

Authorized Honda Small Engine Repair

This text is designed as a bridge between the instructor's lectures and the information furnished by the engine manufacturer. The service manuals, offered by the engine manufacturers, are filled with information that is very specific and indispensable when servicing engines, but the beginning technician has difficulty utilizing them. - Preface.

Small Gas Engine Repair

This reference text provides detailed information on the world's 1200 largest and most influential companies. Each entry contains details such as: company's legal name; mailing address; ownership; sales and market value; stock index; and principal subsidiaries. Each two to four page entry is detailed with facts gathered from popular magazines, academic periodicals, books, annual reports and the archives of the companies themselves. Information is also provided about founders, expansions and losses, and labour/management actions. Entries are arranged alphabetically by industry name, and there is a cumulative index to companies and personal names.
