This book is an assessment of the state of Black media, Black families, Black colleges, and Black churches. This discussion manual is a declaration of what must be done to start a MOVEMENT to save the children. This 90-page monologue is an appeal for Black America to reset our agenda by moving away from consumerism and our participation in the entertainment industrial complex and a call for us to return to education and spirituality.

Meet Mia Lewis, a young, ambitious, and adventurous southern African-American woman whose small town upbringing is tested in the big city. After graduating from college in TX, she returns to the agency where she interned as a phone counselor and was exposed to the harsh realities that her parents tried so hard to shield her from. In an effort to achieve some form of balance, Mia journeys to find friendship and love outside of the "mainline." Will she find it? Mia's small town wisdom and wit will lead the way. Welcome to the life of Mia Lewis. Sometimes wise, sometimes debatable, sometimes complex but genuinely authentic.

Shortlisted for the Wolfson History Prize 2018 A Book of the Year for the Evening Standard and the Observer A black porter publicly whips a white Englishman in the hall of a Gloucestershire manor house. A Moroccan woman is baptised in a London church. Henry VIII dispatches a Mauritanian diver to salvage lost treasures from the Mary Rose. From long-forgotten records emerge the remarkable stories of Africans who lived free in Tudor England... They were present at some of the defining moments of the age. They were christened, married and buried by the Church. They were paid wages like any other Tudors. The untold stories of the Black Tudors, dazzlingly brought to life by Kaufmann, will transform how we see this most intriguing period of history.

In 1956 Bayard Rustin taught Martin Luther King Jr. strategies of nonviolence during the Montgomery Bus Boycott, thereby launching the civil rights movement. Widely acclaimed as a founding father of modern black protest, Rustin reached international notoriety in 1963 as the openly gay organizer of the March on Washington. Long before the March on Washington, Rustin's leadership placed him at the vanguard of social protest. His gay identity, however, became a point of contention with the movement, with the controversy embroiling even King himself. Time on Two Crosses offers an insider's view of many of the defining political moments of our time. From Gandhi's impact on African Americans, white supremacists in Congress, and the assassination of Malcolm X to Rustin's never-before-published essays on Louis Farrakhan, affirmative action, and the call for gay rights, Time on Two Crosses chronicles five decades of Rustin's commitment to justice and equality.

'Lucid, fluent and compelling' – Observer 'We need writers like Andrews ... These are truths we need to be hearing' – New Statesman Back to Black traces the long and eminent history of Black radical politics. Born out of resistance to slavery and

colonialism, its rich past encompasses figures such as Marcus Garvey, Angela Davis, the Black Panthers and the Black Lives Matter activists of today. At its core it argues that racism is inexorably embedded in the fabric of society, and that it can never be overcome unless by enacting change outside of this suffocating system. Yet this Black radicalism has been diluted and moderated over time; wilfully misrepresented and caricatured by others; divested of its legacy, potency, and force. Kehinde Andrews explores the true roots of this tradition and connects the dots to today's struggles by showing what a renewed politics of Black radicalism might look like in the 21st century.

Every so called, Black man, woman, child wants to believe that slavery is over. The reason being for this belief is because times have changed. But that's not true, times may have change, and the institution of slavery has changed with it, in how its introduced. Slavery has taken on a new form, and its through words, words that would imprison our minds

From Suzie Q (excerpt from *Black Like Us: A Century of Lesbian, Gay, and Bisexual African American Fiction*).

Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness? In this important new book, two of the nation's leading African American intellectuals offer a resounding and far-reaching answer to a question that has been ignored for far too long. Hard-hitting and brilliant in its analysis of culture and sexual politics, *Gender Talk* asserts boldly that gender matters are critical to the Black community in the twenty-first century. In the Black community, rape, violence against women, and sexual harassment are as much the legacy of slavery as is racism. Johnnetta Betsch Cole and Beverly Guy-Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender. *Gender Talk* examines why the "race problem" has become so male-centered and how this has opened a deep divide between Black women and men. The authors turn to their own lives, offering intimate accounts of their experiences as daughters, wives, and leaders. They examine pivotal moments in African American history when race and gender issues collided with explosive results—from the struggle for women's suffrage in the nineteenth century to women's attempts to gain a voice in the Black Baptist movement and on into the 1960s, when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women. Along the way, they present the testimonies of a large and influential group of Black women and men, including bell hooks, Faye Wattleton, Byllye Avery, Cornell West, Robin DG Kelley, Michael Eric Dyson, Marcia Gillispie, and Dorothy Height. Providing searching analysis into the present, Cole and Guy-Sheftall uncover the cultural assumptions and attitudes in hip-hop and rap, in the O.J. Simpson and Mike Tyson trials, in the Million Men and Million Women Marches, and in the battle over Clarence Thomas's

appointment to the Supreme Court. Fearless and eye-opening, Gender Talk is required reading for anyone concerned with the future of African American women—and men.

The Souls of Black Folk W. E. B. Du Bois - One of the Most Important Books on Civil Rights, Race, and Freedom Ever Written. It is a seminal work in the history of sociology and a cornerstone of African-American literature and a monumental collection of essays that examines race and racism in America during the early 1900s and prior. To develop this work, Du Bois drew from his own experiences as an African American in American society. Outside of its notable relevance in African-American history, The Souls of Black Folk also holds an important place in social science as one of the early works in the field of sociology. The Souls of Black Folk is perfect for anyone interested in African-American literature and history

*The Red and the Black Stendhal - First published in 1830, The Red and the Black, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Juliens talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhals unique literary genius, the remarkable way in which he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, The Red and the Black is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.*

*Even in 1960s Detroit, race isn't everything. Tom Daniels and "Cookie" Marsh will be the first to tell you that race isn't everything. But it did shape the way they experienced the world growing up in Detroit in the 1950s and 60s. Tom "Cookie" Marsh grew up in a black neighborhood on Detroit's west side. Tom Daniels grew up in a mixed, working-class neighborhood on Detroit's east side. Both men grew up in strict households where they "always got what we needed, and sometimes what we wanted" and both saw their city, their country, and their world transform around them through the Civil Rights movement, riots, and the Viet Nam War. But sometimes parallel lines intersect. As each man tells his story, it is apparent that race isn't just "black and white" but it is part of what makes their friendship extraordinary. Their experiences*

*will show you that race made for huge differences in their experiences, while, in spite of race, there are also touching similarities that made it possible for two men, in their older years, to overcome decades of racial turbulence of their upbringing to become lifelong friends. Follow Tom and Cookie. Hear about their lives, their upbringing, their successes and regrets growing up in black and white Detroit - and how when it boils down to it, the things that are truly important are actually black and white, like you and me.*

*This book examines the increasing marginalization of and response by people living in urban areas throughout the Western Hemisphere, and both the local and global implications of continued colonial racial hierarchies and the often-dire consequences they have for people perceived as different. However, in the aftermath of recent U.S. elections, whiteness also seems to embody strictures on religion, ethnicity, country of origin, and almost any other personal characteristic deemed suspect at the moment. For that reason, gender, race, and even class, collectively, may not be sufficient units of analysis to study the marginalizing mechanisms of the urban center. The authors interrogate the social and institutional structures that facilitate the disenfranchisement or downward trajectory of groups, and their potential or subsequent lack of access to mainstream rewards. The book also seeks to highlight examples where marginalized groups have found ways to assert their equality. No recent texts have attempted to connect the mechanisms of marginality across geographical and political boundaries within the Western Hemisphere.*

*Learn the latest practical—and bisexually affirmative—approaches to helping bisexual clients Clinical work with bisexual clients has conceptually shifted beyond the exclusive emphasis on either straight or lesbian and gay issues. There are still, however, too few psychotherapists who provide affirmative psychotherapy specific to bisexual concerns. Affirmative Psychotherapy with Bisexual Women and Bisexual Men addresses the issues of bisexuals with an accepting and affirmative perspective, providing therapists with the latest viewpoints, strategies, and research to effectively treat bisexual clients. Leading authorities with affirmative-to-bisexuals perspectives discuss problems specific to bisexuals and their lifestyles, with an eye toward providing practical, effective therapy. Unique bisexual lifestyle concerns are examined, such as transgender issues, polyamory, older bisexual women and men, and cultural differences, while providing an emphasis on cultivating well-being and a sense of community in bisexual clients. Affirmative Psychotherapy with Bisexual Women and Bisexual Men sensitively avoids the double standard long held by therapists clinically treating heterosexual or lesbian and gay individuals, showing that an affirmative viewpoint is valid and crucial for the effective treatment of bisexuals. This source clearly explains practical strategies and discusses the latest research on bisexual issues such as age, culture, heterosexual and bisexual mixed couples, and the polyamorous lifestyle with appropriate acceptance and understanding. The book also explores useful ways to develop successful health and support services specific to bisexual needs. Topics in Affirmative Psychotherapy with Bisexual Women and Bisexual Men include: affirmative psychotherapy techniques specific to bisexual women and bisexual men need for validation of bisexuality ways for clients to come to terms with their bisexuality practical value—and shortcomings—of the main therapeutic schools in providing effective psychotherapy transgender bisexuality, with illustrative case studies needs and issues of African-American bisexual clients bisexual aging issues counseling heterosexual spouses of bisexual women and men therapy approaches for clients who are bisexual and polyamorous recognizing and addressing the specific needs of different sub-groups of bisexual people and more! Affirmative Psychotherapy with Bisexual Women and Bisexual Men is a crucial addition to the literature of bisexual psychotherapy and is invaluable to counselors, psychotherapists, marriage and family therapists, social workers, psychiatrists, sex therapists, researchers, and educators in the fields of psychology, sociology, anthropology, sexuality, sex education, adolescent and adult development, and community mental health.*

From the beginning, God has called leaders to serve His people. For God, Abraham left his homeland. Moses declined Egypt and its riches. Joshua destroyed Jericho. Elijah confronted King Ahab. Daniel faced the lions; and the James and John forsook their nets. Matthew left his customs booth. And Paul left a life of power and prestige. Despite their trials, these all found the venture satisfying. Paul's account of shipwreck, floggings, danger, and hardship glows with suffused excitement. He was having the time of his life! What if he'd said no to Christ? Telling the Philippians about the things he had given up, Paul declared, "I consider them rubbish." And why? "That I may gain Christ and be found in him" Philippians 3:8-9. We enjoy the same perspective, for through His Cross; Jesus opened not only the door of salvation for all who would accept, but the privilege of service as well. Jew, Greek, barbarian, Scythian, slave, free...all may serve the Lord Christ. Some were apostles. Some, prophets. Some will be evangelists, some pastors and teachers. All are "for the equipping of the saints, for the work of service, to the building up of the Body of Christ, until we all attain to the unity of the faith and of the knowledge of the Son of God, to a mature man, to the measure of the stature which belongs to the fullness of Christ" Ephesians 4:12-13. For the Minister of the Gospel, each day offers a new challenge. The phone rings; we are summoned to the bedside of a dying man. Later in the day, we help arrange a marriage. That evening, we counsel a soul in trouble. No other vocation offers such a wide span of involvement with mankind. Then when we stand to preach, think of it...in our weak and human hands we hold the truth of God, the supreme answer to the souls of man. The ministry of Christ is not a job, not a profession. It is a calling, and the noblest...the most demanding and at times exasperating, but it is surely the most satisfying and rewarding experience human life affords. With Paul, we can truly say, "I thank Christ Jesus our Lord, who has strengthened me, because He considered me faithful, putting me into service" 1Timothy 1:12. Like the Christian life, the ministry of Christ is a relationship between the disciple and his lord. We serve Him; He develops and strengthens us. We must prepare ourselves first, then our sermons. The very fact that we are ministers will work against our spiritual life unless we are careful. We study the Bible, but for a text; we pray, but in front of a group or beside a hospital bed. While attending to these public ministries, our personal devotions may be neglected. Power in preaching comes in direct proportion to time spent in prayer and in the Word. Nothing...not speaking ability nor a forceful personality nor a persuasive manner...can take the place of the Spirit of God, filing and shaping and using the life committed to Him. Are we adequate to the task? Never. We have this treasure in jars of clay, but God accepts and uses our service nonetheless. Paul finally learned to accept his weakness, so "that the power of Christ may dwell in me" 2Corinthians 12:9. If the truth were known, few of us pray enough. We tend to rely too much upon our cleverness in programming and promotion, but not enough upon the power of God through prayer. Sadly, our churches show it. A

definite time and place, preferably early in the morning, where one can shut out the world and feed upon the Word, unburden his heart, and commune with the Father will set the tone for the day and for a lifetime. The minister who keeps his appointment with God need have no anxiety about his work. In his daily walk, he will experience the unfolding hand of God bringing new power and effectiveness. He will see his life lifted to a new level he never dreamed possible, a level he could never have attained by himself. Pressed by the crowds, with such a short time to complete His task, Jesus still found time to pray. So must we.

Winner, Kirkus Prize for Non-Fiction, 2015 In the 150 years since the end of the Civil War and the ratification of the Thirteenth Amendment, the story of race and America has remained a brutally simple one, written on flesh: it is the story of the black body, exploited to create the country's foundational wealth, violently segregated to unite a nation after a civil war, and, today, still disproportionately threatened, locked up and killed in the streets. What is it like to inhabit a black body and find a way to live within it? And how can America reckon with its fraught racial history? *Between the World and Me* is Ta-Nehisi Coates' attempt to answer those questions, presented in the form of a letter to his adolescent son. Coates shares with his son the story of his own awakening to the truth about history and race through a series of revelatory experiences: immersion in nationalist mythology as a child; engagement with history, poetry and love at Howard University; travels to Civil War battlefields and the South Side of Chicago; a journey to France that reorients his sense of the world; and pilgrimages to the homes of mothers whose children's lives have been taken as American plunder. Taken together, these stories map a winding path towards a kind of liberation—a journey from fear and confusion, to a full and honest understanding of the world as it is. Masterfully woven from lyrical personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* offers a powerful new framework for understanding America's history and current crisis, and a transcendent vision for a way forward. Ta-Nehisi Coates is a national correspondent for the *Atlantic* and the author of the memoir *The Beautiful Struggle*. Coates has received the National Magazine Award, the Hillman Prize for Opinion and Analysis Journalism, and the George Polk Award for his *Atlantic* cover story 'The Case for Reparations'. He lives in New York with his wife and son. 'Coates offers this eloquent memoir as a letter to his teenage son, bearing witness to his own experiences and conveying passionate hopes for his son's life...this moving, potent testament might have been titled *Black Lives Matter*.' Kirkus Reviews 'I've been wondering who might fill the intellectual void that plagued me after James Baldwin died. Clearly it is Ta-Nehisi Coates. The language of *Between the World and Me*, like Coates' journey, is visceral, eloquent and beautifully redemptive. And its examination of the hazards and hopes of black male life is as profound as it is revelatory. This is required reading.' Toni Morrison 'Extraordinary...Ta-Nehisi Coates...writes an impassioned letter to his teenage son—a

*letter both loving and full of a parent's dread—counselling him on the history of American violence against the black body, the young African-American's extreme vulnerability to wrongful arrest, police violence, and disproportionate incarceration.' David Remnick, New Yorker 'A searing meditation on what it means to be black in America today...as compelling a portrait of a father-son relationship as Martin Amis's Experience or Geoffrey Wolff's The Duke of Deception.' New York Times 'Coates possesses a profoundly empathetic imagination and a tough intellect...Coates speaks to America, but Australia has reason to listen.' Monthly 'Heartbreaking, confronting, it draws power from understatement in dealing with race in America and the endless wrong-headed concept that whites are somehow entitled to subjugate everyone else.' Capital 'In our current global landscape it's an essential perspective, regardless of your standpoint.' Paperboy 'Impactful and poignant.' Reading With Jenna*

BLACK HISTORY EXTRAVAGANZA honoring Dr. Ben-Jochannan is a labor of love for someone intimately associated with the master teacher for some 40 years as student, traveling companion, mentee and friend. In repayment, this effort to help acknowledge and sustain his name, life's work and historical and philosophic outlook is necessary so the younger generation know of the enormous intellectual light this extraordinary scholar represented in those extremely challenging social and intellectual times of the last half century. As the systematic onslaught against the African (Black) personality continued, one particular scholar, lecturer, historian, publisher, archaeologist and tour guide to Egypt stood unmoved and unrelenting in defense of an entire people's history, culture and spiritual well-being. In this, Dr. Ben took on all disparaging comers as he educated and nurtured intellectual "cubs" becoming equipped to challenge historical distortion and omission manifested from the false mantle of global white supremacy. To accomplish the enormous task, Dr. Ben wrote, innovated self-publishing, lectured, and took students to museums and to Egypt pointing out contradictions between the Existential Data and the symbolic Representation of ancient Egypt. Table of Contents, viz., Introduction; The Awesome Egyptian Temple; Who were the Ancient Egyptians;? The Archaeology of Egypt; The Art of Ancient Egypt; Architecture of Ancient Egypt; The Religion of Ancient Egypt; and the History of Egypt, Dr. Ben made a substantial impact while educating students as to the utility and benefits of studying the illustrious African past, emphasizing they accentuate the positive and reject negative aspects of that memorable experience. Like the many intellectual lights, "warrior scholars," of his age, viz., Dr. John

Henrik Clarke, Ivan Van Sertima, Leonard James, Carter G. Woodson, Benjamin Carruthers, J.A. Rogers, Jitu Weusi, Leonard Jeffries, among others, Dr. Ben subscribed to one unmistakable academic admonition pursuing excellence, "Publish or Perish." This continuum of praise (Celebrating Dr. Yosef Ben-Jochannan), *Black History Extravaganza* seeks a starting point for readers, young and old to delve deep and drink from the remarkable fountain represented in fields of study which engaged the great scholar for more than half-a-century.

In this collection of essays, interviews, visual art, and artist statements on topics ranging from music and dance to Black Twitter and the NBA's dress code, the contributors consider what culture and Blackness mean in the twenty-first century's digital consumer economy.

To date, no book has systematically examined the theological writings of LGBT people of color. Nor has any book explored how such writings might actually transform contemporary theological reflections on race and sexuality. This book remedies these gaps by constructing a rainbow theology around the theme of bridging or mediation. *Rainbow Theology* is the first book to reflect upon the theological significance of the intersections of race and queer sexuality across multiple ethnic and cultural groups. This is particularly important in light of the current polarizing debates over issues of race, sexuality, and religion within churches and communities of faith around the world.

An exemplary team of professionals provides a comprehensive look at sex education, the heated debate over federal controls, current research and practice, programs, politics, legislation, and cultural and religious issues related to sex and sexuality education. •

Since the Gilded Age, social scientists, middle-class reformers, and writers have left the comforts of their offices to "pass" as steel workers, coal miners, assembly-line laborers, waitresses, hoboes, and other working and poor people in an attempt to

gain a fuller and more authentic understanding of the lives of the working class and the poor. In this first, sweeping study of undercover investigations of work and poverty in America, award-winning historian Mark Pittenger examines how intellectuals were shaped by their experiences with the poor, and how despite their sympathy toward working-class people, they unintentionally helped to develop the contemporary concept of a degraded and "other" American underclass. While contributing to our understanding of the history of American social thought, *Class Unknown* offers a new perspective on contemporary debates over how we understand and represent our own society and its class divisions.

Across the realms of multimedia production, information design, web development, and usability, certain truisms are apparent. Like an *Art of War* for design, this slim volume contains guidance, inspiration, and reassurance for all those who labor with the user in mind. If you work on the web, in print, or in film or video, this book can help. If you know someone working on the creative arena, this makes a great gift. Funny, too.

Xine Yao explores the racial and sexual politics of unfeeling--affects such as coldness, insensitivity and sexual frigidity that are not recognized as feeling--as a means of survival and refusal for people of color and queer people in nineteenth-century America.

"Contributors look at the writers and their works from a feminist-womanist perspective, and address issues relating to race, class, and gender. Topical entries, e.g., "Work," "Protest Tradition," "Religion," "The Use of Myth," and "Memory," provide a rich context for the literature."--Choice review.
