Performance) appeared in 1974, it was immediately a huge publishing hit, reviewed by some of the most influential art historians and writers (Giulio C. Argan, Edoardo Sanguineti, Max Kozloff, Lucy Lippard, François Pluchart, Peter Gorsen, Evelyn Weiss and many others).

Lea Vergine, Body Art and Performance: The Body as

...

So far, this book is amazing. I knew I liked Amelia Jones from a few articles of hers I had read

on the same topic. She is just incredibly smart and insightful in debunking much theory that has come before her and answering to the predominant writing on body / performance art by Peggy Phelan and others.

Body Art/Performing the Subject by Amelia Jones

The most significant flourishing of performance art took place following the decline of modernism and Abstract Expressionism in the 1960s, and it found exponents across the world. Performance art of

this period was particularly focused on the body, and is often referred to as Body art. This reflects the period's so-called "dematerialization of the art object," and the flight from traditional media.

Performance Art Movement Overview | TheArtStory

The body artists were a loose group - mostly categorized as a group by critics and art historians - which developed early within the Performance Art movement. The larger movement's main impetus was to evolve definitions of

art to include situations in which time, space, the artist's presence, and the relationship between artist and viewer constituted an artwork.

Body Art Movement

Overview | TheArtStory

Body art was rejected in the 1970s extends from Marxian distrust of art forms that 'elicit pleasure, that seduce rather than repel viewers', which basically means that female body art and performance art elicits pleasure and seduces the viewer, and fetishises the female body.

Performance Art Pieces

The development of performance art is closely connected with the articulation of feminist issues. Artists such as Carolee Schneemann, Barbara T. Smith, Eleanor Antin, and Harmony Hammond in the U.S. utilized the most contested but most readily available material—their own bodies—to enter the political arena.

BODY PAINTING 2019 NEW YORK CITY - YouTube

Provocatively argued and elegantly expressed, *Body Art/Performing the Subject* is a must-read for those interested in the debates over embodiment, subjectivity, performance, feminism, and theories of identity. The intensity of Jones's writing is the heat--and the cool--of a philosophical motion.

**Body Art/Performing the Subject: Jones, Amelia ...
The 1970s also saw the heyday of "Body Art" (an**

offshoot of Performance Art), which began in the 1960s. In Body Art, the artist's own flesh (or the flesh of others) is the canvas. Body Art can range from covering volunteers with blue paint and then having them writhe on a canvas, to self-mutilation in front of an audience.

Performance art is an artwork or art exhibition created through actions executed by the artist or other participants. It may be live, through documentation, spontaneously or written, presented to a public in a Fine Arts context, traditionally interdisciplinary. Also known as artistic action, it has been developed through the years as a genre of its own in which art is presented live.
