Looking for those sunny side up eggs in life? It doesn't always pan out that way. Life is similar to eggs in that it can turn out so differently, depending on preparation. This story is about Elaine, her husband Richard, their daughter Mira, granddaughter Leslie and their egg-like situations. Elaine's life is runny, sometimes totally scrambled, and at times cracked, like a hardboiled egg. Richard's life is an omelet; it doesn't matter what is put into it, he remains clueless. Mira was on a continuous hunt for the easy over, soft life. Once out of her shell she finally discovered life can be sunny side up. Leslie turns from poached softly, to overcooked, hard as rubber. This story starts out with Mira's birth but pushes back time to look at the tragic life of her mother, Elaine, and the sad moments of her father Richard.

This book will show you how your own personal experiences can provide you with an endless supply of ideas for your writing - whether fiction or non-fiction. You will learn how to write about what you know - and you certainly know a lot. The good news is that the older you are, and the older you get, the more experiences you have had - so you'll

always have something to write about. The author, Lynne Hackles, will show you how to make your own 'Raking up your past' file - using memories, lists, diaries, newspapers, smells, family trees, etc. Plus how to turn your own anecdotes, recounted to friends and family, into useful prose; and how to fashion the passed-down history of your ancestors into a family saga. With this book you'll also learn how to: - Sell a snippet of conversation - Make money by sharing secrets - Take your boss and your best friend and come up with a new character - Sell one event in your life to several different markets - Impart knowledge you didn't think you had to people who didn't know they needed it - Use the emotions, traumas, joys and experiences of your own life to make your writing stronger and more saleable. With this book you'll never run out of ideas, and writer's block will be a thing of the past.

This book provides unique insights into Late Neolithic life, its organization and its economy, made possible by an altogether exceptional collection of recent archaeological findings in South Scandinavia from longhouses with sunken floors dating from this period. Through analysis and interpretation of these comprehensive materials, Danish archaeologist John Simonsen presents brand new findings essential for many wider interpretations of this crucial and fascinating transitional period from the Stone Age to the Bronze Age (c. 2350- c. 1600 BC). The basic materials presented and discussed in Daily Life at the Turn of the Neolithic were mainly found during new archaeological

excavations in the central part of the Limfjord region of Denmark, but, in terms of the wider perspectives and considerations, often relate to the entire region and in several respects also to South Scandinavia - and beyond.

Glimpses of Oneida Life is a remarkable compilation of modern stories of community life at the Oneida Nation of the Thames Settlement and the surrounding area. With topics ranging from work experiences and Oneida customs to pranks, humorous encounters, and ghost stories, these fifty-two unscripted narrations and conversations in Oneida represent a rare collection of first-hand Iroquoian reflections on aspects of

daily life and culture not found in print elsewhere. Each text is presented in Oneida with both an interlinear, word-by-word translation and a more colloquial translation in English. The book also contains a grammatical sketch of the Oneida language by Karin Michelson, co-author of the Oneida-English/English-Oneida Dictionary, that describes how words are structured and combined into larger linguistic structures, thus allowing Glimpses to be used as a teaching text as well. The engrossing tales in Glimpses of Oneida Life will be a valuable resource for linguists and language learners, a useful source for those studying the history and culture of Iroquois people in the twentieth-century, and an entertaining read for anyone interested in everyday First Nations life in southern Ontario.

I stared at the photographs, mesmerised by the mystery of the two women. Their bodies and skin have been frozen in time, turned porcelain white and uncovered on the north face of Mont Blanc. They were once lost to the eternal silence of the snowy peaks, waiting to tell their stories. Who were these two unknown mountaineers to each other, and why were they summiting unaided, alone at the pinnacle of wilderness? My search unfolds as a love affair in early twentieth-century England comes to life.
