Felix Dennis, who believes that almost anyone of reasonable intelligence can become rich, given sufficient motivation and application. How To Get Rich is a distillation of his business wisdom. Primarily concerned with the step-by-step creation of wealth, it ruthlessly dissects the business failures and financial triumphs of 'a South London lad who became rich virtually by accident'.

The ultimate tool for unleashing your inner entrepreneur and for achieving enlightened wealth. This is a step-by-step guide to cracking your personal millionaire code and turning your enlightened ideas into millions. It showcases real-life stories of men and women who discovered and capitalised on their own "million-dollar ideas", or MDIs. These MDIs, the authors contend, are right under our noses - from bottled water to Post-It notes to less well-known but highly lucrative ideas - if only we can crack our personal millionaire code that will lead us to wealth. Throughout the book there are inspirational stories of

ordinary people who cracked their code and created extraordinary fortunes from a single idea, often in the face of severe challenges. Hansen and Allen show how to overcome personal fears, gather an amazing team, discover and soul-storm not one but dozens of million-dollar ideas, as well as incredible, enlightened ways to market ideas and then hundredfold them.

The New York Times bestselling financial guide aimed squarely at "Generation Debt"—and their parents—from the country's most trusted and dynamic source on money matters. The Money Book for the Young, Fabulous & Broke is financial expert Suze Orman's answer to a generation's cry for help. They're called

"Generation Debt" and "Generation Broke" by the media — people in their twenties and thirties who graduate college with a mountain of student loan debt and are stuck with one of the weakest job markets in recent history. The goals of their parents' generation — buy a house, support a family, send kids to college, retire in style — seem absurdly, depressingly out of reach. They live off their credit cards, may or may not have health insurance, and come up so far short at the end of the month that the idea of saving money is a joke. This generation has it tough, without a doubt, but they're also painfully aware of the urgent need to take matters into their own hands. The Money Book was written to

address the specific financial reality that faces young people today and offers a set of real, not impossible solutions to the problems at hand and the problems ahead. Concisely, pragmatically, and without a whiff of condescension, Suze Orman tells her young, fabulous & broke readers precisely what actions to take and why. Throughout these pages, there are icons that direct readers to a special YF&B domain on Suze's website that offers more specialized information, forms, and interactive tools that further customize the information in the book. Her advice at times bucks conventional wisdom (did she just say use your credit card?) and may even seem counter-intuitive (pay into a retirement fund

even though your credit card debt is killing you?), but it's her honesty, understanding, and uncanny ability to anticipate the needs of her readers that has made her the most trusted financial expert of her day. Over the course of ten chapters that can be consulted methodically, step-by-step or on a strictly need-to-know basis, Suze takes the reader past broke to a secure place where they'll never have to worry about revisiting broke again. And she begins the journey with a bit of overwhelmingly good news (yes, there really is good news): Young people have the greatest asset of all on their side — time.

world that desperately needs it. This book is a call to action, pushing you to wake up, stand up, and transform yourself into a powerful expression of your passion, your wealth, and your desire to make a difference. It is an invitation to become a true Awakened Millionaire, starting today. While most consider money and spirituality a blasphemous duo, Dr. Vitale shatters these social norms and shows you the true nature of money empowered with soulful purpose. At turns inspirational, motivational, and

conversational, this page-turner ultimately narrows in on practical steps anyone can use to see instantaneous results, regardless of your past failures, current financial situation, or future goals. But his mission is not to simply transform you. Dr. Vitale's mission is to create a swarm of Awakened Millionaires transforming the world with every action they take, while enjoying personal luxury and soulful fulfillment new levels of money and spiritual growth can give them. The book reveals: How to turn your passion into wealth

Cracking the Millionaire Code

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in Buffettology and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's

criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

Are you looking for help to grow your business? But you have no where to turn to, or no one to talk to who can help and advise you on what to do next. Then this short, full of value book is what you need to help you move forwards. In this book I'll be sharing my journey of how I started my businesses from scratch. When I say scratch,

Get Free The Millionaire Fastlane: Crack The Code To Wealth And Live Rich For A Lifetime

I literally mean starting from nothing. I'll show you how I took a desire to run my own business and built it from zero, to a million-pound turnover. I'll share with you everything I've learned and executed in my companies to help assist you on your journey. These are not secrets alone; they are the ups and downs of growing and scaling a business. Don't get me wrong, I'm not claiming to be an expert and I'm still learning every day myself, but I'm well into my journey and that's what I want to share with you, to help you to grow, build and develop a successful business. These experiences have cost me financially and emotionally as well as my time, but it's an investment that has been worthwhile. When I started my first business my aspirations were to reach a turnover of

1 million pounds. A few years in and I'm thankful to have achieved this goal, and more, and I'm looking forward to sharing how I did that with all you entrepreneurs. The aim of my book is to provide sound and solid advice to both existing businesses and new start-ups, and wherever you are on your business journey, I've included along the way short 'golden nuggets' and 'advice with value' that I hope you can take and put into practice for yourself. You'll also find space to write your own notes, so do take time to scribble down those thoughts that pop into your head as you read through. If you've decided it's time to move on from existing in your current job, to a position of owning your own business, or if you've decided to follow your dreams and build your own business in hope

of finding financial freedom, my hat goes off to you, because you're a doer and you're chasing your dreams." I hope that you can take inspiration and implement some of the strategies I have learned and implemented to build a company from Scratch to a million-pound turnover business." As Dean's business grows, his intention is to bring new insights into what it takes to make your first million (Scratch to a Million - this book), what can be learned from making £3-5 million, £5-10 million. Enjoy the journey of this, and your, success with Dean Thistleton, determined entrepreneur

And it will work for you. Not that long ago though, my business had gotten so bad that I literally couldn't even give my services away for free. At the end of each month, I would look at my bank account hoping to see progress (but there wasn't). I knew something had to change...but what? Over the 48 months, I went from losing money to making \$36 for every \$1 spent. In that time period, we generated over \$120,000,000 across four different industries: service, e-commerce, software, and brick & mortar. But, unlike everyone else, we didn't have great funnels, great ads, or a wealthy niche. In fact, we didn't even send emails until we had crossed \$50M in sales(!). Instead, we were able to do this one thing really well....we created offers so good, people felt stupid saying no.

skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you

will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real

world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

This is a book about becoming a millionaire. Not through investment, although you may invest the money that you make. Not through savings, although you will be able to have some of those. And not through betting on the 4.10 at your local race track. This is a 'how to' book like no other, with seven possible paths, all leading to the same outcome. This is your book, not mine. If you do the things in this book you will

business owner has likely encountered an overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to buy. This one-year plan will guide you through the three stages to your first \$1 million:

- The Grind (Months 0-4): This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months.*
- The Growth (Months 5 - 8): Once you're in business, you will discover how to use cheap and effective*

advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business. • The Gold (Months 9-12): It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com, Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If

and Live Rich for a Lifetime Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a little something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial

gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and

HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes

Simplified Chinese Translation Why Are So Many Jews Millionaires? Jews are estimated to make up less than 1% of the world's population, yet approximately 25% of the world's billionaires are Jewish. Jews are always found on lists of the world's richest people. In 2009, 139 of the Forbes 400 were Jewish. Jews also comprise a very large number of history's most important figures, people who have had a profound impact on humanity. Approximately 35% of Nobel Prizes have been awarded to Jews. No other ethnic group has even come close to matching the abilities and

accomplishments of Jews. Since such a large percent of the wealthiest and most successful people in the world are Jewish, a common question the world over is, "Why are so many Jews so wealthy?" Their secret lies not in their genetics or intelligence, as some have believed, but in their religion. Many of the wealthiest Jews use a code based on Judaism. You do not need to convert to Judaism or believe in religion to use The Money Code. "Religion has preserved history's greatest wisdom teachings," says religious studies scholar Huston Cummings Smith. There are various methods of wealth creation; however, many are short-lived, unfulfilling, or hazardous. The ideal circumstance is to create long-lasting wealth, accompanied by peace of mind and

The Real Estate Fastlane

Both the tech bubble burst of 2000, and the financial crisis of 2008, poked significant holes in the primary investment belief of too many investors today—that one can just blindly withdraw from principal, and that equity returns will keep up. Too many investment advisors have taken the path of least resistance, not aware of the risk in systematically withdrawing from what, at times, will be a declining portfolio. Investors seeking to accumulate money for their future needs, and investors needing to withdraw money now for a present need, both have one thing in common: Dividend Growth investing represents a powerful weapon in the achievement of their objectives. Market volatility is not something any investor can

escape, but benefitting from it (for accumulators reinvesting dividends), and being insulated from it (for withdrawers taking only from a growing flow of dividend income), are achievable results for those who understand the time-tested, sustainable, intelligent strategy of investing that is Dividend Growth.
