Edited by David Platt, Daniel L. Akin, and Tony Merida, this new commentary series, projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition. Projected contributors to the series include notable authors such as Russell D. Moore, Al Mohler, Matt Chandler, Francis Chan, Mark Dever, and others.

"Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. There are many factors that can go into the analysis, and this report reviews best practices in property development."--Foreword.

"Time and again our Elders have said that the 12 Steps of AA are just the same as the principles that our ancestors lived by, with only one change. When we place the 12 Steps in a circle then they come into alignment with the circle teachings that we know from many of our tribal ways. When we think of them in a circle and use them a little differently, then the words will be more familiar to us. This book is about a Red Road,

"Spirituality & Practice 2016 Award Winner." Blessed Charles de Foucauld (1858–1916) was a complex man. Born into French aristocracy, he floundered as a military officer, but rediscovered his Catholic heritage and eventually lived voluntarily as an impoverished priest/hermit in the Sahara Desert in Algeria.

Foucauld wanted to emulate the hidden life of Jesus in Nazareth and in doing so left a spiritual legacy that attracted such figures as Dorothy Day and author, poet, and spiritual director Bonnie Thurston. Published in celebration of the one-hundredth anniversary of Charles de Foucauld's death on December 1, 1916, *Hidden in God* highlights the profound conversion that led Foucauld to embrace the life of a hermit in the Sahara, where he was eventually murdered by a band of marauders. Foucauld's legacy is an enduring spiritual vision: believe in God, you should live for God and make him your reason for living. Drawing from his letters and journals, Bonnie Thurston explores how the hidden life of Nazareth brings the grace of great closeness to Jesus; the gift of the desert is the grace of complete dependence on God; and the grace of public life is the practice of charity and self-giving. Thurston adeptly demonstrates how these three locations are metaphors for states of spiritual life and ministry and how each one brings both a challenge and a danger. Words of wisdom from Foucauld, as well as questions to ponder and biblical texts to explore conclude each chapter. Thurston shares how she became enamored with Foucauld for the passionate way he lived his ideals without regard for recognition or success. "I've fallen in love with a dead Frenchman who was a hermit," she admitted to a friend. Dorothy Day, founder of the Catholic Worker movement, also was attracted to Foucauld's

desert spirituality and wrote to Thomas Merton and others about Foucauld's spiritual influence.

Readers personal reflections will speak to their hearts as they create a visual experience in this new Bible that s especially for artists, doodlers, journalers, poets, and prayer warriors. "

Want to see your church's kids transformed for Jesus? Struggling to get the whole church on board? Know what you want to see happen, but not how to make it happen? Leading KidMin is about what it takes to achieve big-time change. Moving past the "why" and getting straight to the "how," Leading Kidmin provides tools and strategies for actually leading, influencing, and implementing change on a local church level—all from the vantage point of the children's ministry director. The mission of Leading KidMin is to create a movement of change-agents who don't just know that change is needed, but are equipped to make it happen, leading their churches in becoming more aligned, effective, and geared for growth. Pat Cimo and Matt Markins, veterans of KidMin are prepared to make you the change-agent you want to be—and that your church needs you to be. Are you ready?

Exalting Jesus in Genesis is part of the Christ-Centered Exposition Commentary series. Edited by David Platt, Daniel L. Akin, and Tony Merida, this commentary series, to include 47 volumes when complete, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition presented as sermons and divided into chapters that conclude with a “ Reflect & Discuss ” section, making this series ideal for small group study, personal devotion, and even sermon preparation. It ’ s not academic but rather presents an easy reading, practical and friendly commentary. The authors of Exalting Jesus in Genesis are Dr. Russell Moore and Dr. Phillip Bethancourt.

“ In a rapidly changing world,... the central missionary vision of the church must be constantly renewed, lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past. ” In this second edition of *Missions*, long-time missionary Gailyn Van Rheenen revises and updates his classic text on Christian missions, laying sound theological and strategic foundations for the missionary of today and tomorrow. Van Rheenen helps renew the missionary vision by discussing areas such as: The history of Christian mission, and how it affects where we are today Spiritual formation for God ’ s mission The missionary cycle Cross-cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But *Missions* is more than blackboard theory. Written by a long-time missionary, it carries the conviction and insights of one who has lived his subject. Accessible to students, practitioners, and laypeople alike, *Missions* provides a primary go-to resource for understanding and becoming involved in the dynamic activity of world missions.

### Investigating and Analyzing Malicious Code Faith-Shaped Kids

Relationship is the greatest faith-shaping tool a parent possesses. Because kids learn about following Christ mostly from their parents, we have a huge responsibility to model authentic faith and its practice on a daily basis. Steve and Valerie Bell offer Faith-Shaped Kids as a practical tool to help parents maximize their relationship with their children in such a way that draws them to faith. Filled with life lessons and useful suggestions, this resource helps readers ride out the roller-coaster ride called parenting. Faith-Shaped Kids is co-published with the Willow Creek Association (WCA). The WCA is affiliated with Willow Creek Community Church, the largest church in America, and serves thousands of pastors and Christian leaders through North America. Its primary goal is to foster local church transformation and vitality.

In honor of the ministry's twentieth anniversary, celebrates Operation Christmas Child's success in delivering gift-filled shoeboxes to needy children around the world.

As a leader of religious thought in England, Richard Baxter (1615–1691) was deeply concerned about the state of the church, and, in particular, about the condition of the

ministry. During his years at Kidderminster, he attempted to draw contending parties together by an experiment in Christian unity—afterwards famous as the Worcestershire Association—from which similar movements arose in other English counties. This volume preserves the documents in connection with this movement. It is therefore a historical study. Yet it has a wider purpose. Baxter's Reformed Pastor is a classical writing on the Christian ministry. IT belongs not only to the seventeenth century, but to every generation. In our present time, when in the ministry of all the churches there is a deep searching of heart amidst these difficult days, this book presents both a challenge and an appeal from the pen of this Puritan divine, who styled himself "catholic Christian."

**Malware Forensics: Investigating and Analyzing Malicious Code** covers the complete process of responding to a malicious code incident. Written by authors who have investigated and prosecuted federal malware cases, this book deals with the emerging and evolving field of live forensics, where investigators examine a computer system to collect and preserve critical live data that may be lost if the system is shut down. Unlike other forensic texts that discuss live forensics on a particular operating system, or in a

**generic context, this book emphasizes a live forensics and evidence collection methodology on both Windows and Linux operating systems in the context of identifying and capturing malicious code and evidence of its effect on the compromised system. It is the first book detailing how to perform live forensic techniques on malicious code. The book gives deep coverage on the tools and techniques of conducting runtime behavioral malware analysis (such as file, registry, network and port monitoring) and static code analysis (such as file identification and profiling, strings discovery, armoring/packing detection, disassembling, debugging), and more. It explores over 150 different tools for malware incident response and analysis, including forensic tools for preserving and analyzing computer memory. Readers from all educational and technical backgrounds will benefit from the clear and concise explanations of the applicable legal case law and statutes covered in every chapter. In addition to the technical topics discussed, this book also offers critical legal considerations addressing the legal ramifications and requirements governing the subject matter. This book is intended for system administrators, information security professionals, network personnel, forensic examiners, attorneys, and law enforcement working with the inner-workings of computer memory and malicious code. \* Winner of Best Book Bejtlich read in 2008! \* <http://tao>**

[If only] Bran would stop acting weird....Probably he had a perfectly reasonable explanation for everything. I just couldn't imagine what it would be. When Britt's older brother, Bran, lands a summer job house-sitting for the Marquises, an elderly couple, it seems like a great opportunity. Britt and Bran have moved to Florida so their mother can finish college, and the house-sitting income will allow their mom to quit her job and take classes full-time. Having never lived in a real house before, Britt is thrilled. There's only one problem: Britt starts to suspect her family isn't supposed to be there. She's been noticing that Bran is acting weird and defensive -- he hides the Marquises' mail, won't let anyone touch the thermostat, and discourages Britt from meeting any of the neighbors. Determined to get to the bottom of things, Britt starts investigating and makes a startling discovery -- the Marquises aren't who Bran has led her and their mom to believe. So whose house are they staying in, and why has Bran brought them there? With unexpected twists and turns, award winner Margaret Peterson Haddix has again crafted a thriller that will grip readers until its stunning conclusion.
