What

Ever since the phrase "fight or flight" was coined in the 1920s, the common understanding has been that the mind respond to danger in one of two ways - either fleeing in blind panic, or fighting through it. But as

## Read Online Air France 447 Flight Data Recorder Transcript

What

scientists unlock the secrets of the human brain, a more complex understanding of the fear response has emerged. It turns out that the ancient brain circuitry wired to process fear is also intricately tied to our ability
