***The pioneering memory technique taught in this book removes the major obstacle to learning modern Mandarin Chinese: how to remember the meanings of more than 2,000 of the most common of traditional Chinese characters—enough to read more than 96 percent of the characters in almost any Chinese text. The lessons included here will help to learn new definitions at a breakneck pace, build up new characters using characters already learned, develop memory tricks to associate meanings with these characters, and fix meanings and characters forever in the mind. This unique manual provides a sure-fire way to master the most challenging and intimidating aspect of learning Chinese, vital for any student of the Chinese language.***

***Eddie's mother was up on a ladder cleaning the kitchen ceiling when her water broke. She was annoyed at the interruption, and the mess. Contemporary psychiatry has fallen under the sway of biological reductionism, where our patients do not receive proper care. They are treated primarily or exclusively with psychoactive drugs. The result has been a pharmaceutical epidemic, with psychiatric drug sales topping \$70 billion a year. Pharmaceutical psychiatry ignores the complexities of the human condition as if the agency of human suffering can be cured by a pill. Eddie never really enjoyed swimming...***

*he couldn't stop water from pouring into his nose and sinuses. It didn't occur to him to tell his counselors, never mind his parents, where he could have gotten nose clips. It didn't occur to him that anyone would be responsive to his needs. In Psychotherapy of Character, Dr. Berezin presents a much-needed alternative to the prevailing doctrine, one that is grounded in an understanding of human nature. Suffering is not a brain problem, it is a human problem. He illuminates the practice and effectiveness of psychotherapy through the story of his patient, Eddie. Eddie's complicated inner life, varied experiences, and ultimate breakthrough, stand in contrast to the destructive and false promises of a magical cure. He introduces a new and inclusive paradigm of consciousness for the twenty-first century. On the surface, he lived a successful college life. Eddie was due to graduate with honors, and was accepted into a prestigious PhD program in biology. All the while, he felt alone and dead inside. No one really knew him. Hector loves his food, but hates exercise. Could this be why he is so unfit and out of shape? Luckily, his friend Margo knows exactly what to do!*

Shortlisted for the Penderyn Music Book Prize *Sticky Fingers* is the story of how one man's ego and ambition captured the 1960s youth culture of rock and roll and turned it into a hothouse of fame, power, politics, and riches that would last for fifty years. Drawn from dozens of hours of interviews with Jann Wenner, who granted Joe Hagan exclusive access to his vast personal archive, this biography reveals how Wenner manufactured an unforgettable cultural mythology in story and image every other week for five decades. Hagan captures in stunning detail the extraordinary stories behind *Rolling Stone*, the magazine that reinvented youth culture, and marketed the libertine world of late-sixties San Francisco. He chronicles Wenner's marksmanship as an editor, his instinctive understanding of the zeitgeist, his endless pursuit of fame and power and his capacity for betrayal that would earn him as many enemies as friends. Featuring on-the-record interviews with Mick Jagger, Bruce Springsteen, Paul McCartney, Elton John, Keith Richards, Pete Townsend, Yoko Ono, Billy Joel, Tom Wolfe, Cameron Crowe, Lorne Michaels, David

Geffen, Dan Aykroyd, Bette Midler, and many others, Hagan describes Wenner with intimacy, nuance, and complexity. Like a real life Clash of the Titans, STICKY FINGERS captures the spirit of the age and paints an unforgettable portrait of one of the most significant cultural forces of our time.

"My object in writing this book is to encourage and help those students of the violin who are sufficiently intelligent to wish to advance with the times and who realise that in order to free violin playing from the rut of tradition in which it has complacently remained for so long, it is necessary to bring greater insistence to bear on the imaginative and poetical side of violin playing than has been done up to the present" Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Yet a number of metropolitan areas have in recent decades managed to mount cost-effective and resource-conserving transit services that provide alternatives to car travel. What sets these places apart? Noted transportation expert Robert Cervero provides an on-the-ground look at more than a dozen mass transit success stories, introducing the concept of the "transit metropolis"--a region where a workable fit exists between transit services and urban form.

You know what I want? I want to be able to have fun wherever I am. I want to laugh. All. The. Time. I want to have one holiday every year with my family where we have no plans and nowhere else to be. I want to watch less television and read more books. I want to be able to whinge about never being able to be alone any more, then, after someone organises a hotel room voucher for me, I want to spend the evening eating chips (that I don't like) from a cylinder and missing my children to the point of tears. From weight to wee, children to crap dates, nothing is off limits for Chrissie Swan, self-confessed 'over-sharer'. Celebrity, friendship, love, being a working mum, 'having it all' and the general chaos of life – Is It Just Me? is Chrissie at her hilarious, candid and fearless best. 'Chrissie writes what we're all thinking. Her honesty and humour are a gift. And a relief!' —Mia Freedman 'Smart, sassy, funny. Chrissie is the best girlfriend everyone should have. And with this book, now they can.' —Matt Preston 'Bubbly and outspoken Chrissie Swan is one of Australia's busiest and most adored working mums.' —Fiona O'Brien, Adelaide Review 'Sex, friendships, weight, real estate – Swan writes about them all in a chatty, confessional tone as if she's sharing confidences with girlfriends over coffee.' —Sunday Age

Many dream of dropping everything and just traveling around the world. It's a common dream, but few imagine embarking on that journey by bicycle. Exposed to the elements, legs burning, all your possessions strapped to you and your bicycle—it doesn't paint a relaxing picture, but this is just what Pierre-Yves Tremblay did. Leaving his hometown of Chicoutimi, Quebec, in July 1994, Tremblay took a flight to Europe, and from Paris hopped on his bike and went for a long ride around the world that lasted all of 836 days. He traveled through Europe, past the deserts of the Middle East, then braved the Himalayas, and rode through Southeast Asia and the wilds of Australia, before finishing his journey biking across the United States and arriving back home in Canada. Besides the sheer physical effort, this epic adventure is about a person confronting himself, alone, with his bike, encountering life, its possibilities and limits, dealing with

emotions and everything that compels him to keep going and persevere. It means exchanging greetings and sharing moments with people from many different cultures. It means overcoming hundreds of pitfalls only to keep on going. Fifteen and a half thousand miles later, this modern-day Ulysses invites us to read the precious journals he kept on his odyssey. Here you'll find out what really pushes great achievers to their limits.
