Some people prefer a little spice when it comes to the coloring of their cats. In Ginger Cats, artist Rachel M Brown shares a selection of her orange cat paintings. Many of the paintings are of one of Rachel's own ginger cats, an ill-tempered Manx that she and her husband welcomed into their lives. Whether it be a cat gazing out of a window or angel cats flying above, you will be sure to recognize something of your own ginger cat in these paintings. With over 20 color illustrations, this sweet book makes a perfect gift for the cat lover in your life. You can preview most of the paintings at Cat-Paintings.com, which also has paintings and illustrations of other colors of cats.

The landmark bestseller that changed the way we think about love: ¶Every line is packed with common sense, compassion, and realism¶ (Fortune). The Art of Loving is a rich and detailed guide to love¶an achievement reached through maturity, practice, concentration, and courage. In the decades since the book’s release, its words and lessons continue to resonate. Erich Fromm, a celebrated psychoanalyst and social psychologist, clearly and sincerely encourages the development of our capacity for and understanding of love in all of its facets. He discusses the familiar yet misunderstood romantic love, the all-encompassing brotherly love, spiritual love, and many more. A challenge to traditional Western notions of love, The Art of Loving is a modern classic about taking care of ourselves through relationships with others by the New York Times¶bestselling author of To Have or To Be? and Escape from Freedom. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author’s estate.

Have you ever questioned life and wonder why you? Can you hear yourself saying, "Is there more to life than this?" I can identify this with you. Did you know? Our brain process approximately 70,000 thoughts on an average day. Often many wonder why so many give up and quit in life. In this book I will show you how to rise above mediocrity. No more settling for less than God's best and only fantasizing about your heart desires - Its time you Rise Above, Now.

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

Who cares about a person’s attitude? As long as someone can do the job, you shouldn’t worry too much about it, right? If John Maxwell believed that, you wouldn’t have Attitude 101 in your hands right now. As America’s leadership expert, Dr. Maxwell has devoted his life to helping people become more successful. His books and seminars teach that anyone can be a REAL success if they master skills in four areas: Relationships, Equipping, Attitude, and Leadership. This book is designed to give you the essentials of attitude. People’s lives are so hectic. Their time is valuable, and yet, they are also on information overload. More new information has been produced in the last thirty years than in the previous five thousand. A weekday edition of the New York Times contains more information than average people in seventeenth-century England were likely to come across in their lifetime. The amount of information available in the world has doubled in the last five years, and it will keep doubling. So this book, a companion to Leadership 101, Relationships 101 (available January 2004), and Equipping 101 (available January 2004), is the short course on attitude. Dr. Maxwell recognizes that as an individual, your attitude has a profound impact on your life. As a leader, you cannot ignore the attitudes of the people you lead and expect to achieve success!whether you’re leading a business, a family, a sports team, or a group of volunteers. A person’s attitude impacts their relationships, colors their view of failure, and defines their approach to success. Attitude can make or break you.

In about 101 pages the author provides the hundred and one bases of Frenchship. The next few pages present, capped as with an icing, the A to Z of adapting to an exceptional culture! This book just might save you a lot of relational problems if you are going to live, study or work in France; in any case it will open your eyes to a profound behavioural psyche even if you don’t want to settle in France. For the French, this will be a unique perspective, looking from outside in.

***This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."*--New York Review of Books**

*It started with the protagonist's failure to find correct option to define himself as religious or spiritual or spiritual but not religious while making an account on a social networking site. He thought he was an artist first. It took him a pilgrimage to Badrinathji where a story unfolds to relieve him of his dilemma. All the mundane things on this journey and life of strangers he meets, arouse a chain of complex thoughts which he connects to his study of subjects like science, philosophy or theology. A cluster and constellation of thoughts make him understand what to him being religious, spiritual or artist means. His juvenile mind and divine destiny, the mind of God, work upon him every moment on this pilgrimage to sculpt an Aastik out of him and then a mellow encounter of Aastik with a young Maths teacher leaves him introduced to her God, whom he takes back to his home. So it's a story of Aastik, someone who is not a deist or an atheist but one who makes this life a pilgrimage where his God lives with him, besides him, crowned as the first member of his family.*

*William Etty was English painter, one of the few British artists to specialize almost exclusively in the nude. He spent most of his career in London. Etty's paintings are often of mythological or historical subjects, sometimes on an ambitious size, but he also made life studies throughout his career, and these are now probably his most admired works. He was often attacked for the alleged indecency of his work. The Times considering it 'entirely too luscious for the public eye'. However, by the time of his death he was wealthy and respected. He summed up his attitude to his favourite subject thus: 'Finding God's most glorious work to be Woman, that all human beauty had been concentrated in her, I dedicated myself to painting—not the Draper's or Milliner's work—but God's most glorious work, more finely than ever had been done.' His draughtsmanship is often criticized, but it is generally agreed that he attained a glowing voluptuousness in the painting of flesh that few British artists have ever approached.*

*This book, entitled "How to Fly like an Eagle," is a motivational book written by the author in French, Spanish, and English to help people learn the techniques and to get the skills to help them to fly to the top like that bird of prey which is the eagle. In this book, the readers will learn how to overcome obstacles and to cultivate the fruit of persistence which is an essential factor in the process of transformation of desire into its monetary equivalent. The basis of persistence is the power of will. When this power and desire combine correctly, they form an irresistible combination, the perfect one to help you overcome your failures.*

*There are four simple steps which lead to the habit of persistence. This does not require a large amount of intelligence or a special education, but time and minimal effort. The four steps are as follows: 1- A target set backed by a burning desire to achieve it. 2- A definite plan, expressed in continuous action. 3- A closed mind to any negative influence (including negative suggestions of relatives, friends and others), 4- A harmonious agreement with one or more persons, able to lead someone to go forward with the plan and with the goal. These four steps are essential for success in all areas of life. These are the steps with which you can control your economic destiny. These are the steps that lead to freedom and independence of thought, that convert dreams into reality. These are the steps that lead to the domination of fear, discouragement and indifference. I do not know the situation you are facing currently, maybe you are in a wheelchair, or in a hospital bed and without any hope of survival, maybe you're on the verge of divorce, or you are unable to complete your schooling or university, or find a job. You can now be crawling like a snake or you have broken wings preventing you from being able to fly like an eagle, but one thing is certain, regardless of your economic, family, health situation you can have a better life, develop your potential and fly as high as the eagle above any obstacles or constraints you are facing right now. Of course, this will be possible if you apply the principles to be taught in this book. I testify to you with all my heart that this book has the power to transform the lives of people from nothing to excellence, from the dust of the ground to the top of success. I promise you if you read it, and put the principles into practice, your life will be completely blessed!*

Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the worldby being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichs that minimize a womans true position in Christ!

This book comprises several motivations taught by Lama Zopa Rinpoche called "bodhicitta motivations for life," intended for us to use first thing every morning to generate the mind of bodhicitta and dedicate our life to numberless sentient beings. The Bodhisattva Attitude is taken from the sutra teachings of the Buddha and is based on verses by the great bodhisattva Shantideva in his Guide to the Bodhisattva Way of Life. The verses are meant to be recited each morning to remind us of how we are going to dedicate our lives to others. We all understand the importance of motivation and attitude and how they affect the quality of our work and the result that can be achieved. Rinpoche particularly emphasizes the need for us to have a very clear direction and purpose for life. The real meaning of our lives is to bring both temporary and ultimate happiness to all sentient beings and to do this we need to achieve enlightenment. Enlightenment depends on first generating bodhicitta and training our minds in the bodhisattva attitude enables us to do that. This book is drawn from Lama Zopa Rinpoche's essential teachings given from 2008 onward. It is the first volume in LYWA's Heart Advice Series. *Whacked! is the definitive book of insane commentaries that focus on movies of the horror and exploitation genre of the 1970s and '80s. The satiric criticism of movies featured in this book is the meat. The movies themselves serve as a backdrop. Home Video pioneer, Glen Coburn, writer/director of Bloodsuckers From Outer Space creates a quirky cast of characters that meander through his commentaries. These characters and their presence as the author's movie viewing companions are often more significant than the movies themselves. A central figure in the book is Coburn's unofficial bastard stepson, Elmo. This scruffy, unwashed young man is responsible for perpetual hijinks that often distract the author from his mission to strip down each movie to its despicable anatomy.From the author: "After years of suffering from over active sweat glands I finally realized the truth. The vaporous fumes of this book do not serve as movie reviews. My commentaries are not a sewer pipe to the understanding of movies such as, "Cannibal Buttwives of Alabama." My flatulent essays are the entertainment itself. It was brought to my attention by a lobotomized turnip farmer that when he read these articles he was overcome with a compulsion to witness the movies. My beautiful writing led to great inspiration in the simmering brain of this pathetic specimen of humanity. I was not alone during my adventure in self-loathing. Several people and animals were always around to stink up the place. My horrible bastard surrogate son, Elmo was at arms length most of the time. His chronic presence was disturbing and comforting in equal measure. My lovely wife, Honeypot watched some of these movies while reading a cookbook written in Braille. My darling smart-ass daughter, Princess sat in on a few viewings and quickly turned even more disgruntled. A friend of mine described this book as toilet reading. He said that each of these commentaries could be read in one sitting. If you enjoy this book, I will fawn over you until you become nauseated. Those who do not appreciate my work can go straight to hell."An excerpt: "This movie reminds me of being doped-up on cold medication. It's like waking up in a night sweat from the grip of an awful dream only to realize that you're still dreaming. When you finally wake up again, you figure out that you're in another dream. This goes on until ninety minutes have passed and you become fully alert, engulfed in a pond of your own saliva. If Christopher Nolan was drunk on window cleaner and made Inception for ten dollars, the result would be Blood of Ghostly Horror. I don't mean that in a bad way. This movie is a veritable masterpiece of making one movie out of another movie and then making another movie out of the first two. Each additional film contains new footage that is unrelated to anything in any movie ever made. The layers are intractably woven together into an irresistibly trippy gruel."Review: "Not since that other Texas redneck has there been a critic whose collection contains such a colorful cast of characters and a trashy attitude toward the trashy films we (for no good reason) love. WHACKED is not only a nauseatingly fun read, but between all the shinola and bullstuff, I bet you'll learn a thing or two. It's a perfectly putrid addition to your vast library of otherwise stuffy film books that take themselves way too seriously." -- Michael Koopmans FANGORIA.com*

John Podlaski's encore Vietnam War novel brings back John ('Polack') Kowalski, the central character in 'Cherries', and introduces us to Louis ('LG') Gladwell, his irrepressible black friend. Polack and LG are a 'Salt and Pepper' team, best buddies and brothers in a way that only those who have fought side-by-side in a war can ever truly understand. The year is 1970, and the story follows the two soldiers - impressionable Detroit teenagers - during their long night in a Listening Post ('LP'), some 500 meters beyond the bunker line of the new firebase. Their assignment as a "human early warning system", is to listen for enemy activity and forewarn the base of any potential dangers. As they were new to the "Iron Triangle" and its reputation, little did they know that units before them lost dozens of soldiers in this nightly high-risk task and referred to those assigned as "bait for the enemy" and "sacrificial lambs". Sitting in the pitch black tropical jungle - with visibility at less than two feet - John's imagination takes hold throughout the agonizing night, and at times, transports him back to some of his most vivid childhood memories - innocent, but equally terrifying at the time. As kids, we instinctively run as fast as we can to escape imaginary or perceived danger, but as soldiers, men are trained to conquer their fears and develop the confidence to stand their ground and fight. Running is not an option. In 'When Can I Stop Running?' the author juxtaposes his nightmarish hours in the bush with some of his most heart-pounding childhood escapades. Readers will relate to the humorous childish antics with amusement; military veterans will find themselves relating to both of the entertaining and compelling recollections.

This author's works have been praised by numerous celebrities, the most notable being Nelson Mandela who described two of his African stories as 'Wonderful', the late Princess Diana who used to read two of his books to the Princes William and Harry when they were aged 9 and 7 years, and a former Chief Inspector of Schools for The Office for Standards in Education, Children's Services and Skills (OFSTED), who described the author's writing to the press as being of 'High quality literature.'The Kilkenny Cat has been written as a trilogy. Book One deals with the theme of 'truth', Book Two with 'justice', and Book Three on the theme of 'freedom'.All three books seek to show that truth, justice or freedom cannot exist in isolation, and that the only way one can experience any one of them is when one is able to experience all three.Book Three is set in the English North and has as its backdrop, the riots that embraced this area from the 1990s onwards. Recent riots all around the country merely reflect how deeply rooted the 'gang culture' of Great Britain has since become.The trilogy is designed to show that every country on the face of the Earth exercises discrimination against some of its citizens. The nature of discrimination may subtly change and vary from one country and situation to another in both shape and form, but it will always be present in some degree for those of us who care to look.Particular forms of discrimination looked at in this trilogy include the issues of colour, race, religion, age, culture, sexism, disability, homophobia, gypsies, asylum seekers, refugees and economic migrants.These issues are looked at through the eyes of travelling cats, whose experiences mirror those of human society. Overarching all the themes of this trilogy is the issue of 'Good' versus 'Evil', where the terms 'God' and 'Satan' are used to denote opposing values, qualities and lifestyles.The speech of the cat characters who come from Jamaica is distinguished from the speech used by non-Jamaican cats by changing the word 'you' to 'ya' and its linguistic associates, and no attempt has been made to replicate the patois more commonly used by many Jamaican citizens.The Kilkenny Cat Trilogy is an allegorical story of all manner of discrimination practised throughout the world; and particularly in Ireland, Jamaica and England. Told through the eyes and experiences of travelling gypsy cats, it is a must for all cat lovers and students of the discrimination, the 'Northern Riots', Ireland, Jamaica and Northern England and 'Good v Evil.' It is suitable for reading by teenagers and adults.
