Kristina's stay at summer horse camp is horrible to say the least, and it's all because Hester and Davina are there as well, making her life miserable. Despite centuries of suppression and oppression, American Indian music survives today as a profound cultural force. Heartbeat, Warble, and the Electric Powwow celebrates in depth the vibrant soundscape of Native North America, from the "heartbeat" of intertribal drums and "warble" of Native flutes to contemporary rock, hip-hop, and electronic music.

Drawing on more than one hundred interviews with musicians, producers, ethnographers, and record-label owners, author and musician Craig Harris conjures an aural tapestry in which powwow drums and end-blown woodwinds resound alongside operatic and symphonic strains, jazz and reggae, country music, and blues. Harris begins with an exploration of the powwow, from sacred ceremonies to intertribal gatherings. He examines the traditions of the Native American flute and its revival with artists such as two-time Grammy winners R. Carlos Nakai and Mary Youngblood. Singers and

songwriters, including Buffy Sainte-Marie, Keith Secola, and Joanne Shenandoah, provide insights into their music and their lives as American Indians. Harris also traces American Indian rock, reggae, punk, and pop over four decades, punctuating his survey with commentary from such artists as Tom Bee, founder of Native America's first rock band, XIT. Grammy-winner Taj Mahal recalls influential guitarist Jesse Ed Davis; ex-bandmates reflect on Rock Hall of Fame inductee Redbone; Robbie Robertson, Pura Fe, and Rita Coolidge describe how their groundbreaking 1993 album, Music for the

Native Americans, evolved; and DJs A Tribe Called Red discuss their melding of archival powwow recordings into fiery dance music. The many voices and sounds that weave throughout Harris's engaging, accessible account portray a sonic landscape that defies stereotyping and continues to expand. Heartbeat, Warble, and the Electric Powwow is the story—told by those who live it—of resisting a half-millennium of cultural suppression to create new sounds while preserving old roots. Listen in!
