The Guidelines team has produced the following directory of COVID-19 information and guidance for primary care. Included on this page is a collection of key guidance and advice ...

Guidelines - summarising clinical

Online Library Clinical Guideline Format

guidelines for primary care

Although internal guidelines may need fewer resources and may be more likely to be adopted into clinical practice because of local ownership,^{3, 4} local groups may not have the skills required for guideline development.⁵ An alternative is the development of guidelines at regional or national levels and subsequent modification to suit local circumstances.^{5, 6} Guideline development has 4 stages.
