Gabriel Spencer is a Detroit beat cop determined to make detective by any means possible, and putting an end to a mysterious string of murders looks like the quickest way to accomplish that goal. Prostitutes and escorts, drained of blood, bodies abandoned in ditches, playgrounds, and Dumpsters... It all reeks of a similar spate of killings from decades past, and no one but Gabriel seems to see the connection. Modern crimes, however, can sometimes have ancient origins, and unfortunately for Gabriel, he fails to account for the real culprit- or the thought that perhaps he isn't the only one on the hunt for a killer. A vampiric crime thriller tinged with romance, horror, and intense world-building, Letifer serves as a standalone novel in The Dark Vagaries series.

The line between love and hate has never been so thin, and Blake and Sebastian return in this sequel with bottled-up hurt that somehow just brings them even closer. Sebastian was right. I was a coward. I ran my closeted tail all the way back to Georgia. Once I got there, I had no place left to hide. My life imploded. But when I was welcome nowhere, I still had to go somewhere. I could barely look my sister in the eye, facing Sebastian didn't even exist on my radar, and I was prepared for my brother-in-law's protective hostility. I just didn't have a choice. For once in my life, I wanted redemption. I wanted to belong somewhere, and I was ready to work for it. Sebastian was the exception-hard no. I might have screwed up royally, but he wasn't so damn innocent. He'd hurt me too, and he better not push me. In fact, it was best we avoided each other altogether. So it didn't make a lick of sense for me to seek him out to provoke a reaction. This story takes place in Cara Dee's Camassia Cove Universe, a fictional town where all books stand on their own, unless otherwise stated, and the reader can jump in wherever they want.

There isn't much Detective Louis "Lou" P. Garou needs to get himself through a long day of investigating violent supernatural homicides: a good lunch, a cut-and-dried case, and a few breaks to chase a new high score on his mobile games. That's all he could ever ask for. But when his latest case brings with it a curve ball of the Unseelie variety, he finds himself saddled with an independent magical consultant infamous for being difficult. He's known for a while that fae magic-specifically Unseelie magic-may just be the bane of his entire existence. But the magic's owner? Well, somehow, he manages to be worse.

A Solstice broken. A lover more lost than ever. King Ruari of the Seelie Court is faced with the seemingly insurmountable challenge of balancing his duty with his happiness, and the stakes have never been higher. With Corbet now holding the Unseelie throne and acting as cold as ice, the struggle to keep the barrier standing becomes all the more challenging when Ruari notices a change in his once-lover setting in, threatening to take Corbet to a place where not even Ruari could follow. This time, the enemy may be of Ruari's own making.

When Khouri journeyed to the surface with Sorin at his side, he anticipated adventures, excitement, and the chance to see things he'd never before dreamed of seeing. The ocean, the beach, and the pleasures to be had in Sorin's childhood home prove to be exactly the sort of distraction he needs from the homesickness that follows him wherever he goes. Navidae is never far from his mind, a fact that becomes almost a little too apparent when his lover continues to send letters with a frequency they hadn't planned on. As Khouri attempts to enjoy his oceanside vacation with Sorin and Sorin's family, the pervasive worry that something isn't quite right back at home continues to grow, coming to a head when a familiar messenger appears with orders to bring Khouri back to the Duskriven by any means necessary. Mistakes of the past have a way of resurfacing, no matter how deeply they're buried. The politics of the Duskriven have come full circle, threatening Navidae and everything he holds dear. The enemy this time isn't someone who can just be assuaged by threats or bribes, and as the danger mounts, Navidae's desperation rises with it. Khouri and his lovers face their new adversary--first alone, and then with each other, proving that even though the words may come slowly to some of them, forgiveness, apologies, and confessions are expressions best said aloud. Khouri Lucifin lived a pampered life beneath the earth in the Duskriven. He had a noble-born lover who tended to his every need, and a place to belong in a city that wasn't kind to half-Drow. But, a bird in a gilded cage is still a bird in a cage, and when he saw the opportunity to escape before him, he grasped it with eager hands. From humans who want to kill him to Sorin, the gruff, surly bounty hunter he hired to protect him, Khouri finds that navigating the pitfalls of surface life isn't as easy as he had hoped it to be. Sorin is just plain rude, but he has his charms and good moments, and when he agrees to train Khouri in the art of bounty hunting, their travels turn more heated than Sorin ever intended them to become. But when Khouri realizes that Navidae, his Drow lover from the Duskriven, has placed a bounty on his head in hopes of bringing him back to their bed one way or another, Khouri is met with the challenge of balancing his old lover with his newfound partner, and all that may yet lie unspoken between himself and Sorin. Betrayal, heartache, and working through a half-century's old romance of dominance and submission are more than daunting. Balancing Sorin's possessive nature with Navidae's long-held claim is even more so. Khouri, though, is up to the challenge. Because when it all comes down to it, why can't a Drow have both?

Emily Riddle has lived her entire life inside a patriarchal commune led by her father. There are many rules, but the most important one, 'keep it in the commune', is the most difficult for her to follow... especially since the only people willing to champion her cause live on the outside. When Emily learns her father has promised her to Lorenzo, a perverted man who has plans for her that extend well beyond marriage and kids, she rebels. Regardless of the consequences, she refuses to marry someone who'd rather beat her than caress her. A day of hooky that starts out as a tiny act of defiance - sneaking out of the commune for a swim - turns into a day filled with hope. After spending time with Levi, a man camping near the lake, she finds what true romance looks like and catches a glimpse into a future that's filled with love and admiration rather than hate and submission. That tiny peek is enough to change the course of Emily's existence and makes it nearly impossible for her to go back to the commune and pretend she'll ever be able to tolerate the life chosen for her instead of the life she longs for. One that includes Levi. Fighting to escape the commune, its leaders, and her fiance proves to be more dangerous than Emily expected. The secrets she knows, as the leader's daughter, will either follow her to the grave or send her - and Levi - there.

Dealing with Drow nobility had never been Khouri Lucifin's strong suit. Strange, entitled, overwhelming, untrustworthy- There was no end to their unsavory habits, and when one was a street dwelling, half-Drow thief, dealing with them was a risk that didn't need to be taken. But when Khouri is contacted by a noble wishing to hire him for a mysterious job, he finds the promise of wealth untold too enticing to refuse. There's just one catch. The job in question doesn't call for the skills of a thief, but those of an assassin, and the target isn't just any Drow, but a noble by the name of Lord Navidae Marrowick. Risk follows Khouri when he accepts. Marrowick, he finds, is far harder to kill than first expected, and far more pervasive than his employer had led him to believe. Navidae has everything Khouri doesn't, and when he catches Khouri mid-assassination, he responds in a way Khouri simply has no defense against. Succumbing to his mark's charms is easy, but dealing with the fallout is something Khouri never anticipated. Dominance, submission, deception, and violence- Just another day in the Duskriven, and this time Khouri is determined to get what he wants, nobility be damned.
