In the vineyards, wine caves, and cellars of France as war and occupation came to the country winemakers acted heroically not only to save the best wines but to defend their way of life. These are the true stories of vigneronns who sheltered Jewish refugees in their cellars and of winemakers who risked their lives to aid the resistance. They made chemicals in secret laboratories to fuel the resistance and fled from the Gestapo when arrests became imminent. There were treacheries too, as some of the nation's winemakers supported the Vichy regime or the Germans themselves and collaborated. Donald Kladstrup is a retired American network correspondent. He and his wife Petie have accumulated these fascinating stories, told with the pace and action that will fascinate fiction and non-fiction readers alike.

Toby follows, and in that second, everything changes. the magical parallel world of Mysterie. Our ordinary dimension—the one Toby knew as Bradford-on-Avon—is actually Veritie, a mere shadow of its alter ego, Mysterie, where magic and myth, gods and monsters, living legends and walking nightmares reign. And Toby isn't the only recent arrival. A cunning and vicious demon—The Serpent's Son—has returned to Mysterie, accompanied by a malevolent new ally, intent on bringing down both dimensions. Toby can remain mortal, return to Veritie, and try to convince himself that he had a bad pint of bitter that night. Or he can stay in Mysterie,

join forces with his new friends Leo Morn and his Brother Under The Hill, and try to stop The Serpent's Son. The choices Toby makes will have dramatic consequences for both worlds. It may not be the first time Mysterie's wars have spilled over into our reality, but if Toby fails, it could be the last. Simon R. Green, New York Times bestselling author of the Deathstalker series and the Nightside series, brings his trademark wit and inventiveness to his beloved hometown of Bradford-on-Avon, in this charming standalone urban fantasy novel.
