The Antichrist is Friedrich Nietzsche's great masterpiece, wherein Nietzsche attacks Christianity as a blight on humanity. This classic is essential reading for anyone wishing to understand Nietzsche and his place within the history of philosophy. Nietzsche claimed that to understand this philosophy, the reader should be above politics and nationalism. Also, the usefulness or harmfulness of truth should not be a concern.

Jules Verne, celebrated French author of Twenty Thousand Leagues Under the Sea and Around the World in 80 Days, wrote over 60 novels collected in the popular series "Voyages Extraordinaires." A handful of these have never been translated into English, including Invasion of the Sea, written in 1904 when large-scale canal digging was very much a part of the political, economic, and military strategy of the world's imperial powers. Instead of linking two seas, as existing canals (the Suez and the Panama) did, Verne proposed a canal that would create a sea in the heart of the Sahara Desert. The story raises a host of concerns -- environmental, cultural, and political. The proposed sea threatens the nomadic way of life of those Islamic tribes

living on the site, and they declare war. The ensuing struggle is finally resolved only by a cataclysmic natural event. This Wesleyan edition features notes, appendices and an introduction by Verne scholar Arthur B. Evans, as well as reproductions of the illustrations from the original French edition.

First published in 1943, The Little Prince by Antoine de Saint-Exupéry has been translated into more than 250 languages, becoming a global phenomenon. The Sahara desert is the scenery of Little Prince's story. The narrator's plane has crashed there and he has scarcely some food and water to survive. Trying to comprehend what caused the crash, the Little Prince appears. The serious blonde little boy asks to draw him a sheep. The narrator consents to the strange fellow's request. They soon become friends and the Little Prince informs the pilot that he is from a small planet, the asteroid 325, talks to him about the baobabs, his planet volcanoes and the mysterious rose that grew on his planet. He also talks to him about their friendship and the lie that evoked his journey to other planets. Often puzzled by the grown-ups' behavior, the little traveler becomes a total and eternal symbol of innocence and love, of responsibility and devotion. Through him we get to see how insightful children are and how grown-ups aren't. Children use their heart to feel what's really important, not the eyes. Heart-breaking, funny and thought-provoking, it is an enchanting and endlessly wise fable about the human condition and the power of imagination. A book about both childhood and adulthood, it can be read as a parable, a war story, a classic children's fairy-tale, and many more things besides: The Little Prince is a book for everyone; after all, all grown-ups were children once.

#1 New York Times Bestseller - Winner of the Pulitzer Prize - Winner of the National Book Award - Winner of the Andrew Carnegie Medal for Excellence in Fiction - Longlisted for the Man Booker Prize One of the Best books of the Year: The New York Times, The Washington Post, NPR, The Boston Globe, The Seattle Times, HuffPost, Esquire, Minneapolis Star Tribune Look for Whitehead's acclaimed new novel, *The Nickel Boys*, available now Cora young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans she is on the cusp of womanhood--where greater pain awaits. And so when Caesar, a man who has recently arrived from Virginia, urges her to join him on the Underground Railroad she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abuse of Africans to the unfulfilled promises of the present day. *The Underground Railroad* is the gripping tale of one woman's will to escape the horrors of bondage--and a powerful meditation on the history we all share.

George Orwell's Nineteen Eighty-Four is unquestionably the most famous dystopian novel of all times. Written in the year of 1948, the author swapped the last two digits while depicting a future totalitarian society where the minds, attitudes and actions of the subjects are thoroughly scrutinized by the "Thought Police", suspected dissidents tracked down and executed, and the worship of the mythical party leader Big Brother is forced upon the masses. The low-ranking party member Winston Smith begins secretly to question the whole system and eventually initiates a forbidden love affair with another party member.

After his daughter's murder, a grieving father confronts God with desperate questions and finds unexpected answers -- in this riveting and deeply moving #1 NYT bestseller. Regarding the Pain of Others

Originally written in 1938 but never published due to its controversial nature, an insightful guide reveals the seven principles of good that will allow anyone to triumph over the obstacles that must be faced in reaching personal goals. The Green Book is a short book setting out the political philosophy of Libyan leader Muammar Gaddafi. The book was first published in 1975. It was "intended to be read for all people." It is said to have been inspired in part by The Little Red Book (Quotations from Chairman Mao). Both were widely distributed both inside and outside their country of origin, and "written in a simple, understandable style with many memorable slogans." An English translation was issued by the Libyan People's Committee, and a bilingual English/Arabic edition was issued in London by Martin, Brian & O'Keefe in 1976. During the Libyan Civil War, copies of the book were burned by anti-Gaddafi demonstrators.

Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more

serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove. Now a major film "Blake needs a wife in order to keep his inheritance and offers Samantha ten million dollars for a one year marriage contract. Lines may divide us, but hope will unite us. Nine year old Bruno knows nothing of the Final Solution and the Holocaust. He's oblivious to the appalling cruelties being inflicted on the people of Europe by his country. All he knows is that he has moved from Berlin to a desolate area where he has no one to play with. Until he meets Shmuel. Shmuel lives in a strange parallel existence on the other side of the adjoining wire fence, where everyone wears a uniform of striped pyjamas. Despite the wire fence separating them, the two boys become best friends. As they grow closer, Bruno starts to learn the terrible truth that lies beyond the fence, and what life is like for his friend. John Boyne's classic novel explores the friendship and loss of innocence of Bruno and Shmuel, during one of the worst points in history.

Regarding the Pain of Others is Susan Sontag's searing analysis of our numbed response to images of horror. From Goya's Disasters of War to news footage and photographs of the conflicts in Vietnam, Rwanda and Bosnia, pictures have been charged with inspiring dissent, fostering violence or instilling apathy in us, the viewer. Regarding the Pain of Others will alter our thinking not only about the uses and meanings of images, but about the nature of war, the limits of sympathy, and the obligations of conscience. 'Powerful, fascinating. Sontag is our outstanding contemporary writer in the moralist tradition' Sunday Times 'A coruscating sermon on how we picture suffering' The New York Times 'A far-reaching set of ruminations on human suffering, the nature of goodness, the lures, deceptions and truth of images . . . in short, a summary of what it means to be alive and alert in the twentieth century' Independent 'Sontag is on top form: firing devastating questions' Los Angeles Times 'Simple, elegant, fiercely persuasive' Metro One of America's best-known and most admired writers, Susan Sontag was also a leading commentator on contemporary culture until her death in December 2004. Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

When one of their friends mysteriously disappears, a group of teens are forced to confront the challenges and secrets of their lives in this edgy and suspenseful coming-of-age tale from international supermodel, actress, and social media darling Cara Delevingne. Among the students of Thames Comprehensive, Red, Leo, Rose, and Naomi are misfits—outsiders who have found a safe haven in music and their band, Mirror, Mirror. For these sixteen year olds, fitting in at school is nearly as difficult as navigating their complicated home lives. Red has an alcoholic mother and a father who's never around. Leo's brother is in prison. Rose uses sex and alcohol to numb the pain of a brutal attack. Naomi's punk rock princess persona gives her the freedom to be her true self. When Naomi mysteriously vanishes and then is found unconscious, her friends are shaken and confused. Could it have been an accident—or did someone deliberately try to hurt Naomi? If she was in trouble, why didn't she turn to them? How well do they really know their bandmate—and each other? If Naomi wakes up from her coma, will she ever be the same? To understand what happened to Naomi, Red, Leo, and Rose must ultimately face their own dark secrets and fears, and reconcile the difference between what they feel inside and what they show to the world. Cara Delevingne reveals another facet of her amazing talent with this powerful novel about identity, sexuality, gender, emotional pain, the complicated world of social media, and the dangerous weight of appearances that are not what they seem.

High school sophomore Nora has always been very cautious in her relationships, but when Patch, who has a dark side she can sense, enrolls at her school, she is mysteriously and strongly drawn to him, despite warnings from her best friend, the school counselor, and her own instincts.

According to author John Green, *The Fault In Our Stars* was inspired by his friendship with Esther Earl, who "redefined the process of dying young for me." (December 2012 Good Reads interview, http://www.goodreads.com/interviews/show/828.John_Green). He cautions his readers not to take the novel too literally however, stating that he doesn't "want people conflating Esther with Hazel (they're very different), and it's extremely important to me that I not claim to be telling Esther's story. Esther's story belongs to Esther and to her family." (John Green's tumblr, August 2, 2012 <http://fishingboatproceeds.tumblr.com/post/28557373623/everybody-was-told-to-make-a-funny-face-but-i>).

Esther's story is told in the 2014 posthumous memoir *This Star Won't Go Out : the Life and Words of Esther Grace Earl*.

Along with The Posthumous Memoirs of Br?s Cubas and Dom Casmurro, Quincas Borba is one of Machado de Assis' major works and indeed one of the major works of nineteenth century fiction. With his uncannily postmodern sensibility, his delicious wit, and his keen insight into the political and social complexities of the Brazilian Empire, Machado opens a fascinating world to English speaking readers. When the mad philosopher Quincas Borba dies, he leaves to his friend Rubi?o the entirety of his wealth and property, with a single stipulation: Rubi?o must take care of Quincas Borba's dog, who is also named Quincas Borba, and who may indeed have assumed the soul of the dead philosopher. Flush with his newfound wealth,

Rubi?o heads for Rio de Janeiro and plunges headlong into a world where fantasy and reality become increasingly difficult to keep separate. Brilliantly translated by Gregory Rabassa, Quincas Borba is a masterful satire not only on life in Imperial Brazil but the human condition itself.

In the present book, How to Win Friends and Influence People, Dale Carnegie says, "You can make someone want to do what you want them to do by seeing the situation from the other person's point of view and arousing in the other person an eager want." You learn how to make people like you, win people over to your way of thinking, and change people without causing offense or arousing resentment. For instance, "let the other person feel that the idea is his or hers" and "talk about your own mistakes before criticizing the other person." This book is all about building relationships. With good relationships, personal and business successes are easy and swift to achieve. Twelve Ways to Win People to Your Way of Thinking

1. The only way to get the best of an argument is to avoid it.
2. Show respect for the other person's opinions. Never say "You're wrong."
3. If you're wrong, admit it quickly and emphatically.
4. Begin in a friendly way.
5. Start with questions to which the other person will answer yes.
6. Let the other person do a great deal of the talking.
7. Let the other person feel the idea is his or hers.
8. Try honestly to see things from the other person's point of view.
9. Be sympathetic with the other person's ideas and desires.
10. Appeal to the nobler motives.
11. Dramatize your ideas.
12. Throw down a challenge.
