clear to the authors that many young people are clueless about their direction in life. Yes, they want a career, and yes, they want a good life, but knowing what to do is to many quite a challenge. Some say they want to be rich, but they really don't know what that means. In a sense, to paraphrase the Italian Renaissance polymath Leonardo da Vinci, many are like ships on the high seas of life without rudders! They have tremendous potential

They live a glamorous life, with private jets and luxury  
cars, holidays in warm mountain resorts in the  
Xtreme Hollywood hills. Or they live quietly. The  
truth is far from the bling and bright lights. Most  
millionaires in America still live what most people

true story of how one baby found his home. "Some babies are born into their families. Some are adopted. This is the story of how one baby found his family in the New York City subway." So begins the true story of Kevin and how he found his Daddy Danny and Papa Pete. Written in a direct address to his son, Pete's moving and emotional text tells how his partner, Danny, found a baby tucked away in the corner of a subway station on his way home from work one day. Pete and Danny ended up adopting the baby together. Although neither of them had prepared for the prospect of parenthood, they are reminded, "Where there is love, anything is possible."

*This book details the battle one must fight to be an independent thinker, showing how an honest reassessment of what it means to be a professional in today's corporate society can be remarkably liberating. Poignant examples from the world of work reveal the workplace as a battleground for the very identity of the individual. Schmidt contends that professional work is inherently political—that the unstated duty of professionals is to maintain strict "ideological discipline." Career dissatisfaction evolves as workers lose control over the political component of their creative work. After reading this insightful book, no one who works for a living will ever think the same way about their job. Jeff Schmidt lives in Washington, D.C., where he is an editor for Physics Today.*
