the early days of skateboarding "found itself" after a crucial underground period of soul searching and DIY expressions of individuality. Early generations of surfers and skaters wore clothing and lifestyle brands such as Jantzen, Hang Ten, Jams, Vans and Hobie. As the culture progressed and developed its own distinct identity, brands core to the scene such as Vans, Santa Cruz, Powell-Peralta, Sims, Alva, Jimmy'Z and many more jumped into the fray with their own apparel. Nearly every area of garment design was touched by skate wear's aesthetic-- influencing the design and fashion of innumerable media from T-shirts to board shorts and denim to track suits along the way. Telling the inside story of skate couture in the words of those who lived it, *Skateboarding Is Not A Fashion* is an original commentary from designers, company founders, and pro skateboarders who have defined skateboarding's look for entire generations. Skate personalities we know include Stacy Peralta, Lance Mountain, Tony Alva, Brad Bowman, Steve Olson, Steve Caballero, Steve Van Doren, and many more. *Skateboarding Is Not A Fashion* even addresses the design influence of accessories and safety gear ranging from helmets, kneepads and gloves, not to mention accessories such as bags. Skateboarding's attitude and style have captured the imagination of millions over the decades--and *Skateboarding Is Not A Fashion Vol 1* is the culture's magnum opus lookbook.

Skateboard stickers have always been highly collectable, and this will be the first book to bring together some of the most popular stickers, both classic and new. At a time when skateboarding has already established itself in the mainstream, and is now coming back into the 'cool', the book

will have massive appeal, combining a nostalgic 'revival' element appealing to the older generation of skaters, while also having a big appeal to current younger skateboard enthusiasts. The book will also have global appeal due to the widespread popularity of skateboarding culture. The book will feature stickers from the following brands: Alien Workshop, REAL, Toy Machine, Girl, and Santa Cruz. Approximately 30 stickers will be included from each brand.

Sex and skateboards and surfing on the California coast. What more could anyone want? Alden McKenna has spent her entire life not growing up. Being an adult is tedious, not to mention totally boring. And requires less skateboarding. So why bother? Moving to a small beach town seems like an awesome idea. The skateboarding is good, the sun is always shining, and no one moves very fast. She even meets a hot chick like five minutes after moving there. Life is good. Except young Weston Duvall has already grown up and her reasons for doing so surprise Alden even more because she didn't see them coming. Weston can't trust Alden, and Alden isn't sure she wants to be trusted. So why can't they seem to stay away from each other?

A mix of Tony Hawk and Brian Welch comes together in skateboarding legend Christian Hosoi, who reveals everything about his rise, fall, and redemption, in this amazing tell-all—from being named the greatest skater of all time to bottoming out on drugs to finally finding redemption through God. Fans of Slater Kelly's Pipe Dreams and Brian Welch's Save Me From Myself, and followers of Tony Alva, Jay Adams, and Steve Caballero, will be captivated by this extraordinary, star-studded story, a gripping read that ranges from the heart of the 1980s skateboarding scene to the inside of a prison, from Hollywood parties to intense prayer sessions. Hosoi: My Life as a Skateboarder Junkie Inmate Pastor takes readers to the heart of one little-known world after another—and he portrays them in all their gore and glory for all the world to see.

Long time skateboard artist Sean Cliver has put together this staggering survey of over 1000 skateboard graphics from the early 80s to the start of the 00s, creating an indispensable insiders history as he did so. Alongside his own history, Sean has assembled a wealth of recollections and stories from prominent artists and skateboarders such as Andy Howell, Barry McGee, Ed Templeton, Steve Caballero, and Tony Hawk. The end result is a fascinating historical account of art in the skateboard subculture, as told by those directly involved with shaping its legendary creative face. Now, 10 years after its first printing, the graphics and stories within are as provocative as they day they were first conceived.

A stunning memoir of growing up in America as the child of would-be socialist revolutionaries during the twilight of Communism.

A young woman lies dead, strangled by a killer still prowling the sweltering run-down neighborhood. The young wife of a police lieutenant receives threatening phone calls; the precinct's patrol cars are sabotaged; even the puppies the officers have adopted as mascots are savagely slain. It looks like there's a psycho on the loose with a vendetta against the cops. And then the widow of a precinct cop is found horribly murdered. The signature of the first crime is on this one. But a deadly new element has been added – another murderer is imitating the first one's methods. Olsen's ear is uncanny – the language, the psychology of cops rings absolutely true with all the brutal authenticity of Joseph Wambaugh. He makes them intimate, real, alive -- the burly, 37-year-old watch commander, Lt. Packer Lind, a dedicated cop; his adoring 21-year-old wife Amnee; Precinct Commander Julius Singletary, 47 and estranged from his wandering wife

Agate; Sergeant Turk Molnar, the prototype of a big, dumb, good-natured flatfoot; the lovable smart-ass Artie Siegi, sex-driven Billy Mains and his new patrol car sidekick, bosomy Mary Rob Maki; and their patrolmen pals – including Gerald Yount, 24, whose wife Darlene has been cruelly unfaithful, precipitating a nightmare that brings Olsen's novel to its thunderous resolution. Night Watch is a superb evocation of the real world of big city police today. It is a rare combination of action and a novel of character. In telling this riveting story, Jack Olsen portrays a memorable man in Watch Commander Packer Lind, along with marvelous creations of the characters of the cops under his command and their wives and the pressured lives they lead. For more than a year, Olsen studied policemen at close range: on their beats, visiting them in their homes, joining in their off-duty revelries, riding shotgun as they chased speeders and burglars and killers, walking side by side with them into the bars and back alleys and tanks and dives and sometimes onto the killing grounds of this most dangerous of occupations. After sharing their pressure-cooker lives, Olsen calls them “the most undervalued members of our society: good and decent men, for the most part, whose stresses and torments are only dimly understood by the public they serve. They live on the edge of a knife-blade, and they pay the price in broken homes, tortured lives, and uncertain futures. The wonder isn't that there are so many bad cops. The wonder is that there are so few.”

Primary Story Paper Journal

A History of Skateboard Art

The Handmade Skateboard is the definitive book on building custom skate decks of all shapes and sizes, from the high-performance street deck to the classic longboard to a vintage pinstripe cruisers that will turn heads everywhere you go. When you make your own skateboard from scratch you have the opportunity to create something that is perfectly tailored to you: a deck that matches your height, your weight, your center of balance, your skill level and your intended use. More importantly, making your own skate deck allows you to design a perfect deck to fit your personal style, making a statement about who you are. There's nothing wrong with choosing off-the-shelf and mass produced, but who doesn't prefer to stand out. Be different. Be one of a kind. That's what you get with a custom handmade skateboard. Whether you are an accomplished woodworker or an absolute beginner, The Handmade Skateboard guides you step-by-step through building five skateboard designs; from a simple Hack Board built in a few spare hours to a high-performance street deck pressed from seven layers of high-quality Maple veneers. A design guide covers everything you need to know about sizing and shaping your deck and choosing the right trucks and hardware. And detailed photos, illustrations and clear written instruction throughout provide all the information and motivation you need to make your own skateboard from scratch.

Eight monster friends enjoy skateboarding together in a book that also includes a page of stickers

Examines the history of skateboarding and discusses the techniques, tricks, safety gear, and maintenance of equipment.

An instructional guide for serious skaters looking for unusual and innovative tricks.
