This is the first world history of empire, reaching from the third millennium BCE to the present. By combining synthetic surveys, thematic comparative essays, and numerous chapters on specific empires, its two volumes provide

Access Free A  
Dictionary Of  
World History

unparalleled coverage  
of imperialism

throughout history  
and across continents,  
from Asia to Europe  
and from Africa to the  
Americas. Only a few  
decades ago empire  
was believed to be a  
thing of the past; now  
it is clear that it has  
been and remains one  
of the most enduring

Access Free A  
Dictionary Of  
World History

forms of political organization and power. We cannot understand the dynamics and resilience of empire without moving decisively beyond the study of individual cases or particular periods, such as the relatively short age of European colonialism.

Access Free A  
Dictionary Of  
World History

Oxford Quick  
Reference

The history of empire,  
as these volumes  
amply demonstrate,  
needs to be drawn on  
the much broader  
canvas of global  
history. Volume I:  
The Imperial  
Experience is  
dedicated to synthesis  
and comparison.  
Following a  
comprehensive

# Access Free A Dictionary Of World History

theoretical survey and  
bold world history  
synthesis, fifteen  
chapters analyze and  
explore the  
multifaceted  
experience of empire  
across cultures and  
through the ages. The  
broad range of  
perspectives includes:  
scale, world systems  
and geopolitics,

Access Free A  
Dictionary Of  
World History

Oxford Quick  
Reference

military organization,  
political economy and  
elite formation,  
monumental display,  
law, mapping and  
registering, religion,  
literature, the politics  
of difference,  
resistance, energy  
transfers, ecology,  
memories, and the  
decline of empires.

This broad set of

Access Free A  
Dictionary Of  
World History

topics is united by the central theme of power, examined under four headings: systems of power, cultures of power, disparities of power, and memory and decline. Taken together, these chapters offer a comprehensive and unique view of the

Access Free A  
Dictionary Of  
World History

imperial experience in  
world history. Volume

II: The History of  
Empires tracks the  
protean history of  
political domination  
from the very  
beginnings of state  
formation in the  
Bronze Age up to the  
present. Case studies  
deal with the full  
range of the historical

Access Free A  
Dictionary Of  
World History

experience of empire,  
from the realms of the  
Achaemenids and  
Asoka to the empires  
of Mali and Songhay,  
and from ancient  
Rome and China to  
the Mughals,  
American settler  
colonialism, and the  
Soviet Union. Forty-  
five chapters detailing  
the history of

Access Free A  
Dictionary Of  
World History

individual empires are tied together by a set of global synthesizing surveys that structure the world history of empire into eight chronological phases. Includes over 400 entries from the 1938 Munich Crisis to the trial of former Vichy official Maurice Papon.

# Access Free A Dictionary Of World History

Each volume of the  
Oxford Quick  
Reference  
Dictionary of World  
Biography contains  
250 entries on the lives  
of the individuals who  
shaped their times and  
left their mark on  
world history. This is  
not a who's who.

Instead, each entry  
provides an in-depth  
essay on the life and  
career of the

Access Free A  
Dictionary Of  
World History

individual concerned.

Essays commence  
with a quick reference  
section that provides  
basic facts on the  
individual's life and  
achievements. The  
extended biography  
places the life and  
works of the individual  
within an historical  
context, and the  
summary at the end of

# Access Free A Dictionary Of World History

each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

An exceptionally clear and quick reference for general readers, providing a survey of world history in 7,500 alphabetical, cross-

# Access Free A Dictionary Of World History

referenced entries.

Not the least of its  
merits is the effort

made to avoid a  
purely Eurocentric  
balance of entries and,  
within European  
entries, to provide  
more extensive  
coverage of Eastern  
Europe than has  
hitherto been usual.

Includes 36 specially

Most people think of the Oxford English Dictionary (OED) as a distinctly British product. Begun in England 150 years ago, it took more than 60 years to complete and, when it was finally finished in 1928, the British prime minister heralded it as a

Access Free A  
Dictionary Of  
World History

'national treasure'. It maintained this image throughout the twentieth century, and in 2006 the English public voted it an 'Icon of England', alongside Marmite, Buckingham Palace and the bowler hat. However, this book shows that the

# Access Free A Dictionary Of World History

dictionary is not as  
'British' as we all  
thought. The linguist  
and lexicographer,  
Sarah Ogilvie,  
combines her  
insider knowledge  
and experience with  
impeccable  
research to show  
that the OED is in  
fact an international  
product in both its

# Access Free A Dictionary Of World History

content and its making. She examines the policies and practices of the various editors, applies qualitative and quantitative analysis, and finds new OED archival materials in the form of letters, reports and proofs. She

# Access Free A Dictionary Of World History

demonstrates that  
the OED, in its use  
of readers from all

over the world and  
its coverage of

World English, is in  
fact a global text.

Identifies key  
individuals, events,  
places,  
organizations,  
movements, political  
parties, and battles.

World History

A History

Iran in World History

This book is a substantial text in dictionary form; an almanac of world history taking the place or territory as its starting point. The range of material is vast, and Ramirez-Faria deals with the political geography of the world in a

# Access Free A Dictionary Of World History

straight-forward and well-informed way.

This unique text lists every significant political entity in history. With over 20 maps, it relates geographically the past to the present by indicating the area of today's countries where extinct empires, states, and provinces once

Geoffrey  
Hosking argues  
that social  
trust is  
mediated  
through  
symbolic  
systems, such  
as religion  
and money, and  
the  
institutions

associated  
with them,  
such as  
churches and  
banks.

Historically  
these  
institutions  
have nourished  
trust, but the  
resulting  
trust networks

World History

have tended to  
create quite  
tough

boundaries  
around  
themselves,  
across which  
distrust is  
projected  
against  
outsiders.

Hosking also

shows how  
nation-states  
have been  
particularly  
good at  
absorbing  
symbolic  
systems and  
generating  
trust among  
large numbers  
of people,

Access Free A  
Dictionary Of
