◆ *The Original Cocktail Book* ◆ *Delicious and Impressive Cocktail Recipes for Everyday Enjoyment*
*You do not have to be a mixologist to create a fantastic cocktail. In this book, I will show you simple and effective ways to make cocktails that blow your mind and enchant your senses. This book is designed to show budding home-bartenders simple and effective ways to mix impressive drinks that do not need years of skill and training to perfect. It will show you how to wow your guests and create delicious drinks that will have everyone at a party cheering. Not everyone wants to have cocktails for a party. If the last few years have shown us anything, we need the talent to make ourselves a professional standard cocktail every once in a while! This book will give you the tools to do just that. To start you on your journey as a home-mixologist and allow you to develop the much-needed skills to tend to your own cocktails, as well as everyone else's. This book will teach you:
* How to make delicious cocktails - quickly and without fuss
* How to boost flavour and create unique taste sensations
* How to serve various recipes
* A list of the basic ingredients you will need to start making cocktails
* A checklist of the items you will need to create perfect cocktails
In The Original Cocktail Book, you will discover all the skills you need and secret tricks of the trade to help you make incredible, affordable cocktails at home.*
THE HANDBOOK FOR LEADERS
The Prince is often regarded as the first true leadership book. It shocked contemporary readers with its ruthless call for fearless and effective action. With simple prose and straightforward logic Machiavelli's guide still has the power to surprise and inform anyone hoping to make their way in the world. This keepsake edition includes an introduction by Tom Butler-Bowdon, drawing out lessons for managers and business leaders, and showing how The Prince remains vital reading for anyone in the realm of business or politics.
This carefully crafted ebook: "Jerusalem (Illuminated Manuscript with the Original Illustrations of William Blake)" is formatted for your eReader with a functional and detailed table of contents. The poem was inspired by the apocryphal story that a young Jesus, accompanied by his uncle Joseph of Arimathea, a tin merchant, travelled to what is now England and visited Glastonbury during the unknown years of Jesus. The legend is linked to an idea in the Book of Revelation describing a Second Coming, wherein Jesus establishes a new Jerusalem. The Christian Church in general, and the English Church in particular, has long used Jerusalem as a metaphor for Heaven, a place of universal love and peace. In the most common interpretation of the poem, Blake implies that a visit by Jesus would briefly create heaven in England, in contrast to the "dark Satanic Mills" of the Industrial Revolution. Blake's poem asks questions rather than asserting the historical truth of Christ's visit. Thus the poem merely implies that there may, or may not, have been a divine visit, when there was briefly heaven in England.
William Blake (1757 – 1827) was a British poet, painter, visionary mystic, and engraver, who illustrated and printed his own books. Blake proclaimed the supremacy of the imagination over the rationalism and materialism of the 18th-century. Largely unrecognised during his lifetime, Blake is now considered a seminal figure in the history of both the poetry and visual arts of the Romantic Age.

Change your life in 2021 with the simple, scientifically proven method that has already worked for thousands of people. 'Life has questions. They have answers' New York Times At last, a book that shows you how to build - design - a life you can thrive in, at any age or stage. A well-designed life means a life well-lived. Many of us are still looking for an answer to that perennial question, "What do I want to be when I grow up?" Stanford innovators Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who and where we are, our careers and our age. Designing Your Life puts forward the idea that the same design thinking responsible for amazing technology, products and spaces can be used to build towards a better life and career by a design of your own making. '[Designing Your Life] teaches you how to change what's not working by turning ideas on their head.' Viv Groskop, author of How To Own The Room 'An empowering book based on their popular class of the same name at Stanford University...this book will easily earn a place among career-finding classics' Publishers Weekly

True creativity, the making of a thing which has not been in the world previously, is originality by definition. But while many claim to crave originality, they feel an obscure revulsion when confronted with it. The really new is uncomfortable and disturbing. Repetition of the familiar is preferred. The halting of old ideas as original lowers the standard for invention and robs most creative people of the drive to do anything interesting, let alone seek out the universe of originality which is waiting, drumming its fingers, wondering why nobody calls. This is a book for all those who care not for the fashionable simulacra of the media creative, but for an understanding of the hard road to true originality. Part manual, part history of ideas, part manifesto - this a unique experimental journey around the outer limits of our culture. It debunks myths, contradicts familiar shibboleths and wages war on cliché and platitude as it has never been waged before. A rallying cry and disruptive book for those bored with merely thinking outside the box.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.

Instructions in Gardening for Ladies

THE WORD, The Lexical Inventory of Holy Scripture In The Original Biblical Languages Of The Hebrew Tanakh (Old Testament) And The Greek New Testament And The Septuaginta (LXX)

The modern game of tennis dates from 1874, when the rules were defined by Major Walter Clopton Wingfield. Published in association with the All England Lawn Tennis Club (Wimbledon), this book examines the history of the rules of tennis from their first codification to the present day.

"Time is no more for the fifteen hundred souls who perished with them; but Honour and Glory, by strange ways and unlooked-for events, have come into their own. It was not Time, nor the creatures and things of Time, that received their final crown there; but things that have nothing to do with Time, qualities that, in their power of rising beyond all human limitations, we must needs call divine." "To say that all the men who died on the Titanic were heroes would be as absurd as to say that all who were saved were cowards. There were heroes among both groups and cowards among both groups, as there must be among any large number of men." "In such moments all artificial bonds are useless. It is what men are in themselves that determines their conduct; and discipline and conduct like this are proofs, not of the superiority of one race over another, but that in the core of human nature itself there is an abiding sweetness and soundness that fear cannot embitter nor death corrupt." The story of the sinking of the Titanic based on first hand accounts collected in the days and weeks following the disaster. The story of the Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who had already argued in the light of the Oceans sinking, for proper use of the wireless on board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

This book contains the complete word lists with lexicostatistic data on their relative frequency of occurrence of the following Biblical original language texts: the Hebrew Tanakh (Old Testament), the Greek New Testament and the Greek text of the Septuaginta (LXX). Such basic data are essential and a pre-requisite for any further research work in the analysis of these texts with a view to the grammatical structures used in these texts and the shades of meaning in the literary contexts in which they are actually used. For the latter task, the use of reliable word concordances to these original Biblical language texts is highly recommended (such as ISBN 9783959353625 and 9783959353588, Hamburg 2017). For textual exegesis and interpretation, text-critical research of original Biblical language texts and linguistic text analysis.

Reprinted by their permission ... by the Liverpool Unitarian Tract Society. To which is prefixed a brief view of the different English translations of the sacred writings

This monograph is written within the framework of the quantum mechanical paradigm. It is modest in scope in that it is restricted to some observations and solved illustrative problems not readily available in any of the many standard (and several excellent) texts or books with solved problems that have been written on this subject. Additionally a few more or less standard problems are included for continuity and purposes of comparison. The hope is that the points made and problems solved will give the student some additional insights and a better grasp of this fascinating but mathematically somewhat involved branch of physics. The hundred and fourteen problems discussed have intentionally been chosen to involve a minimum of technical complexity while still illustrating the consequences of the quantum-mechanical formalism. Concerning notation, useful expressions are displayed in rectangular boxes while calculational details which one may wish to skip are included in square brackets. Being! HARRY A. MAVROMATIS June, 1985 IX Preface to Second Edition More than five years have passed since I prepared the first edition of this mono graph. The present revised edition is more attractive in layout than its predecessor, and most, if not all of the errors in the original edition (many of which were kindly pointed out by reviewers, colleagues, and students) have now been corrected. Additionally the material in the original fourteen chapters has been extended with significant additions to Chapters 8, 13, and 14.

As the oldest vampires in the world, Klaus, Elijah and Rebekah Mikaelson are less than thrilled that they must share New Orleans with the werewolves. Klaus decides to build an army to take them out once and for all. He's turning vampires left and right, with Rebekah by his side. The new vampires are killing any werewolf they can get their hands on, but as Klaus's army becomes more powerful, he becomes increasingly blind to the dangers that threaten Elijah and Rebekah. An epic choice faces the Mikaelsons, as one of them could be taken from the earth forever ...

Having discovered the double identity of the wealthy Transylvanian nobleman, Count Dracula, a small group of people vow to rid the world of the evil vampire.

Get an inside look at the real beginning of outlaw biker culture with this "raucous and heartfelt" recollection of the early days of biker clubs" (Roadbible). The story starts one weekend in 1947, at a motorcycle race in Hollister, California. A few members of one club, the no-holds-barred "Boozefighters," got a little juiced up and took their racing to the street. Word of the fratres spread, and soon enough Life magazine was on hand to tell the world, with sensational (albeit posed) pictures of the outlaws. And then the "Hollister riot" made its way into the movies, immortalized in Marlon Brando's "The Wild One." "What was the reality behind the myth? Through interviews with the surviving members of the Boozefighters, current member Bill Hayes and club historian Jim "JQ" Quattlebaum take readers right into the fray for a firsthand account of what happened in Hollister, and the formation of the Boozefighters, where the outlaw biker culture truly began. The book, "with its great stories and entertaining real-life characters" (MotorcycleUSA.com), is "mandatory reading for anyone interested in American motorcycling history" (Minnesota Motorcycle Monthly).

WINNER of the Chartered Management Institute's (CMI's) Mangement Book of the Year Awards 2017, JP Morgan's Best Summer Read 2018, and a #1 New York Times Bestseller! 'Extraordinary' JJ Abrams 'Fascinating' Arianna Huffington 'Inspire creativity and change' Richard Branson 'One of my favourite thinkers' Malcolm Gladwell 'Masterful' Peter Thiel 'One of the great social scientists of our time' Susan Cain, bestselling author of Quiet, 'Fresh research, counter-intuitive insights, lively writing, practical calls to action' The Financial Times The New York Times bestselling author examines how people can drive creative, moral, and organisational progress—and how leaders can encourage originality in their organisations. How can we originate new ideas, policies and practices without risking it all? Adam Grant shows how to improve the world by championing novel ideas and values that go against the grain, battling conformity, and bucking outdated traditions. Using surprising studies and stories spanning business, politics, sports, and entertainment, Grant explores how to recognize a good idea, speak up without getting silenced, build a coalition of allies, choose the right time to act, and manage fear and doubt. Parents will learn how to nurture originality in children, and leaders will discover how to fight groupthink to build cultures that welcome dissent. Told through dazzling case studies of people going against the grain, you'll encounter an entrepreneur who pitches the reasons not to invest, a woman at Apple who challenged Steve Jobs from three levels below, an analyst who challenged secrecy at the CIA, a billionaire financial wizard who fires employees who don't criticize him, and the TV executive who saved Seinfeld from the cutting room floor. Originals will give you groundbreaking insights about rejecting conformity and how to change the world.

A new, beautifully illustrated translation of Felix Salten's celebrated novel Bambi—the original source of the beloved story Most of us think we know the story of Bambi—but do we? The Original Bambi is an all-new, illustrated translation of a literary classic that presents the story as it was meant to be told. For decades, readers' images of Bambi have been shaped by the 1942 Walt Disney film—an idealized look at a fawn who represents nature's innocent—which was based on a 1928 English translation of a novel by the Austrian Jewish writer Felix Salten. This masterful new translation gives contemporary readers a fresh perspective on this moving allegorical tale and provides important details about its creator. Originally published in 1923, Salten's story is more somber than the adaptations that followed it. Life in the forest is dangerous and precarious, and Bambi learns important lessons about survival as he grows to become a strong, heroic stag. Jack Zipes's introduction traces the history of the book's reception and explores the tensions that Salten experienced in his own life—as a hunter who also loved animals, and as an Austrian Jew who sought acceptance in Viennese society even as he faced persecution. With captivating drawings by award-winning artist Alenka Sottler, The Original Bambi captures the emotional impact and rich meanings of a celebrated story.

Roald Dahl's Charlie and the Chocolate Factory in glorious full colour. Mr Willy Wonka is the most extraordinary chocolate maker in the world. And do you know who Charlie is? Charlie Bucket is the hero. The other children in this book are nasty little beasts, called: Augustus Gloop - a great big greedy nincompoop; Veruca Salt - a spoiled brat; Violet Beauregarde - a repulsive little gum-chewer; Mike Teavee - a boy who only watches television. Clutching their Golden Tickets, they arrive at Wonka's chocolate factory. But what mysterious secrets will they discover? Our tour is about to begin. Please don't wander off. Mr Wonka wouldn't like to lose any of you at this stage of the proceedings . . . Look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! inspired by the revolting Twits.

Family is power. The Original vampire family swore it to each other a thousand years ago. They pledged to remain together always and forever. But even when you're immortal, promises are hard to keep. Arriving in New Orleans in 1722, Original vampire siblings Klaus, Elijah and Rebekah Mikaelson believe they've escaped their dangerous past. But the city is lawless, a haven for witches and werewolves unwilling to share territory. The siblings are at their mercy,especially after Klaus meets the beautiful and mysterious Vivianne. Her impending marriage is key to ending the war between the supernatural factions—and Klaus's attraction to her could destroy the uneasy alliance. As Elijah works toward securing a piece of the city for his family, and Rebekah fights her unexpected feelings for a French captain, will Klaus's volatile desires bring their world crashing down—and tear them apart for good?
