chapter 2 and chapter 4 of the Industrial Emissions Directive apply the Environment Agency is the regulator a Part A1 permit issued under section 5.1, part A1(b) of schedule 1, part 2 of the ...

Environmental permitting guidance: waste incineration - GOV.UK

Most ecosystems can probably adjust to climate change up to a point, but other stressors (like the other issues mentioned here) limit this adaptation ability, especially in places that have lost a number of species already. Particularly sensitive are mountain tops, prairie potholes, the Arctic, and coral reefs.
