Part 2—Nonintegrally Geared Centrifugal and Axial Compressors, specifies requirements for nonintegrally geared centrifugal and axial compressors, in addition to the general requirements specified in API 617, Part 1. These machines do not have gears integral with their casing but can have external gears.

~~API Standard 617~~

API 617 does not apply to fans (these are covered by API 673) or blowers that develop less than 34 kPa (5 psi) pressure rise above atmospheric pressure. API 617 also does not apply to packaged, integrallygeared centrifugal plant and instrument air compressors, which are covered by API 672.
