Ukiyo-e: 139 reproductions, grouped by artist, each accompanied by a detailed commentary This volume reproduces 139 Japanese woodblock colour prints by 43 famous masters of ukiyo-e, the popular art of the 17th to the 19th century. The originals are in the Riccar Art Museum in Tokyo, the world's largest and most celebrated collection of such prints. On account of their rarity and value, 87 of them have been designated Japanese National Treasures or Major National Cultural Heritage Items. The introductory essay, "Ukiyo-e - Origins and History", by the Curator of the Riccar Art Museum, Mitsunobu Sato, familiarizes the reader with the history of this art form. This is followed by the chapter "Cherry - Wood - Blossom", in which Thomas Zacharias, Professor at the Munich Academy of Art examines the technique, content and style of Japanese prints and their influence on European art at the turn of the century. The major section of the book consists of the 139 reproductions, grouped by artist, each accompanied by a detailed, sensitive commentary. Street scenes, lovers' trysts, festivals, portraits of courtesans and actors, landscapes and travelogues - these are the motifs of the ukiyo-e print. The dominant theme, however, is woman's beauty, the grace of her posture and attitudes, and the decorative aesthetics of her flowing garments. Amongst the most celebrated of the artists featured here are Utamaro, with his beautiful courtesans and geishas; Sharaku, with his portraits of actors on the kabuki stage; Hokusai, with his landscapes, among them the "36 Views of Mount Fuji"; and Hiroshige, with his "53 Stations on the Tokaido" and his "100 Views of Famous Places in and around Edo". The ten-page appendix includes a glossary of technical terms and biographies of all 43 artists.

Presents projects, including cards, an embellished journal and tote, and decorative wall pieces; offers step-by-step photographs of the essentials; and showcases the author's signature designs that readers can use.

"Learn to create high-quality prints for art prints, posters, signs, invitations, greeting cards, gift wrap, fabric, and more. This book will teach you everything you need to know to get started in block printing: selecting tools, paper, and ink; carving both linoleum and wood; and printing by hand in one color or more to achieve professional results. Includes expert tips on registering, editioning [sic], and tearing down paper and an annotated gallery of finished prints featuring the artist's comments" --Cover, p. 4.

This is a book for low budgets and high ambition. Read it and you will learn how to put images of things onto other things. You will start by rolling up your sleeves. Your shirt will be stained anyways. At some point, you will harness the power of the sun. Go ahead, look inside. You will see that you do not need a fancy studio to print a T-shirt or a picnic blanket. There is no specialized machine required to print anything you want in any room you want. A mural, a dartboard, a deck of cards, these are all possible. In a week or a month, you will wake up to find you know words like acetate and substrate. You will be comfortable talking about ink and shopping at military supply stores. Perhaps most important of all, you will be printing images of things onto other things.

Celebrate the diverse work of people of color in the craft community and explore the personal, political, and creative potential of textile arts and crafts. In early 2019, the craft community experienced a reckoning when crafters of color began sharing personal stories about exclusion and racial injustice in their field, pointing out the inequity and lack of visible diversity within the crafting world. Author Jen Hewett, who is one of a few prominent women of color in the fiber crafts community, now brings together this book as a direct response to the need to highlight the diverse voices of artists working in fiber arts and crafts. Weaving together interviews, first-person essays, and artist profiles, This Long Thread explores the work and contributions of people of color across the fiber arts and crafts community, representing a wide spectrum of race, age, region, cultural identity, education, and economic class. These conversations explore techniques and materials, belonging, identity, pride of place, cultural misappropriation, privilege, the value (or undervaluing) of craft, community support structures, recognition or exclusion, intergenerational dialogue, and much more. Be inspired by the work and stories of innovative people of color who are making exceptional contributions to the world of craft. The diverse range of textile artists and craftspeople featured include knitters, quilters, sewers, weavers, and more who are making inspiring and innovative work, yet who are often overlooked by mainstream media.

A talented designer explains how to create a wide variety of unusual and innovative hand-printed fabrics, furnishings, accessories, and paper crafts by using stencils, master stamps, and screen printing, using step-by-step instructions to teach crafters the fundamentals of hand printing and offering an array of ingenious projects, from screen-printed bed linens to stationery.

Block Printed Textiles of India: Imprints of Culture describes how one of the subcontinent's foremost crafts has created a visual identity in India and has also been a significant source of revenue through centuries of international trade. Block prints are integral to both caste dress and modern urban style and have become a perennial favorite with Indian designers and in the global fashion market. Contemporary production and use of block prints is explained, and the social and historical roots of the craft are outlined in the book. These textiles embody richly diverse histories shaped by trade, conquest and colonization, technological innovation and entrepreneurship. The book reflects the author's extensive field research over twenty-four years - working with block printers, block makers, dye producers, entrepreneurs, designers, government agencies, and non-governmental organizations, in museums and with private collections in India. The lavish illustration details the evolution of an ancient culture and craft. Contents: Historical Outline of Block Printing in India -Technology, Trade and Revival; Contemporary block printing in India -Tradition, Revival and Globalisation; Contemporary Trade - Merchants, Entrepreneurs and Designers; Block making; Natural Resources - Fibers, Fabrics and Dyestuffs; Sustaining the Craft-Recent Initiatives; Indian Block Prints in Museums.
