

The Kiss Of Death (Demons' Muse Book 1)

Meredith Gentry is a private investigator who specializes in supernatural crime. She has, however, a strange secret. She is in fact a faerie princess in hiding. Her aunt wants her back in the faerie world and the penalty for refusal is death.

The things that go bump in the night are supposed to be headboards, not monsters. Leaving my husband was hard. Trying to face the world alone with my teenage daughter is the sort of thing nightmares are made of, but I caught a break. My best friend just hired me for a great job. It's not anything special, simply managing the leasing office of this very fancy and highly exclusive neighborhood, yet the perks mean I get my second chance. Speaking of perks, my rent-free house is right beside not just one handsome man, but five! Each one is hotter than the last, and all of them seem interested in me. Maybe I can't remember the last date I was on, but if I want to master being a strong woman, then this is a good place to start. It's just dating, right? Normal life stuff. Not so much. Everyone around us has these strange golden eyes. Then there are the questions no one will answer. And who cares if there's a lot of wildlife running around at night? I do, especially when a wolf keeps sneaking into my backyard. I have a kid to worry about. Things have got to change before someone gets bitten! Normal is going out the window, and fast. My neighbors say I don't belong here, and they don't mean because I'm Hispanic. Never mind that I just heard a man growl. Now they're talking about fated somethings, and I'm pretty sure they mean me. I feel like I'm going crazy! Because when I said I wanted to learn how to be strong, this wasn't what I meant at all. Still, when it comes to taking care of my little girl, I will definitely learn how to be the biggest bitch on the block. I just hope that doesn't become literal. *Wolf's Bane* is a 135,000 word, full-length novel with multiple love interests. Note: *Wolves Next Door* series contains profanity, consensual sex, and one adult woman who falls for multiple younger men. This is the first book in a trilogy.

All Genny wants is to live the quiet life and to do her job at *Spellcrackers.com*, but there's her tangled personal life to sort out first. She's being haunted by ghosts who want her help. Her witch neighbours want her evicted. Genny's sort-of-Ex - and now her new boss - can't decide whether he wants their relationship to be business or pleasure. And then there's the queue of vampires all wanting her to paint the town red - how long will it be before they stop taking no for an answer? But when one of her human friends is murdered by sidhe magic, Genny is determined to find the killer. She needs help to find the real murderer, and that means calling on some of the most capricious and seductive fae - but her search is hindered by the vampires, who have their own political agenda. All the evidence points to Genny - she's the only sidhe fae in London - and she's named the main suspect; it's not long before she's on the run, not just from the police, but from some of London's most powerful supernaturals.

Death didn't scare Lilith Whitlock. At the ripe age of twenty, she preferred to take whatever life threw at her, and if death was a curveball, she'd catch it. What she didn't expect was for impending death to be stalled by being transformed into a vampire. With sharp, pointy teeth and a hunger for blood, Lilith adapted to her new life. Befriending three hot vampires with a mission to maintain balance had something to do with that, but the paranormal world wasn't perfect. Especially when she learned creating new vampires was illegal. Now, she had to prove herself as indispensable to the Order of the Void, or she'd be obliterated from existence. No one mentioned that being a new-blood came with a looming threat and imminent danger. Crimson Tears is book one of three in the Crimson Demon Trilogy. It is a paranormal why-choose romance centered around three vampires and one demon. It contains mature subject matter that might not be suitable for all readers.

Man is spirit. But what is spirit? Spirit is the self. But what is the self? The self is a relation which relates itself to its own self, or it is that in the relation [which accounts for it] that the relation relates itself to its own self; the self is not the relation but [consists in the fact] that the relation relates itself to its own self. Man is a synthesis of the infinite and the finite, of the temporal and the eternal, of freedom and necessity; in short, it is a synthesis.

I always imagined Death's final kiss would be cold. It wasn't. Four years later, I can still remember the exact shade of his skin: a blue so pale it looked like moonlight. I dream of his touch. Mostly, I paint the man under the heavy cowl, including those perfect lips which ruined mine for anyone else. I'm obsessed with him. The doctors say he's nothing more than a hallucination caused by a mixture of head trauma and emergency pain medications. I think he's a really sexy figment of my imagination. I mean, who besides an artist would dream up the Grim Reaper for their hero? Now, something's changed and my drawings are taking on a life of their own. As if college wasn't hard enough, trying to keep this a secret is going to be

impossible. Keeping my sanity might be worse. And that's not the worst of my problems. Death is back. He wants another kiss. And he's not alone. The Kiss of Death is a 156,000 word, full-length novel with NO cliffhanger ending. This is a Reverse Harem series which includes multiple love interests, some m/m themes, and graphic scenes of sex, violence, and language. Be warned: everything you thought you knew about the world, religion, and death will be pulled apart, twisted around, and put back together in ways you will not expect.

Some prick of a demon-level one supposedly-caught him off guard while out on patrol. But Gem knows that's a lie. And since the dirty Nephilim running the investigation won't help, Gem takes matters into her own hands. The Supernatural Security Force is the city's protection against demons-and the only hope Gem has of finding out the truth. If she wants to find out what really happened, she'll need the resources of "detective" status. But graduating isn't so easy for a legacy-or for anyone who crosses Rodrigo Garcia. He's made one thing clear for Gem. Failure is the kiss of death.

The Mortal Bone

Kiss of Death (Hell on Earth, Book 3)

As Daniel X continues to hunt for intergalactic aliens, he and his friends go to England searching for Beta, an outlaw who takes the form of fire and who killed Daniel's parents when he was two years old.

From New York Times bestselling author Kresley Cole comes this spellbinding story of a demon king trapped by an enchantress for her wanton purposes -- and the scorching aftermath that follows when he turns the tables and claims her as his captive. HIS OBSESSION... Sabine, Sorceress of Illusions: the evil beauty who surrenders her body, but not her heart. HER DOWNFALL... Rydstrom Woede: the ruthless warrior who vows to keep her at all costs. THEY WERE NEVER SUPPOSED TO WANT EACH OTHER THIS MUCH... With each smoldering encounter, their shared hunger only increases. If they can defeat the sinister enemy that stands between them, will Sabine make the ultimate sacrifice for her demon? Or will the proud king lay down his crown and arms to save his sorceress?

Everyone lies. When working for a sex mage, it's the only way to stay safe. That's the first thing Jaeda learns when she's named as the Chosen. The mage needs a sacrifice, and she's willing to give it. Maybe too willing. After all, this man is lust incarnate; a woman would have to be insane not to want him, even if he is dangerous. But desiring someone's body is very different from falling in love. In her line of work, the two must never be confused. She doesn't even know his name! He's simply The Jackal, a terrifyingly powerful sex mage, and she's his altar. Her lust fuels him. He needs it. And that puts her in control. Now, she gets to

spend her days with a mage who wields sex like a weapon and his assistant who's as irresistible as some long-lost god brought to life. The things they do to her body are amazing, and the rest? These men want to spoil her with the kind of riches she's always dreamed of. It's the best job she can imagine. Unfortunately, it's never that easy. This is supposed to be about making magic - that's it. Feelings have no place in a mage's temple. Affection is a curse. But when the enemy decides she'll make the perfect weapon to steal the Jackal's power, what's she supposed to do? After all, she's just a stupid girl caught in the middle. Her job is to just lie back and take it. Except, someone's been lying. It might even be her. **POWER OF LIES** is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of vulgar language - as well as some potentially triggering violence since the bad guys don't always play nice. While this is a love story, it may not be right for all readers.
