American Journal of Perinatology Author Instructions

Instructions for Authors 1. Editorial Policy and General Information American Journal of Case Reports is an international, peer-reviewed scientific journal that publishes single and series case reports in all medical fields.

Instructions for Authors | American Journal of Case Reports

The Journal (AJCN) expects authors to deposit microbial strains used in any study to be

published in publicly accessible culture collections, for example the American Type Culture Collection (ATCC) and to refer to the collections and strain numbers in the text (e.g. ATCC 53103). Since the authenticity of subcultures of culture collection specimens that are distributed by individuals cannot be ensured, authors should indicate laboratory strain designations and donor sources as well as ...
