This book is designed to help you to become psychic readers, with a deeper understanding of spirit world. We are powerful beings, our psychic abilities come in many forms and start with hunches, gut feelings, visions, premonitions and thoughts. We have access to other realms and we can uncover the hidden mysteries of life. We are challenged to develop our instinct for prophecy and to work on building our clairvoyance, clairsentience and knowing. The ability to read the vibrations placed in an object by your friend, family member or client Would you like to be able to read a beautiful flower chosen by the enquirer? Pick up a set of keys or a piece of jewellery and tune into messages from spirit world? Hold a unique shell or many other objects and let your mind flow into information about possible romance, career prospects, holidays, new love or spiritual advancement? Through meditation and spiritual exercises you will connect with your inner guide or higher-self You are encouraged to open your awareness, and accept the unexpected answers to your questions which at first will come randomly into your mind. Your abilities will become more of your everyday life as you accept that you really are psychic and developing your intuition becomes both a pleasure and an exciting adventure as you enter into the unknown realms of your mind. It's your gift, learn how to enhance it."

Psychic Development Simplified is a complete guidebook to psychic development. With it, you can learn psychic abilities for real. Start with meditation, affirmations and emotional healing; learn about Chi and psychic energies; practice psychic self-defense, and learn energy manipulation; master psychic readings, psychometry, psychic healing, telekinesis, remote viewing and much more! Book's author, Nathaniel, a professional psychic, have put together knowledge from different parts of the world, and simplified it, so anyone can unleash his or hers psychic potential! Below are reviews of readers: "Psychic Development Simplified is an amazing source of information. I learned a few tips and tricks even I hadn't known! Nathan has done a fantastic job compiling information and making it understandable for everyone! I highly recommend it to others!" - J.V. Krakowski, psychic teacher. "Interested a book on psychic development that's different from all of the rest? Try Nathan's new e-book, Psychic Development Simplified and you won't be disappointed. (...) As a professional intuitive, I found myself nodding my head along with him in the "How To" do a psychic reading section. (...) I found myself puzzling over them somewhat not only as I was learning some new things, but also as I recognized that there were a number of things I do automatically in a reading that I didn't really learn anywhere that Nathan puts a name to and teaches you how to do - invaluable. (...) Nathan uses easy to understand "everyday" analogies to explain complex topics. He is straightforward and calls it like he sees it. You can trust his judgement when he gives you advice on how to think about the process and not to overwhelm or overload yourself, but instead to take it easy and at your own pace. Some of the advice he gives in snippets thrown out here and there are simply priceless and will resonate with everyone, no matter what your intuitive style or belief system. (...) It is dense, extensively informative, and something that I would liken to a Psychic Encyclopedia. My take on this is that it could in itself be considered a fairly comprehensive course. The perspective is unique, and just different enough to make even a seasoned psychic or intuitive reconsider their position on some things." - Julie Barrett, professional psychic intuitive. "(...) I had the good fortune of being able to read "Psychic Development Simplified" and am so glad I did. I was a little daunted at first by the number of pages, but once I settled in to read, it was hard to put it down. It is exactly as the title states - simplified. One of the best pieces of information I learned was that not everyone has the same gifts, but you have the ability to learn others. Before I started reading, I had visions in my head about turban wearing shrunken ladies with long fingernails and a crystal ball; I was extremely happy to find out this is not a realistic thought and true psychics are every day people with every day lives. Another great point about this book are the theories that are discussed in full detail before each practical activity. I like a little knowledge and/or history before I dive into something and that is exactly what Nathan provided. The practical exercises were easy to understand and attempt throughout the entire book. I'm so thankful for my new knowledge that I can't wait to re-read and continue practicing. I would highly recommend this for all levels of learning and practicing psychics." - Jennifer, a psychic in training. Get your copy today, and unleash your psychic potential!

Everyone possesses some sort of psychic powers. Some people's psychic abilities are more pronounced and developed than others. Nonetheless, we all have psychic potential, but it is up to the individual to recognize and develop this immense innate ability. There are people who are already aware of some of their psychic abilities like for example ESP, clairvoyance, channeling as well as others and have tapped into these abilities and have fully embraced the concept of having psychic powers. On the other hand there are those who are not aware of the innate psychic abilities that they possess or are truly skeptical of the actual concept. One of the main reasons for this skepticism is that there are a lot of myths and misinformation floating out there in the world today on the subject of being "psychic". In his book entitled Psychic Powers: How to Find and Develop Your Inner Psychic Abilities author David Green addresses those myths and misinformation by giving you a clear understanding of what it truly means to be "psychic" and how to identify and develop the psychic abilities in you. You will learn about the common psychic abilities such as: • Aura reading • Clairvoyance • Divination • Extrasensory perception (ESP) • Mediumship (also known as channeling) • Precognition • Psychometry • RetrocognitionYou will also learn step by step how to develop your psychic abilities and how to use them to tap into the metaphysical world that's around us.

Putting his many years of research into a single volume, Hereward Carrington presents readers with a self-help guide for increasing their psychic abilities. Everyone who has experienced psychic phenomena, he says, wants to know how they can develop such powers on their own. And in this book, first published in 1920, he gives them their answers. As the path of development differs for each kind of medium, he has provided instruction on a variety of abilities, including automatic writing and clairvoyance. Serious students of the paranormal as well as those interested purely for entertainment value will find this book a helpful reference. British investigator of psychic phenomenon HERWARD CARRINGTON (1880-1958) was a member of the Society for Psychical Research and wrote many books on the paranormal. Despite many of his most convincing cases being shown to be frauds, he continued to study claims of psychic power and established a research society in the United States in 1921. Some of his most famous works include Eusapia Paladino and Her Phenomena (1909) and Psychical Phenomena and the War (1918).

We all have it in us to be psychic. Although some are more sensitive than others, we can all learn how to release our potential with the help of the simple techniques and straightforward exercises that Billy Roberts has created, developed and refined in extensive workshops. Many of his methods are based on Eastern and metaphysical traditions, adapted so that they will appeal to those with a secular outlook, as well as to the more spiritual student - for whom the development of psychic abilities creates a greater realisation of the soul and its independence of the body. Psychic powers are, broadly speaking, those abilities for which contemporary science has no explanation. Clairvoyance, healing, precognition telepathy and mediumship are all examples of psychic abilities. These are skills which helped our prehistoric forebears communicate before the advent of speech. Psychic development is, therefore, not so much a case of receiving knowledge as of remembering what we have long since forgotten.

Providing an introduction to the theory and practical basics of spiritual and psychic development, this book includes a number of relevant exercises.
